Poverty And Compassion The Moral Imagination Of The Late Victorians:

Poverty and Compassion Gertrude Himmelfarb, 1991 In a provocative study that bristles with contemporary relevance Himmelfarb demonstrates that the material and moral dimensions of poverty were inseparable in the minds of late Victorians be they radical or conservative Culture, Philanthropy and the Poor in Late-Victorian London Geoffrey A. C. Ginn, 2017-04-21 In refreshing our understanding of this obscure but eloquent activism Ginn approaches cultural philanthropy not simply as a project of class self interest nor as fanciful missionary aestheticism Rather he shows how liberal aspirations towards adult education and civic community can be traced in a number of centres of moralising voluntary effort Concentrating on Toynbee Hall in Whitechapel the People s Palace in Mile End Red Cross Hall in Southwark and the Bermondsey Settlement the discussion identifies the common impulses animating practical reformers across these settings Ginn shows how these were shaped by a distinctive diagnosis of urban deprivation and anomie **The Greenian Moment** Denys Leighton, 2004 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green s beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought **The Greenian Moment** Denys P. Leighton, 2015-11-30 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era

In examining Green's beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green's influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green's teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought

Music, Morality and Social Reform in Nineteenth-century Britain Paul Watt, 2023 A pioneering work which delves into and reveals the links between music moral instruction and social reform This book discusses the role of music in programmes of personal improvement and social reform in nineteenth century Britain The pursuit of morality through music was designed not just to improve personal and communal character but to affect social change and transformation The book examines the musical education of children women and men through a variety of literature published for various educational settings including mechanics institutes It also considers the role of music in narratives of social programs and community building projects that sought to promote utility well being and freedom from the strictures of Christianity as the dominant moral and cultural force The first book to connect the threads between music moral instruction and social reform across the educational life cycle in nineteenth century Britain it shows how these threads are found in unlikely places such as games manners books economics treatises and short stories It deftly illustrates the links between everyday life popular culture and discourses of morality and social reform of the period

Knowledge for Social Change Lee Benson, 2017-07 Employing history social theory and a detailed contemporary case study Knowledge for Social Change argues for fundamentally reshaping research universities to function as democratic civic and community engaged institutions dedicated to advancing learning and knowledge for social change The authors focus on significant contributions to learning made by Francis Bacon Benjamin Franklin Seth Low Jane Addams William Rainey Harper and John Dewey as well as their own work at Penn's Netter Center for Community Partnerships to help create and sustain democratically engaged colleges and universities for the public good Knowledge for Social Change highlights university assisted community schools to effect a thoroughgoing change of research universities that will contribute to more democratic schools communities and societies The authors also call on democratic minded academics to create and sustain a global movement dedicated to advancing learning for the relief of man's estate an iconic phrase by Francis Bacon that emphasized the continued betterment of the human condition and to realize Dewey's vision of an organic Great Community composed of participatory democratic collaborative and interdependent societies

BOOK JACKET The Inclusive Economy Michael D. Tanner, 2018-12-04 The Inclusive Economy How to Bring Wealth to America's Poor energetically challenges the conventional wisdom of both the right and the left that underlies much of the contemporary debate over poverty and welfare policy Author and national public policy expert Michael

Tanner takes to task conservative critiques of a culture of poverty for their failure to account for the structural circumstances in which the poor live. In addition, he criticizes liberal calls for fighting poverty primarily through greater redistribution of wealth and new government programs. Rather than engaging in yet another debate over which government programs should be increased or decreased by billions of dollars, Tanner calls for an end to policies that have continued to push people into poverty. Combining social justice with limited government, his plan includes reforming the criminal justice system and curtailing the War on Drugs, bringing down the cost of housing, reforming education to give more control and choice to parents, and making it easier to bank, save, borrow, and invest. The comprehensive evidence provided in *The Inclusive Economy* is overwhelming: economic growth lifts more people out of poverty than any achievable amount of redistribution does. As Tanner notes, we need a new debate, one that moves beyond our current approach to fighting poverty to focus on what works rather than on noble sentiments or good intentions. *The Inclusive Economy* is a major step forward in that debate.

Beyond Benevolence Dawn M. Greeley, 2022-01-04 A comprehensive history of one of the largest charitable organizations in early modern America. Drawing on extensive archival records, *Beyond Benevolence* tells the fascinating story of the New York Charity Organization Society. The period between 1880 and 1935 marked a seminal, heavily debated change in American social welfare and philanthropy. The New York Charity Organization Society was at the center of these changes and played a key role in helping to reshape the philanthropic landscape. Greeley uncovers rarely seen letters written to wealthy donors by working-class people, along with letters from donors and case entries. These letters reveal the myriad complex relationships, power struggles, and shifting alliances that developed among donors, clients, and charity workers over decades as they negotiated the meaning of charity, the basis of entitlement, and the extent of the obligation between classes in New York. Meticulously researched and uniquely focused on the day-to-day practice of scientific charity as much as its theory, *Beyond Benevolence* offers a powerful glimpse into how the trajectory of one charitable organization reflected a nation's momentous social, economic, and political upheavals as it moved into the 20th century.

