Poetics Of Quotation In The European Novel:

The Poetics of Quotation in the European Novel Herman Meyer, 2015-12-08 This work which has had a pronounced impact on European literary scholarship since its publication in 1961 represents a new and imaginative approach to the history and poetics of the novel Emil Staiger dean of Swiss critics describes Professor Meyer as a literary historian who has a sense for the mixture of seriousness and playfulness in literature who can talk seriously about the play and ironically about the seriousness who has at his disposal the most thorough knowledge and never becomes ponderous writes easily and gracefully The art of quoting is traced in Rabelais Cervantes and Sterne followed by the development of these techniques in six major novelists from Wieland to Thomas Mann Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Poetics of Quotation in the European Novel* Herman Meyer, *The poetics of quotation in the European novel, by H. Meyer,* tr Herman Meyer, *The Poetics of Quotation in the European Novel. Translated by Theodore and Yetta Ziolkowski* Herman Meyer, 1968 *The Poetics of Quotation in the European Novel ... Translated by Theodore and Yetta Ziolkowski* Herman MEYER (Doctor in de Letteren en Wijsbegeerte.), Theodore Ziolkowski, Yetta ZIOLKOWSKI, 1968 *Quotation and Modern American Poetry* Elizabeth Gregory, 1996-07 In this volume Elizabeth Gregory addresses a number of key issues surrounding the formation of the American poetic canon Taking as her primary examples T S Eliot's *Waste Land* William Carlos Williams Paterson and selected poems by Marianne Moore she examines the ways in which modern American writers struggled with questions of literary authority and cultural identity in relation to pre-existing European models Gregory focuses on these issues through analysis of the use of quotation in modern and postmodern literature a practice that was strikingly divergent from the accepted use of literary allusion Her introduction traces a history of quotation as it has been practiced in literature from classical to modern times She then focuses on the texts of Eliot Williams and Moore three central figures of American modernism whose work the author believes represents a spectrum of responses to the established European model of poetical discourse Gregory's selection of Moore also allows her to deal with feminist concerns as they emerge in the more general modernist dialogue How was a female writer to make use of a literary canon that traditionally excluded female participation The implications of Gregory's argument will surely be of especial interest to feminist scholars of American poetry Lois Parkinson Zamora University of Houston *Byron, Poetics and History* Jane Stabler, 2002-12-05 Jane Stabler offers the first full scale examination of Byron's poetic form in relation to historical debates of his time Responding to recent studies of publishing and audiences in the Romantic period Stabler argues that Byron's poetics developed in response to

contemporary cultural history and his reception by the English reading public Drawing on extensive new archive research into Byron's correspondence and reading Stabler traces the complexity of the intertextual dialogues that run through his work For example Stabler analyses Don Juan alongside Galignani's Messenger Byron's principal source of news about British politics while in Italy and refers to hitherto unpublished letters between Byron's publishers and his friends to reveal a powerful impulse among his contemporaries to direct his controversial poetic style to their own conflicting political ends This fascinating study will be of interest to Byronists and more broadly to scholars of Romanticism in general **Winged Words:**

Reading Texts, Reading Lives Daniel Morris, Helen Maxson, 2012-06-14 Our culture attempts to separate competing ideological factions by denying relationships between multiple perspectives and influences outside of one's own narrow interpretive community. The distinguished essayists in this volume find Daniel R. Schwarz's pluralistic self-questioning approach to what he calls reading texts and reading lives quite relevant to the current historical moment and political situation. A legendary scholar of modernist literature, Schwarz's critical principles are a healthy corrective to cultural hubris. The essayists treat works ranging from fictions by Joyce, Conrad, Morrison, and Woolf to the poetry of Yeats to Holocaust literature to the environmental writings of Wendell Berry to the photographs of Lee Friedlander. The authors focus on different works but they follow Schwarz in stressing formal elements most often associated with traditional realism while keeping an eye on historical and author-centered approaches. The essayists also follow Schwarz in their emphasis on narrative cohesion and in how they look for signs of agency among characters who possess the will to alter their fate even in a seemingly random universe such as the one depicted by Conrad. Readers with eyes to ethics and aesthetics follow Schwarz in encouraging a values-centered approach that leaves room for the reader to address the ways in which reading a text correlates to the reader's ability to find meaning and value in experience outside the text. Like Schwarz, the essays look for intentionality of authorial meaning rather than something called an author function as well as for the relationship between lived experience and the imagined world of the literary work rather than the endless semiotic play of an ultimately indecipherable text.

