Postcolonialism A Very Short Introduction

Fouad Sabry

Postcolonialism A Very Short Introduction:

Postcolonialism Robert Young, 2003-06-26 An innovative and lively account of both the history and key debates in postcolonialism Robert Young situates it in a wide cultural context discussing its importance as an historical condition and as a means of changing the way that we think about the world Postcolonialism Robert Young, 2020 Since the 1960s many people around the world have challenged the idea that western perspectives are the only ones that count This book examines the history of that challenge outlining the ideas behind it and showing the ways in which the histories and the cultures of the world can be rethought in new different and productive directions **Postcolonialism: A Very Short Introduction** Robert J. C. Young, 2020-10-22 Postcolonialism explores the political social and cultural effects of decolonization continuing the anti colonial deconstruction of western dominance This Very Short Introduction discusses both the history and key debates of postcolonialism and considers its importance as a means of changing the way we think about the world Robert J C Young examines the key strategies that postcolonial thought has developed to engage with the impact of sometimes centuries of western political and cultural domination Situating the discussion in a wide cultural and geographical context he draws on examples such as the status of indigenous peoples of those dispossessed from their land Algerian rai music and global social and ecological movements In this new edition he also includes updated material on race slavery and postcolonial gender politics Above all Young argues that postcolonialism offers a political philosophy of activism that contests the current situation of global inequality which in a new way continues the anti colonial struggles of the past and enables us to decolonize our own lives in the present ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Key Terms in Literary Theory Mary Klages, 2012-03-29 Students of literature film and cultural studies need to understand key theoretical terms and concepts but often find it hard to get to grips with exactly what they mean This book provides precise definitions of terms and concepts in literary theory along with explanations of the major movements and figures in literary and cultural theory and an extensive bibliography It is designed for the student who needs to know what a particular term means how it is used and where it comes from and enables them to apply the terms and concepts to their own investigations The three part structure provides clear definitions of key terms and ideas introductions to major figures including biographical and historical overviews and an annotated guide to important works This invaluable resource provides readers with an easily accessible and comprehensive reference guide to literary and cultural theory

Beginning postcolonialism John McLeod, 2013-01-18 Postcolonialism has become one of the most exciting popular and stimulating fields of literary and cultural studies in recent years Yet the variety of approaches the range of debate and the critical vocabularies often used may make it challenging for new students to establish a firm foothold in this area Beginning

Postcolonialism is a vital resource for those taking undergraduate courses in postcolonial studies for the first time and has become an established international best seller in the field. In this fully revised and updated second edition John McLeod introduces the major areas of concern in a clear accessible and organised fashion. He provides an overview of the emergence of postcolonialism as a discipline and closely examines its many established critical approaches while also exploring important recent initiatives in the field. In particular *Beginning Postcolonialism* demonstrates how many key postcolonial ideas and concepts can be effectively applied when reading texts and enables students to develop their own independent thinking about the possibilities and pitfalls of postcolonial critique.

The Oxford Handbook of Postcolonial Studies Graham Huggan, 2013-09-12. The Oxford Handbook of Postcolonial Studies provides a comprehensive overview of the latest scholarship in postcolonial studies while also considering possible future developments in the field. Original chapters written by a worldwide team of contributors are organised into five cross referenced sections: The Imperial Past, The Colonial Present, Theory and Practice Across the Disciplines and Across the World. The chapters offer both country specific and comparative approaches to current issues offering a wide range of new and interesting perspectives. The Handbook reflects the increasingly multidisciplinary nature of postcolonial studies and reiterates its continuing relevance to the study of both the colonial past in its multiple manifestations and the contemporary globalized world. Taken together these essays, the dialogues they pursue and the editorial comments that surround them constitute nothing less than a blueprint for the future of a much contested but intellectually vibrant and politically engaged field.

Postcolonialism Tariq Jazeel, 2019-02-22. Postcolonialism is a book that examines the influence of postcolonial theory in critical geographical thought and scholarship. Aimed at advanced level students and researchers, the book is a lively stimulating and relevant introduction to postcolonial geography that elaborates on the critical interventions in social, cultural and political life. This important subfield is poised to make the book structured around three intersecting parts: Spaces, Identity, hybridity, Knowledge, that broadly follow the trajectory of postcolonial studies since the late 1970s. It comprises ten main chapters, each of which is situated at the intersections of postcolonialism and critical human geography. In doing so, *Postcolonialism* develops three key arguments. First, that postcolonialism is best conceived as an intellectually creative and practical set of methodologies or approaches for critically engaging existing manifestations of power and exclusion in everyday life and in taken as given spaces. Second, that postcolonialism is at its core concerned with the politics of representation, both in terms of how people and space are represented but also the politics surrounding who is able to represent themselves and on what whose terms. Third, the book argues that postcolonialism itself is an inherently geographical intellectual enterprise despite its origins in literary theory. In developing these arguments and addressing a series of relevant and international case studies and examples throughout, *Postcolonialism* not only demonstrates the importance of postcolonial theory to the contemporary critical geographical imagination. It also argues that geographers have much to offer to continued theorizations and workings of postcolonial

theory politics and intellectual debates going forward This is a book that brings critical analyses of the continued and omnipresent legacies of colonialism and imperialism to the heart of human geography but also one that returns an avowedly critical geographical disposition to the core of interdisciplinary postcolonial studies **Postcolonialism** Fouad Sabry, 2024-09-02