The Victorian Studies Reader Kelly Boyd, Rohan McWilliam, 2024-11-01 Selected as an Outstanding Academic Title in the 2008 CHOICE awards, *The Victorian Studies Reader* gathers together in one volume some of the key pieces on Victorian history, society, and culture. The book draws on new trends in looking at the Victorian Age and includes sections on periodization, politics, consumerism, intellectual life, sexuality, and empire. *The Victorian Studies Reader* is a rich resource, essential for all those studying this important period of history.

Affect, Emotion, and Children's Literature Kristine Moruzi, Michelle Smith, Elizabeth Bullen, 2017-09-01 This volume explores the relationship between representation, affect, and emotion in texts for children and young adults. It demonstrates how texts for young people function as tools for emotional socialisation, enculturation, and political persuasion. The collection provides an introduction to this emerging field and engages with the representation of emotions ranging from shame, grief, and anguish to compassion and happiness as psychological and embodied states and cultural constructs, with

ideological significance It also explores the role of narrative empathy in relation to emotional socialisation and to the ethics of representation in relation to politics social justice and identity categories including gender ethnicity disability and sexuality Addressing a range of genres including advice literature novels picture books and film this collection examines contemporary historical and canonical children s and young adult literature to highlight the variety of approaches to emotion and affect in these texts and to consider the ways in which these approaches offer new perspectives on these texts The individual chapters apply a variety of theoretical approaches and perspectives including cognitive poetics narratology and poststructuralism to the analysis of affect and emotion in children s and young adult literature

Victorian Women, Unwed Mothers and the London Foundling Hospital Jessica A. Sheetz-Nguyen, 2012-07-05 Sex gender charity and class in Victorian Britain *Victorian Literature and the Victorian State* Lauren M. E. Goodlad, 2004-12-07 Studies of Victorian governance have been profoundly influenced by Discipline and Punish Michel Foucault s groundbreaking genealogy of modern power Yet according to Lauren Goodlad Foucault s analysis is better suited to the history of the Continent than to nineteenth century Britain with its decentralized voluntarist institutional culture and passionate disdain for state interference Focusing on a wide range of Victorian writing from literary figures such as Charles Dickens George Gissing Harriet Martineau J S Mill Anthony Trollope and H G Wells to prominent social reformers such as Edwin Chadwick Thomas Chalmers Sir James Kay Shuttleworth and Beatrice Webb Goodlad shows that Foucault s later essays on liberalism and governmentality provide better critical tools for understanding the nineteenth century British state *Victorian Literature and the Victorian State* delves into contemporary debates over sanitary education and civil service reform the Poor Laws and the century long attempt to substitute organized charity for state services Goodlad s readings elucidate the distinctive quandary of Victorian Britain and indeed any modern society conceived in liberal terms the elusive quest for a pastoral agency that is rational all embracing and effective but also anti bureaucratic personalized and liberatory In this study impressively grounded in literary criticism social history and political theory Goodlad offers a timely post Foucauldian account of Victorian governance that speaks to the resurgent neoliberalism of our own day

Economic and Social Development Into the XXI Century Louis Emmerij, 1997 What new directions will development take in the next century A distinguished group of experts on economic development debated this question in late 1996 Their views of the emerging development consensus are presented in *Economic and Social Development into the XXI Century* The authors give special attention to developing countries in Latin America and East Asia Analyzing the growth of certain East Asian economies they ask what can be emulated state engineered industrial policies an export push better initial income distribution fiscal incentives to promote corporate growth the region s successful land reform efforts or the commitment to better education While agreeing that equity is a major determinant of economic success they differ regarding how to achieve it

Ruskin After 200 Sara L. Maurer, Judith Stoddart, Deanna K. Kreisel, Amy Woodson-Boulton, 2025-04-22 This edited volume offers new models for engaging with the work of John Ruskin

the Victorian art critic architectural and educational theorist amateur meteorologist and naturalist who gradually became an outspoken critic of capitalist economics and industrialization's toll on the environment Two hundred years after Ruskin's birth his relevance to art literature history architecture economics and natural science has not ebbed However the nature of Ruskin's relevance has evolved considerably This volume offers a cross section of current scholarship showing how a range of scholars continue to engage with Ruskin's work in their research The chapters provide a snapshot both of what scholars need from Ruskin now and how they continue to develop methodologies that allow them to keep in honest conversation with his writing work that is wide ranging visionary and nuanced but also elusive promiscuously mixing the symbolic and scientific and at times deeply marred by the shortcomings of sexism racism and rigid hierarchical thinking

