Cecchini,2010 History needs transparency This book examines how history can be lost distorted changed or erased to suit the needs of the person or people writing it Unaccounted for Prisoners of War from the Korean War are being used as an example of how the facts of a conflict from more than 50 years ago are still being manipulated to this day and the fates of these POWs are still being withheld This book also demonstrates the need for government transparency in order to accurately document and understand the motives and actions of people in history whose decisions affected millions and altered the course of events This book has been written from the compilation of many sources such as the voluminous historical materials from the US Government National Archives historical books on the subject and witness testimony to the US Congress Also included are statements from a phone interview with officials at the Defense Prisoner of War Missing Personnel Office DPMO conducted in September of 2008 An annotated bibliography is included

Hallinan,2014-05-20 From the Pulitzer Prize winning journalist and author of *Why We Make Mistakes* an illuminating exploration of human beings astonishing ability to deceive themselves To one degree or another we all misjudge reality Our perception of ourselves and the world around us is much more malleable than we realize This self deception influences every major aspect of our personal and social life including relationships sex politics careers and health In *Kidding Ourselves* Joseph Hallinan offers a nuts and bolts look at how this penchant shapes our everyday lives from the medicines we take to the decisions we make It shows for instance just how much the power of many modern medicines particularly anti depressants and painkillers is largely in our heads Placebos in modern day life extend beyond hospitals to fake thermostats and elevator close buttons that don t really work but give the perception that they do *Kidding Ourselves* brings together a variety of subjects linking seemingly unrelated ideas in fascinating and unexpected ways And ultimately it shows that deceiving ourselves is not always negative or foolish As increasing numbers of researchers are discovering it can be incredibly useful providing us with the resilience we need to persevere in the boardroom bedroom and beyond Provocative accessible and easily applicable to multiple facets of everyday life *Kidding Ourselves* is an extraordinary new exploration of our mind s flexibility *US Department of State Dispatch* ,1991-07 Contains a diverse compilation of major speeches congressional testimony policy statements fact sheets and other foreign policy information from the State Dept Vietnam Mineral and Mining Sector Investment and Business Guide Volume 1 Strategic Information and Regulations IBP USA,2013-08 Vietnam Mineral Mining Sector Investment and Business Guide Strategic and Practical Information Selected Rand Abstracts ,1993 **Sabres Over MiG Alley** Kenneth P Werrell,2013-06-11 This is the story of the first jet versus jet war the largest in number of victories and losses and one of the few military bright spots in the Korean War It tells how an outnumbered force of F 86 Sabres limited by range and restricted by the rules of engagement decisively defeated its foe Based on the latest scholarship author Kenneth Werrell uses previously untapped sources and interviews with sixty former F 86 pilots to explore new aspects of the subject and shed light on controversies previously neglected For example he found much greater violation of the Yalu River than thus far has appeared in the published materials The F 86 became a legend in The Forgotten War because of its performance and beauty but most of all because of its record in combat Military Life Thomas W. Britt,Carl Andrew Castro,Amy B. Adler,2005-12-30 With global commitments and combat duty our armed forces face life threatening challenges on a daily basis However less visible threats also impact the mental health of our military men and women Experts examine challenges on the battlefield such as women coming to terms with life after being prisoners

of war or soldiers dealing with mistakenly killing civilians But life in the armed forces presents less dramatic daily challenges Away from the front lines soldiers have to raise their families sometimes as single parents Children have to learn what it s like to be in a military family and to make sense of war Gay or lesbian officers cope with a don t ask don t tell policy An unprecedented range of contributors military officers medical doctors psychologists psychiatrists and professors take us onto the bases and the battlefields and inside the minds of military personnel who face far greater challenges than most of us ever see in the headlines These volumes also highlight factors that make members of the military resilient and stable as well as programs and practices that can ease the psychological burdens of military personnel families and children Readers can better understand how society views our military and military operations and how each one of us can play a role in supporting our armed forces **Legislation on Foreign Relations Through ...** United States,1993 **Name, Rank, and**

Serial Number Charles S. Young,2014-04-01 Vietnam POWs came home heroes but twenty years earlier their predecessors returned from Korea to shame and suspicion In the Korean War American prisoners were used in propaganda twice first during the conflict then at home While in Chinese custody in North Korea they were pressured to praise their treatment and criticize the war When they came back the Department of the Army and cooperative pundits said too many were weaklings who did not resist communist indoctrination or brainwashing Ex prisoners were featured in a publicity campaign scolding the nation to raise tougher sons for the Cold War This propaganda was based on feverish exaggerations that ignored the convoluted circumstances POWs were put in which decisions in Washington helped create Reference Information Paper ,1997 *POW/MIA Accounting* Paul M. Cole,1994 This volume addresses three issues whether American servicemen liberated by Soviet forces from Nazi German POW camps in the European theater of operations in World War II were not repatriated whether American aircrews in the Far East and European theaters were detained in USSR territory and early Cold War incidents are examined to determine whether archive materials indicated that American servicemen and civilians were held alive in USSR territory *Trans-Pacific Relations* Richard Jensen,Jon Davidann,Yoneyuki Sugita,2003-01-30 This broad based study of Western Asian relations considers images of and actions by the United States along with Britain and Germany in the course of dealings with Asian nations such as China Japan Korea Thailand Vietnam and the Philippines Other case studies focus on inter Asian relations between Japan

and Korea China and Japan and Thailand and Vietnam The essays encompass a wide range of recent scholarship including cultural economic demographic and intellectual approaches to military and diplomatic themes Western influence primarily American in Asia grew consistently during the 20th century While interaction often occurred on unequal terms this study reveals the ability of Asians to assert their agency in the face of such immense Western power The collection as a whole offers a window on relations across the Pacific in numerous spheres of activity over the course of one hundred years As such it introduces and adds to our understanding of the depth and variety of trans Pacific relations
