Poets Of Transcendentalism:

The Poets of Transcendentalism George Willis Cooke, 1903 *The Poets of Transcendentalism* George Willis Cooke, 2017-10-14 Excerpt from *The Poets of Transcendentalism* An Anthology Recently in making a somewhat careful and extended study of New England transcendentalism I was impressed anew by the poetry it produced I found that much of it had not been republished and was to be found only in the pages of such periodicals as *The Dial* *The Radical* and *The Journal of Speculative Philosophy* It seemed to me that a representative collection of the poetry influenced by transcendentalism would serve to indicate how largely that movement had affected American literature and also to make accessible those poems that had been neglected In making this selection of verse it has not been my aim to choose only what is best but rather to give specimens of the poetical output of that movement The selections taken from Emerson Lowell and others have been drawn from the pages of the periodicals in which transcendentalism found expression in order that they may be indicative of the influence coming to these poets from that source Some of the poems chosen for About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Poets of Transcendentalism** George Willis Cooke, 1986-10-01 The Poets of Transcendentalism George Willis Cooke, 1971

Transcendentalism but I chose this short story since it is probably his most famous one Concerning my secondary literature I tried to find a mixture of classical references like Literary Transcendentalism by Lawrence Buell and of new and rather fresh internet sources To achieve a high level of reliability for my internet sources I almost only used homepages of american universities With this mixture I want to demonstrate that the topic of my term paper has been and still is relevant to literary studies I will start with a chapter about the Transcendentalism in general the role of Emerson and name some of the criticism of Transce *The Poets of Transcendentalism* George Willis Cooke,2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
