*Post-abortion aftermath* Post Abortion Summit Conference (1993 : Washington D. C.),1994      **Precious in His Sight** RoyCheck B. Zuck,2012-05-11 Though numerous volumes have been written on human observations about children very few volumes present God s perspective on them as recorded in the Bible *Precious in His Sight* fills the gap admirably Not only is this volume unique it is also comprehensive The author covers all of the children in the Bible intensively studying the biblical text as well as incorporating insights from the best historical works on childhood and child rearing in ancient times The author s sensitivity to the cultural and sociological factors impinging on families in biblical times is everywhere apparent In order to appreciate what the book of Proverbs says about children for example one must understand how children were treated and viewed in other cultures during Old Testament times Everything the Bible says about children applies to contemporary childhood according to the author He finds biblical examples and abundant implications for children s physical emotional social and spiritual development The principles that can be garnered from this incisive work will help educators and parents in the teaching and training of children today      Women's Health After Abortion Elizabeth Ring-Cassidy,Ian Gentles,deVeber Institute for Bioethics and Social Research,2002 A compelling account of the research on post abortion difficulties both short term and long term Although the authors often touch upon technical matters they write with a humanity and clarity that makes their conclusions readily accessible to the general reader      **Post-abortion Syndrome** Peter Doherty,1995      Post-abortion Aftermath Michael T. Mannion,1994 To find more information about Rowman and Littlefield titles please visit [www rowmanlittlefield com](http://www.rowmanlittlefield.com)      **Marriage and the Common Good** Fellowship of Catholic Scholars. Convention,K. D. Whitehead,2001 This volume consists of the addresses delivered to the 22nd Annual Convention of the Fellowship of Catholic Scholars held in Chicago in September 1999 Each chapter includes a discussion of one of the major themes related to the contemporary question of marriage and the common good expounded by a competent senior scholar followed by a response on the same subject by a younger scholar The end result is an in depth treatment of several of the major issues that concern marriage and the family today      **Adolescent Females' Reproductive Health in Nigeria** Kingsley Ufuoma Omoyibo,2002 The multi cultural and multi ethnic Nigerian society belongs to those developing countries where adolescents age 15 19 years make up for the largest and growing age bracket of the total population While reliable statistics on health issues are hardly available in Nigeria it is estimated that over 60 percent of Nigerian women underwent some form of genital mutilation which is responsible for a multitude of health problems later Thus this research explored issues of high political and social relevance in Nigeria as well as in international discussions from the World Health Organization to internationally operating non governmental organizations of women s rights activists The study gives a comprehensive discussion of cross national studies on abortion and contraception and on the effects of liberalizing the laws on it The study adopted qualitative methodological techniques for the gathering of data by relying on focus group discussions

and interviews of the target population adolescents as well as adults orthodox and unorthodox medical experts Finally this empirical research provides a solid basis for further sociological research on the conditions of adolescent females health and for practical steps in improving the Nigerian health care system
