Andrew F. Smith,2020-02-19 From obscure Pre Columbian beginnings in the Andes Mountains to global popularity today the story of the potato is one of rags to riches In Potato esteemed culinary historian Andrew F Smith reveals the captivating story of a once lowly vegetable that has changed and continues to change the world First domesticated by prehistoric people in the Andes the potato has since been adopted by cultures around the globe For instance the potato was aggressively adopted by

cooks in India and China where it has become a dietary staple In fact these two countries now stand as the world s largest potato producers Nonetheless despite its popularity in this era of both fast food and health consciousness the potato is now suffering negative publicity regarding its low nutritional value Its health benefits continue to be debated especially considering that the potato is most often associated with the ubiquitous but high calorie french fry Potato is a captivating read that provides a concisely written but thoroughly researched account of the history economy politics and gastronomy behind this beloved starch as well as recipes As loaded with goodies as a well dressed baked potato this book is comforting and satisfying
