The Philosophy of Nurse Education John Drummond, Paul Standish, 2007-08-01 In recent years philosophical issues in nursing and health care have become more evident in the academic literature The Philosophy of Nurse Education covers a variety of philosophical perspectives and enhances ideas of learning teaching and curriculum design

Quantum Leadership: Building Better Partnerships for Sustainable Health Tim Porter-O'Grady, Kathy Malloch, 2014-04-01 Quantum Leadership Transdisciplinary leadership in complex systems Quantum Leadership Building Better Partnerships for Sustainable Health Fourth Edition skillfully prepares graduate students to thrive in a world of healthcare reform complexity and essential caring service The Fourth Edition focuses on the current concepts of leadership data and research related to the complexities of leadership The text also emphasizes the importance of principle driven approaches and minimizes specific procedure based solutions This text is a seminal work around the complexity leadership as it applies to healthcare There are very few other references that have the clarity depth and detail essential to enumerate this topic in healthcare organizations It is especially valuable for graduate programs and DNP programs as it provides a foundation for contemporary leadership and emphasizes the characteristics necessary to lead complex

organizations The Fourth Edition features an additional chapter on the complexity of leadership in health care reform in an effort to incorporate the newest requirements of the Patient Protection Affordable Care Act in a manner that is relevant to leadership development and capacity Case studies found within each chapter help reinforce translational work while new application exercises found in the The Quantum Workbook are an excellent supplement for learning Additional updates to the text include chapter podcasts additional translational and learning material related to chapter case studies Lastly all references have been revised and updated to reflect the most current evidence around learning leadership

Global Advances in Human Caring Literacy Susan Lee, PhD, RN, CNP, Patrick Palmieri, DHSc, EdS, MBA, MSN, RN, FACHE, FISQua, FAAN, Jean Watson, PhD, RN, AHN-BC, FAAN, LL-AAN, 2016-11-09 This narrative based work is the first to describe Human Caring Literacy from the perspective of caring scientists who live the life by incorporating the precepts of human caring into every aspect of their personal and professional lives It demonstrates for nursing students and experienced nurses in a variety of roles the abundant ways in which Caring Science Theory powerfully informs the lives of frontline clinicians nursing deans and faculty APRNs and administrators in the United States and globally The book goes beyond theory to illustrate how Caring Science is used every day in a variety of arenas and scenarios ranging from the advancement of the discipline of nursing in South America to peacemaking in the Middle East It describes the methods that help practitioners develop mindfulness reflection authentic presence intentionality and a caring consciousness in the service of providing authentic heart centered care for patients their families and societies Designed to cultivate loving kindness behaviors in all settings including among nurses themselves these narratives provide welcome alternatives to current ways of being both professional and personal Provides Examples of Caring Science Theory as a Guide to Advancing professional nursing practice in South America Transcending politics and conflict in the Middle East Evolving global caring consciousness through online education Developing nursing leaders who are heart centered and intentional Exploring relationships between caring and Ubuntu in South Africa Teaching through simulation to promote humanistic practice Key Features Provides real examples of living the theory Demonstrates the use of Caring Science in leadership practice research the healing arts education and praxis Illustrates practices that develop mindfulness reflection authentic presence intentionality and a caring consciousness Provides evidence of an evolving global caring consciousness on five continents

Human Caring Science Jean Watson, 2012 Rev ed of Nursing human science and human care Jean Watson c1999

The Healthcare Professional's Guide to Clinical Cultural Competence Rani Srivastava, 2006-10-17 With a focus on client centred care this book provides an introduction to developing cultural competence in the health care setting A unique presentation covering both theory and practice the book begins with a strong foundational model for understanding culture It then introduces general knowledge on culture which can be provided to a variety of settings and ends with clinical applications illustrating how to apply knowledge and awareness to a variety of populations With contributions from twelve leading experts material is drawn from a wide

range of health care settings and has strong practical coverage throughout Unique approach looks at populations the way health care workers encounter them not by ethno cultural religious labels Multidisciplinary approach to writing reflects a variety of perspectives and direct front line experience Discussion is broad and inclusive integrating different perspectives but also makes visible the different paradigms used to approach the topic Case studies and questions encourage critical thinking and dialogue