Reader's Guide to British History David Loades, 2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history This resource contains over 1 000 A-Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication

Challenging the Borders of Justice in the Age of Migrations Juan Carlos Velasco, Maria Caterina La Barbera, 2019-04-16 The volume gathers theoretical contributions on human rights and global justice in the context of international migration It addresses the need to reconsider human rights and the theories of justice in connection with the transformation of the social frames of reference that international migrations foster The main goal of this collective volume is to analyze and propose principles of justice that serve to address two main challenges connected to international migrations that are analytically differentiable although inextricably linked in normative terms to better distribute the finite resources of the planet among all its inhabitants and to ensure the recognition of human rights in current migration policies Due to the very nature of the debate on global justice and the implementation of human rights and migration policies this interdisciplinary volume aims at transcending the academic sphere and appeals to a large public through argumentative reflections Challenging the Borders of Justice in the Age of Migrations represents a fresh and timely contribution In a time when national interests are structurally overvalued and borders increasingly strengthened it's a breath of fresh air to read a book in which migration flows are not changed into a threat We simply cannot understand the world around us through the lens of the migration crisis a message the authors of this book have perfectly understood Aimed at a strong link between theories of global justice and policies of border control this timely book combines the normative and empirical to deeply question the way our territorial boundaries are justified Professor Ronald Tinnevelt Radboud University Nijmegen The Netherlands This book is essential reading for those frustrated by the limitations of the dominant ways of thinking about global justice especially in relation to migration By bringing together discussions of global justice cosmopolitan political theory and migration this collection of essays has the potential to transform the way in which we think

and debate the critical issues of membership and movement Together they present a critical interdisciplinary approach to international migration human rights and global justice challenging disciplinary borders as well as political ones Professor Phil Cole University of the West of England UK Immiserizing Growth Fails the Poor Paul Shaffer,2024 Immiserizing Growth presents a conceptualization of immiserizing growth which combines the notions of failed and malevolent inclusion being bypassed and avoidably harmed by growth respectively **Religion and the Morality of the Market** Daromir Rudnyckyj,Filippo Osella,2017-03-30 Since the collapse of the Berlin Wall there has been a widespread affirmation of economic ideologies that conceive the market as an autonomous sphere of human practice holding that market principles should be applied to human action at large In the wake of the 2008 financial crisis the ascendance of market reason has been countered by calls for reforms of financial markets and for the consideration of moral values in economic practice This book intervenes in these debates by showing how neoliberal market practices engender new forms of religiosity and how religiosity shapes economic actions It reveals how religious movements and organizations have reacted to the increasing prominence of market reason in unpredictable and sometimes counterintuitive ways Using a range of examples from different countries and religious traditions the book illustrates the myriad ways in which religious and market moralities are closely imbricated in diverse global contexts Gang of Five Nina J. Easton,2001-02-28 In Gang of Five bestselling author Nina J Easton adds an important element to the history of American politics in the last thirty years This is the story of the other less well known segment of the baby boom generation These are young conservative activists who arrived on campus in the 1970s in rebellion against everything sixties and went on to overturn the political dynamics of the country in the 1980s and 1990s They ve been waging what Newt Gingrich called a war without blood for three decades Gang of Five portrays the intertwining careers of five major figures BILL KRISTOL the Harvard educated elitist and publisher of the Weekly Standard is the liberal establishment s worst nightmare a witty erudite Rightist who was a leading force behind the demise of the Clinton health care plan the historic reform of welfare and the decision of House Republicans to impeach the president RALPH REED the hardball politico who helped turn an organization called the College Republicans into a kind of communist cell of the Right in the 1990s tried to give the Religious Right a softer face as leader of the Christian Coalition but was thwarted by his thirst for power and the narrow fundamentalism of his activist followers CLINT BOLICK a leading force in the spread of school choice programs and the anti affirmative action strategist who sank Lani Guinier s appointment is the idealist who seeks to convince civil rights leaders that his legal work on behalf of disadvantaged minorities is sincere and that liberal programs hurt the people they are meant to help GROVER NORQUIST the market Leninist who divides the world into good and evil is at the hub of Hillary Clinton s vast right wing conspiracy and is the architect of a no new taxes pledge signed by all major Republican candidates in the 1990s DAVID MCINTOSH the policy wonk who took the movement s war on Washington to Congress as leader of the House Republican freshmen during the Gingrich Revolution pushed his party toward

confrontation with the White House and is now running for governor in Indiana In contrast to earlier generations of conservatives these leaders and their allies tasted success first with Ronald Reagan s twin victories in the 1980s and then in the 1990s with the Republican capture of Congress They play to win and have had a hand in every major insurrection from the Right over the past two decades from abortion politics to government shutdowns to political muckracking No politician can ignore their agenda or escape the new hardball rules they ve written for national politics