Unlock the Power of Postcolonialism in Political Science Postcolonialism is a crucial addition to the Political Science series critically examining the lasting impacts of colonialism This book is not just about history it's about understanding how past events shape current global politics culture and identity Whether you're a professional student or simply curious this book offers valuable insights ensuring a deeper understanding of how colonial legacies continue to affect the world

This book provides the tools to critically analyze and understand the world in a way that could fundamentally change your perspective Postcolonial Studies Bill Ashcroft, Gareth Griffiths, Helen Tiffin, 2025-01-22

Now in its fourth edition this popular A-Z guide provides a comprehensive overview of the issues which characterize postcolonialism explaining what it is where it is encountered and the crucial part it plays in debates about race gender politics language and identity Fully revised and updated the fourth edition contains more than 30 new entries including Anthropocene Biopolitics Decoloniality Ecocriticism Global South Postcolonial sciences Transnationalism With substantial updates to the further

reading Postcolonial Studies The Key Concepts remains an essential guide for anyone studying this vibrant field The Indian Postcolonial Elleke Boehmer, Rosinka Chaudhuri, 2010-10-04 India has often been at the centre of debates on and definitions of the postcolonial condition Offering a challenging new direction for the field this Critical Reader confronts how theory in the Indian context is responding in vital terms to our understanding of that condition today The Indian Postcolonial A Critical Reader is made up of four sections looking in turn at visual cultures translating cultural traditions the ethical text global cosmopolitan worlds Each section is prefaced with a short introduction by the editors that locate these interdisciplinary articles within the contemporary national and international context Showcasing the diversity and vitality of current debate this volume collects the work of both established figures and a new generation of cultural critics Challenging and unsettling many basic premises of postcolonial studies this volume is the ideal Reader for students and scholars of the Indian Postcolonial

Postcolonial Traumas Abigail Ward, 2015-10-12 This collection of essays explores some new possibilities for understanding postcolonial traumas It examines representations of both personal and collective traumas around the globe from Palestinian Caribbean African American South African Maltese Algerian Indian Australian and British writers directors and artists

The Future of Postcolonial Studies Chantal Zabus, 2014-11-20 The Future of Postcolonial Studies celebrates the twenty fifth anniversary of the publication of The Empire Writes Back by the now famous troika Bill Ashcroft Gareth Griffiths and Helen Tiffin When The Empire Writes Back first appeared in 1989 it put postcolonial cultures and their post invasion narratives on the map This vibrant collection of fifteen chapters by both established and emerging scholars taps into this early mapping while merging these concerns with present trends which have been grouped as comparing converting greening post queering and utopia The postcolonial is a centrifugal force that continues to energize globalization transnational diaspora area and queer studies Spanning the colonial period from the 1860s to the present The Future of Postcolonial Studies ventures into other postcolonies outside of the Anglophone purview In reassessing the nation state language race religion sexuality the environment and the very idea of the future this volume reasserts the notion that postcolonial is an anticipatory discourse and bears testimony to the driving energy and thus the future of postcolonial studies

Language and Translation in Postcolonial Literatures Simona Bertacco, 2013-12-17 This collection gathers together a stellar group of contributors offering innovative perspectives on the issues of language and translation in postcolonial studies In a world where bi and multilingualism have become quite normal this volume identifies a gap in the critical apparatus in postcolonial studies in order to read cultural texts emerging out of multilingual contexts The role of translation and an awareness of the multilingual spaces in which many postcolonial texts are written are fundamental issues with which postcolonial studies needs to engage in a far more concerted fashion The essays in this book by contributors from Australia New Zealand Zimbabwe Cyprus Malaysia Quebec Ireland France Scotland the US and Italy outline a pragmatics of language and translation of value to scholars with an interest in the changing forms of literature and culture in our times Essay topics

include multilingual textual politics the benefits of multilingual education in postcolonial countries the language of gender and sexuality in postcolonial literatures translational cities postcolonial calligraphy globalization and the new digital ecology

Using Critical Theory Lois Tyson, 2020-10-21 Explaining both why theory is important and how to use it Lois Tyson introduces beginning students of literature to this often daunting field in a friendly and readable style The new edition of this textbook is clearly structured with chapters based on major theories frequently covered both in courses on literature and on critical theory Key features include coverage of major theories including reader response theory New Criticism formalism psychoanalysis Marxism feminism lesbian gay queer theories African American theory and postcolonial theory practical demonstrations of how to use these theories to interpret short literary works selected from canonical authors including William Faulkner and Alice Walker a chapter on reader response theory that shows students how to use their personal responses to literature while avoiding typical pitfalls sections on cultural criticism for each chapter that use our selected theories to interpret productions of popular culture This new edition also includes updated and expanded theoretical vocabulary as well as basic concepts and further study sections and an expanded next step appendix that suggests additional literary works for extra practice Comprehensive easy to use and fully updated throughout *Using Critical Theory* is the ideal first step for students beginning degrees in literature composition and cultural studies