Mock-Epic Poetry from Pope to Heine Ritchie Robertson, 2009-11-12 This is a study of mock epic poetry in English, French, and German from the 1720s to the 1840s. While mock heroic poetry is a parodistic counterpart to serious epic, mock epic poetry starts by parodying epic but moves on to much wider and richer literary explorations; it relies heavily on intertextual allusion to other works, on narratorial irony, on the sympathetic and sometimes libertine presentation of sexual relations, and on a range of satirical devices. It includes well-known texts: Pope's *Dunciad*, Byron's *Don Juan*, Heine's *Atta Troll*, and others which are little known: Ratschky's *Melchior Striregel*, Parry's *La Guerre des Dieux*. It owes a marked debt to Italian romance epic, especially Ariosto. The study places these texts in the literary context of the decline of serious epic which helped mock epic to flourish, and of the *Querelle des Anciens et des Modernes* which questioned the authority of Homer's and Virgil's epics, and it relates their substance to contemporary debates about questions of religion and gender.

Arno Schmidt's Zettel's Traum: An Analysis (Studies in German Literature, Linguistics, and Culture) Volker Max Langbehn, 2003 Arno Schmidt (1914-1979) is considered one of the most daring and influential writers of postwar Germany; the Germanist Jeremy Adler has called him a giant of postwar German literature. Schmidt was awarded the Fontane Prize in 1964 and the Goethe Prize in 1973, and his early fiction has been translated into English to high critical acclaim, but he is not a well-known figure in the English-speaking world where his complex work remains at the margins of critical inquiry. Volker Langbehn's book introduces Schmidt to the English-speaking audience with primary emphasis on his most famous novel.

Zettel's Traum One reviewer called the book an elephantine monster because of its unconventional size folio format length 1334 pages and over 10 million characters and unique presentation of text in the form of notes typewritten pages parallel columns and collages The novel narrates the life of the main characters Daniel Pagenstecher Paul Jacobi and his wife Wilma and their teenage daughter Franziska In discussing the life and works of Edgar Allan Poe the four engage in the problems connected with a translation of Poe Langbehn's study investigates how literary language can mediate or account for the world of experiences and for concepts Schmidt's use of unconventional presentation formats challenges us to analyze how we think about reading and writing literary texts Instead of viewing such texts as a representation of reality Schmidt's novel destabilizes this unquestioned mode of representation posing a radical challenge to what contemporary literary criticism defines as literature No comprehensive study of Zettel's Traum exists in English Volker Langbehn is assistant professor of German at San Francisco State University *Allusion and Meaning in John 6* Susan Hylen, 2012-02-14 Many interpreters read John 6 as a contrast between Jesus and Judaism Jesus repudiates Moses and manna and offers himself as an alternative In contrast this monograph argues that John 6 places elements of the Exodus story in a positive and constructive relationship to Jesus This reading leads to an understanding of John as an interpreter of Exodus who like other contemporary Jewish interpreters sees current experiences in light of the Exodus story This approach to John offers new possibilities for assessing the gospel's relationship to Jewish scripture its dualism and its metaphorical language Thackeray's Cultural Frame of Reference Rowland McMaster, 1991 Thackeray's *The Newcomes* has been described as one of the richest of Victorian fictions In Thackeray's Cultural Frame of Reference R D McMaster unveils the magnitude of this richness *Parrots and Nightingales* Sarah Kay, 2013-08-22 The love songs of Occitan troubadours inspired a rich body of courtly lyric by poets working in neighboring languages For Sarah Kay these poets were nightingales composing verse that is recognizable yet original But troubadour poetry also circulated across Europe in a form that is less well known but was more transformative Writers outside Occitania quoted troubadour songs word for word in their original language then commented upon these excerpts as linguistic or poetic examples as guides to conduct and even as sources of theological insight If troubadours and their poetic imitators were nightingales these quotation artists were parrots and their practices of excerption and repetition brought about changes in poetic subjectivity that would deeply affect the European canon The first sustained study of the medieval tradition of troubadour quotation *Parrots and Nightingales* examines texts produced along the arc of the northern Mediterranean from Catalonia through southern France to northern Italy through the thirteenth century and the first half of the fourteenth Featuring extensive appendices of over a thousand troubadour passages that have been quoted or anthologized *Parrots and Nightingales* traces how quotations influenced the works of grammarians short story writers biographers encyclopedists and not least other poets including Dante and Petrarch Kay explores the instability and fluidity of medieval textuality revealing how the art of quotation affected the transmission of knowledge and transformed perceptions of