The Universe Next Door James W. Sire, 2020-08-04 For more than forty years The Universe Next Door has set the standard for an introduction to worldviews This sixth edition uses James Sire's widely influential model of eight basic worldview questions to examine prominent worldviews that have shaped the Western world critiquing each worldview within its own frame of reference and in comparison to others

Book Alone Barbara Montgomery Dossey, Dossey, Lynn Keegan, 2012-03-08 Important Notice The digital edition of this book is missing some of the images or content found in the physical edition This market leading resource in holistic nursing is published in cooperation with the American Holistic Nurses Association AHNA Each chapter is revised and updated by contributors from the best selling Fifth Edition as well as new thought leaders from the field of holistic nursing Chapters begin with Nurse Healer Objectives that are divided into theoretical clinical and personal subject areas and then conclude with Directions for Future Research and Nurse Healer Reflections to encourage readers to delve deeper into the material and reflect on what they have learned in each chapter This text is organized by the five core values contained within the Standards of Holistic Nursing Practice Core Value 1 Holistic Philosophy Theories and Ethics Core Value 2 Holistic Caring Process Core Value 3 Holistic Communication Therapeutic Environment a

Relationship-Based Care Mary Koloroutis, 2004-10-25 This book provides health care leaders with basic concepts for transforming their care delivery system into one that is patient and family centered and built on the power of relationships Relationship Based Care provides a practical framework for addressing current challenges and is intended to benefit health care organizations in which commitment to care and service to patients is strong and focused It will also prove useful in organizations searching for solutions to complex struggles with patient staff and physician dissatisfaction difficulty recruiting and retaining and developing talented staff members conflicted work relationships and related quality issues The book is the result of 25 years of experience of Creative Health Care Management a nursing management consulting firm founded by Marie Manthey

Spirituality in Hospice Palliative Care Paul Bramadat, Harold Coward, Kelli I. Stajduhar, 2013-08-01 Explores the end of life spiritual needs of people who do not identify with traditional religions This groundbreaking book addresses the spiritual aspect of hospice care for those who do not fit easily within traditional religious beliefs and categories A companion volume to Religious Understandings of a Good Death in Hospice Palliative Care this work also advocates for renewed attention to the spiritual the often overlooked element of hospice care Drawing on data from clinical case studies new sociological research and the perspectives of agnostics atheists those who emphasize the spiritual rather than institutional dimensions of a traditional religion and the rapidly growing cohort of those

who describe themselves as spiritual but not religious the contributors to this volume interpret the shift from predominantly Christian based pastoral services to a new approach to the spiritual shaped by the increasing diversity of Western societies and new understandings of the nature of secular society How do we use it in a way that enables caregivers to assist patients Clinicians and policy makers will appreciate the book s practical recommendations regarding staff roles training and resource allocation General readers will be moved by the persuasive call for greater religious and spiritual literacy at every level of health care in order to respond to the full spectrum of human needs in life and in death

Financial Management for Nurse Managers Janne Dunham-Taylor, Joseph Pinczuk, 2009-11-24 Completely revised and updated the Second Edition addresses a myriad of financial concepts ranging from staffing and budgeting to measuring productivity and forecasting costs Examples and explanations of terminology will help nurse managers successfully correspond with the financial department to implement change without negatively affecting patient care and outcomes

See Me as a Person Michael Trout, 2012-09-07 The therapeutic relationship between clinicians and patients is what brings Relationship Based Care to life Within the world of health care the act of therapeutic connection is not owned by any one profession The responsibility to offer authentic and compassionate care to another human being is something we all share In our chaotic and time constrained environments in which technical and complex demands prevail clinicians struggle as they strive every day to connect with the patients and families in their care See Me as a Person offers guiding principles and a practical methodology that facilitate the clinician s ability to form authentic relationships which improve patient safety and the overall experience of care Therapeutic relationships are the very heart of Relationship Based Care The purpose of the therapeutic relationship is to facilitate the capacity of patients and their loved ones to cope with illness and to take ownership for their healing and health It is grounded in medical nursing and psychological research and it is also plainly built on the healing power of authentic connection