Postcolonial Italy Cristina Lombardi-Diop, 2012-12-06 This volume constitutes a multidisciplinary intervention into the emerging field of postcolonial studies in Italy bringing together cultural and social history critical and political theory literary and cinematic analyses ethnomusicology and cultural studies anthropological fieldwork and race gender diaspora and urban studies

Postcolonial Ecocriticism Graham Huggan, Helen Tiffin, 2015-04-17 This second edition of *Postcolonial Ecocriticism* a book foundational for its field has been updated to consider recent developments in the area such as environmental humanities and animal studies Graham Huggan and Helen Tiffin examine transverse relations between humans animals and the environment across a wide range of postcolonial literary texts and also address key issues such as global warming food security human over population in the context of animal extinction queer ecology and the connections between postcolonial and disability theory Considering the postcolonial first from an environmental and then a zoocritical perspective the book looks at Narratives of development in postcolonial writing Entitlement belonging and the pastoral Colonial asset stripping and the Christian mission The politics of eating and the representation of cannibalism Animality and spirituality Sentimentality and anthropomorphism The changing place of humans and animals in a posthuman world With a new preface written specifically for this edition and an annotated list of suggestions for further reading *Postcolonial Ecocriticism* offers a comprehensive and fully up to date introduction to a rapidly expanding field

Literary Theory and Criticism Patricia Waugh, 2006 This volume offers a comprehensive account of modern literary criticism presenting the field as part of an ongoing historical and intellectual tradition Featuring thirty nine specially commissioned chapters from an international team of esteemed

contributors it fills a large gap in the market by combining the accessibility of single authored selections with a wide range of critical perspectives The volume is divided into four parts Part One covers the key philosophical and aesthetic origins of literary theory while Part Two discusses the foundational movements and thinkers in the first half of the twentieth century Part Three offers introductory overviews of the most important movements and thinkers in modern literary theory and Part Four looks at emergent trends and future directions Under Postcolonial Eyes Efraim Sicher,Linda Weinhouse,2013-01-01

In the Western literary tradition the Jew has long been a figure of ethnic exclusion and social isolation the wanderer the scapegoat the alien But it is no longer clear where a perennial outsider belongs This provocative study of contemporary British writing points to the figure of the Jew as the litmus test of multicultural society Efraim Sicher and Linda Weinhouse examine the Jew as a cultural construction distinct from the Jewishness of literary characters in novels by among others Salman Rushdie Anita Desai Doris Lessing Monica Ali Caryl Phillips and Zadie Smith as well as contemporary art and film Here the image of the Jew emerges in all its ambivalence from postcolonial migrant and modern everyman to more traditional representations of the conspirator and malefactor The multicultural discourses of ethnic and racial hybridity reflect dissolution of national and personal identities yet the search for transnational cultural forms conceals both the acceptance of marginal South Asian Caribbean and Jewish voices as well as the danger of resurgent antisemitic tropes Innovative in its contextualization of the Jew in the multiculturalism debate in contemporary Britain *Under Postcolonial Eyes* Figuring the Jew in Contemporary British Writing analyzes the narrative of identities in a globalized culture and offers new interpretations of postmodern classics *The Postcolonial Gramsci* Neelam Srivastava,Baidik Bhattacharya,2012-07-26 The importance of Antonio Gramsci's work for postcolonial studies can hardly be exaggerated and in this volume contributors situate Gramsci's work in the vast and complex oeuvre of postcolonial studies Specifically this book endeavors to reassess the impact on postcolonial studies of the central role assigned by Gramsci to culture and literature in the formation of a truly revolutionary idea of the nation a notion that has profoundly shaped the thinking of both Frantz Fanon and Edward Said Gramsci as Iain Chambers has argued has been instrumental in helping scholars rethink their understanding of historical political and cultural struggle by substituting the relationship between tradition and modernity with that of subaltern versus hegemonic parts of the world Combining theoretical reflections and re-interpretations of Gramsci the scholars in this collection present comparative geo-cultural perspectives on the meaning of the subaltern passive revolution hegemony and the concept of national popular culture in order to chart out a political map of the postcolonial through the central focus on Gramsci

Postcolonial Sociologies Julian Go,2016-08-26 How can postcolonial thought be most fruitfully translated and incorporated into sociology This special volume brings together leading sociologists to offer some answers and examples The chapters offer new postcolonial readings of canonical thinkers like Karl Marx Max Weber Emile Durkheim and Robert Park
