family of six many years ago at a very young age when butter If you could afford it was wrapped in paper margarine didn't exist groceries came from the shop in bulk wrapped by the shopkeeper in brown paper butchers paper or tissue paper which were later cut into squares and placed on a nail in the outside dunny Plastic supermarket bags were unheard of in fact supermarkets were unheard of I can remember the sides of bacon hanging from a hook on the ceiling and the shopkeeper used a long stick with a hook on the end to get them down to cut the bacon off in a slicing machine Clem was born before television faxes polio shots penicillin frozen foods photocopiers plastic contact lenses fibre optic cable and the pill Before credit cards split atoms Radar laser beams and ball point pens Before dishwashers pantyhose clothes dryers micro wave ovens electric blankets air conditioners play stations Nintendo x boxes no video at all and definitely no 100 channels on cable TV and before man walked on the moon We got married first and then we lived together We made do with what we had and we were the last generation who were naive enough to think you needed a wife to have a baby How quaint can you be In our time closets were for clothes not coming out of Bunnies were small rabbits not big girls And lemons were pieces of fruit not dud cars Designer Jeans were scheming girls named Jean and having a meaningful relationship meant getting along with your cousins Fast food was what you ate during Lent And outer space was the back of the outdoor dunny Before Day care Centres group therapy and suntan parlours Well before we heard of FM radio Tape decks VCR s electronic typewriters Heart transplants word processors personal computers mobile phones yoghurt and guys wearing earrings Time sharing meant togetherness We always had plenty of friends We went out side and found them We played cricket football chases and some time it really hurt We fell out of trees fell over got cut broke bones chipped teeth and best of all there were no lawsuits from any of our accidents simply because it was our own stupid fault and nobody was to blame but us A chip was a piece of wood Hardware meant hammers and nails and software wasn't even a word Grass was mown coke was a cold drink and pot was something you cooked in Rock music was a grandma's lullaby and aids were helpers in the headmaster's office Way back in those early days we were lucky to survive Our baby cribs were covered in brightly coloured in lead based paint There were no childproof lids on medicine bottles doors or cabinet s and when we rode our bikes we had no helmets to wear not to mention the risks we took when hitchhiking When we were children we rode in cars without seat belts or air bags Riding in the back of an old Ute on a warm day was always a special treat In those days we drank water from the garden hose and not from a bottle We ate cakes bread and butter and drank cordial with sugar in it but we were very seldom over weight because we were always outside running around and playing We shared cordial with all our friends from the same bottle and nobody actually died from this We would spend hours and hours making Billy carts out of any old scraps we managed to find around the place then race down the hill only to find that we did not have any brakes to stop After running into the scrub a few times we managed to over come that problem We would leave home in the early hours of the morning and play all day as long as we were home when the streetlights came on No body really knew where we were all day There were no such things as

electronic calculators that fitted inside your pocket they did addition on their fingers To subtract they had some of their fingers amputated Wouldn't be nice to be back there again My family was so poor my mother Jesus: pocket GIANTS Ed Kessler, 2016-11-02 Why is Jesus a giant Because he was the founder of Christianity the largest religion in the world with 2 billion adherents because Christianity is one of the five great religions of the world with followers in every country on the planet and a history stretching back two thousand years because there remains great interest in the teaching of Jesus his personality and his life The origins of a great religion which has filled so immense a place in the history of the world must surely be of interest to everyone *A pocket expositor of the New Testament. Second edition* Thomas KEYWORTH (One of the Authors of Principia Hebraica.), 1835 *The Power of Parables*, 2023-11-07 The Power of Parables documents the surprising ways in which Jewish and Christian parables bridge religion with daily life This 2019 conference volume rediscovers the original power of parables to shock and affect their audience which has since been reduced by centuries of preaching and repetition Not only do parables enhance the perspective on Scripture or the kingdom of heaven they also change the sensory regime of the audience in perceiving the outer world The theological differences in their applications appear secondary in view of their powerful rhetoric and suggest a shared genre The Christian Preachers' Pocket Companion, Comprising Select Essays on the Work of the Ministry ... Anecdotes of Eminent Preachers, with Original Skeletons of Sermons Jabez Burns, 1846 **The Parables of Our Lord** William Arnot, 1865 **The pocket paragraph Bible**, 1877 **The Parables** Douglas D. Webster, 2021-03-30 A comprehensive study of Jesus's parables that emphasizes personal reflection and application Jesus's parables used familiar situations to convey deep spiritual truths in ways that are provocative and subversive of the status quo Prayerfulness was pictured by a persistent widow The joy of salvation in the homecoming of a lost son Love of neighbor by a marginalized Samaritan If we're not careful we can easily miss details in the parables that reveal their subtle meanings as well as their contemporary relevance Drawing on scholarship on the parables as well as theological pastoral and practical insights Douglas Webster guides the reader through each of Jesus's parables pointing out the important nuances that allow us to understand them and be transformed by them Reflection questions at the end of each chapter can be used for personal or group study and an appendix for pastors provides guidance for preaching the parables Pastors Bible teachers and serious students of Scripture will find this tour through Jesus's parabolic teaching to be a feast for both the mind and the soul **The Hidden Parables** Todd Michael, 2008-09-04 The secret and empowering messages contained within Christ's thirty parables an astonishing and practical blueprint for the life you are destined for In The Hidden Parables Dr Todd Michael unveils a hidden layer of meaning within the thirty enigmatic parables spoken by Christ that shows that the parables are not a random collection of stories but a unified system of knowledge This integrated system of knowledge describes how to use the spiritual law of thought forms of controlled intentions to create more beneficial more miraculous circumstances in our personal lives The information it presents is clear and very useful Moreover

this system bears an uncanny symmetry with many of today's leading edge ideas from quantum physics In *The Hidden Parables* the parables are meticulously retranslated retaining the expressiveness of the original Greek and giving the reader a literal understanding of the words of Jesus Those aspects of Christ's words that are sometimes considered confounding are freshly revealed for their penetrating insights into human existence and for the hands on methodology they provide for a greater self understanding and for leading a more fulfilling life Victorian Parables Susan E. Colon,2012-02-09 The familiar stories of the good Samaritan the prodigal son and Lazarus and the rich man were part of the cultural currency in the nineteenth century and Victorian authors drew upon the figures and plots of biblical parables for a variety of authoritative interpretive and subversive effects However scholars of parables in literature have often overlooked the 19th century novel assuming that realism bears no relation to the subversive iconoclastic genre of parable In this book Susan E. Colon shows that authors such as Charles Dickens Margaret Oliphant and Charlotte Yonge appreciated the power of parables to deliver an ethical charge that was as unexpected as it was disruptive to conventional moral ideas Against the common assumption that the genres of realism and parable are polar opposites this study explores how Victorian novels despite their length verisimilitude and multi plot complexity can become parables in ways that imitate interpret and challenge their biblical sources **Jesus' Parables about Priorities** James W. Gila Safran Naveh carefully charts the historical transformation of these deceptively simple narratives to reveal fundamental shifts in their form function and most significantly their readers cognitive processes Bringing together for the first time parables from the Scriptures the synoptic Gospels Chassidic tales and medieval philosophy with the mashal the rabbinic parables commonly used to interpret Scripture this book brilliantly contrasts the rhetorical strategies of ancient parables with more recent examples of the genre by Kafka Borges Calvino and Agnon By using an interdisciplinary approach and insights from current semiotic linguistic psychoanalytic and gender theories Naveh reveals a dramatic social cultural and political shift in the way we view the divine
