**Modern French Painting: The post-impressionists, from Monet to Bonnard** Adolphe Basler, Charles Kunstler, 1931  
Harper's Weekly John Bonner, George William Curtis, Henry Mills Alden, Samuel Stillman Conant, Montgomery Schuyler, John Foord, Richard Harding Davis, Carl Schurz, Henry Loomis Nelson, John Kendrick Bangs, George Brinton McClellan Harvey, Norman Hapgood, 1886      **Post-Impressionism** Nathalia Brodskaja, 2023-12-28 Whilst Impressionism marked the first steps toward modern painting by revolutionising an artistic medium stifled by academic conventions Post Impressionism even more revolutionary completely liberated colour and opened it to new unknown horizons Anchored in his epoch relying on the new chromatic studies of Michel Eug ne Chevreul Georges Seurat transcribed the chemist s theory of colours into tiny points that created an entire image With his heavy strokes Van Gogh illustrated the midday sun whilst C zanne renounced perspective Rich in its variety and in the singularity of its artists Post Impressionism was a passage taken by all the well known figures of 20th century painting it is here presented for the great pleasure of the reader by Nathalia Brodskaja      **The Burlington Magazine** Robert Edward Dell, Charles John Holmes, Harold Child, Lionel Cust, Roger Fry, 1963      Impressionism and Post-Impressionism Nathalia Brodskaja, 2018-03-13 Impressionism is the most famous artistic movement But what appears today as a charming and exquisite landscape painting was actually one of the first avant garde movements whose members had decided to fight the values of traditional art The impressionist outdoor paintings shocked the public by the technique used but also by their apparent banality As Monet Sisley Pissarro and many others sought to capture the ephemeral nature of light the next generation would reject naturalism Indeed post impressionists such as Gauguin Van Gogh C zanne and Seurat favored the subjective rather than the objective and the eternal rather than the concrete In doing so they laid the formal foundations of 20th century modern art This book is a visual guide through the crucial moments in the history of art and the progression of the 19th century to modernity      **Publishers Directory** , 1991

**The Post-impressionists** Martha Kapos, 1993 In 1910 the critic Roger Fry organized an exhibition at the Grafton Galleries London of avant garde painting which included works by Cezanne Van Gogh Gauguin and Matisse This exhibition became as important a landmark in the official histories of modern art as the subsequent Armory Show in America These artists did not belong to a single unified movement defined or recognized at the time and Fry in a quandary as to what to call the exhibition and losing patience at the last minute said Oh let s just call them Post Impressionists at any rate they came after the Impressionists In this way one of the important critical categories one of the isms of modern art was born But Post Impressionism was not a name which Van Gogh Gauguin Seurat or Cezanne or any artists of the period would have applied to themselves The documents in this book many of which appear in English for the first time show how artists and critics in the aftermath of Impressionism did describe themselves how they responded to tradition to each other and to the kaleidoscope of the contemporary scene This was a period of reconsideration of moving on from aspects of Impressionism and of coming to

grips with the isolation that avant garde art had imposed on the individual artist It was a period in which the emphasis within Impressionism on the construction of painting purely by means of color had left artists with the question of how the power of this basic form related to their own feelings and to nature New ideas were coming from poetry as well as painting that laid the basis for modernism These issues and the personal struggles of the artists themselves are revealed in their letters and in the writings of friends and critics many of whom such as Mallarmé Laforgue Huysmans and Proust were novelists and poets This book also includes commentaries from Rainer Maria Rilke Virginia Woolf and W H Auden as well as modern critics artists philosophers and art historians Georges Bataille Paul Klee and Meyer Schapiro on Van Gogh John Berger on Bonnard Maurice Merleau Ponty Clement Greenberg Adrian Stokes and Lawrence Gowing on Cézanne The text is illustrated with 119 colorplates and 125 black and white reproductions of contemporary photographs cartoons documents prints and drawings

**Monet's Years at Giverny** Claude

Monet, 1978 This book contains 81 paintings from the 40 years Monet spent at his country home in Giverny accompanied by a narrative on Monet's life loves and influences It recounts Monet's development from an Impressionist to an innovative abstractionist *ARTnews* ,1963 Manet and the Post-Impressionists Grafton Galleries, 2018-01-10 Excerpt from Manet and the Post Impressionists Nov 8th to Jan 15th 1910 11 10 A M To 6 P M The pictures collected together in the present Exhibition are the work of a group of artists who cannot be defined by any single term The term Synthetists which has been applied to them by learned criticism does indeed express a quality underlying their diversity and it is the principal business of this introduction to expand the meaning of that word which sounds too like the hiss of an angry gander to be a happy appellation As a definition it has the drawback that this quality common to all is not always the one most impressive in each artist In no school does individual temperament count for more In fact it is the boast of those who believe in this school that its methods enable the individuality of the artist to find complete self expression in his work than is possible to those who have committed themselves to representing objects more literally This indeed is the first source of their quarrel with the Impressionists the post impressionists consider the Impressionists too naturalistic Yet their own connection with

Impressionism is extremely close Cezanne Gauguin and Van Gogh all learnt in the Impressionist school There are pictures on the walls by these three artists painted in their earlier years which at first strike the eye as being more impressionist than anything else but nevertheless the connection of these artists with the Impressionists is accidental rather than intrinsic About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
