Power And Conflict Toward A General Theory Violence Cooperation Peace:

Power and Conflict Hubert M. Blalock, Jr., 1989-10-01 In *Power and Conflict* the author defines social conflict as the international mutual exchange of negative sanctions or punitive behaviors by two or more parties which may be individuals corporate actors or more loosely knit quasi groups In building this general theory Blalock discusses the generalities of a power framework analyzes the ideology of conflict defines the reactive and dynamic processes and summarizes the various arguments by creating a general model of conflict *Understanding Conflict and Conflict Analysis* Ho-Won Jeong, 2008-04-08 effectively fills a long standing void and will no doubt be hailed as a much needed new addition to the literature This text very much exemplifies the strength of Ho Won Jeong as a theorist and one of the more prolific writers in the larger peace and conflict studies field the final three chapters on De escalation Dynamics which includes a brief section on third party intervention on Conciliation Strategies and especially the one on Ending Conflict which provides a range of outcomes beyond the usual focus on third party intervention read mediation epitomizes the value of this new text *Journal of Peace Research* an awesome tour d horizon of modern war violence and confrontation within and between nations Illustrating via just about every conflict in every corner of the world the author invokes an endless array of insights and interpretations ranging from the micro to the macro beautifully written in a seamless sequence of closely linked and discursive essays Professor J David Singer University of Michigan Ho Won Jeong has written an illuminating analysis of the dynamics of conflict He lays out the tools we have to analyze conflict in a literate and comprehensive way A valuable book for anyone interested in a more comprehensive understanding of conflict its sources and its deescalation and termination Janice Gross Stein Belzberg Professor of Conflict Management Director Munk Centre for International Studies University of Toronto Jeong has successfully combined behavioral and structural analysis of the dynamics of social conflict This volume covers the multiple dimensions escalation entrapment de escalation termination and resolution both of violent and non violent confrontation between adversaries as well as the utility and limitations of external intervention For students of the social sciences it should serve as an excellent introduction to the complex realities of social conflict Milton Esman John S Knight Professor of International Studies Emeritus Cornell University By examining the dynamic forces which shape and re shape major conflicts this timely book provides students with the knowledge base needed to successfully study conflict sources processes and transformations Broad in focus it addresses the multiple social political and psychological features central to understanding conflict situations and behaviour A range of both recent and historical examples including the Arab Israeli conflict the War on Terrorism the Cold War and the civil wars in Sudan former Yugoslavia and Sri Lanka are discussed illustrating the application of concepts and theories essential to the analysis of inter group inter state and intra state conflict and conflict resolution in a wider context *Understanding Conflict and Conflict Analysis* is key reading for students of international relations peace and conflict studies conflict resolution international security and international law Violence

in America Ted Robert Gurr, 1989-06 An excellent companion to *Violence in America: The History of Crime* this volume provides fascinating insight into recently developed theories on the sources of recurring conflict in American society With their main focus on traumatic issues that have generated group violence and continue to do so the contributors discuss the most intractable source of social and political conflict in our history the resistance of Black Americans to their inferior status and the efforts of White Americans to keep them there Other intriguing topics include the emergence and decline of political terrorism and the continuation of violent threats from right wing extremists such as the Klan the Order and the Aryan nations The basic assumption underlying all interpretations is that group violence grows out of the dynamics of social change and political contention The idea presented is that the origins processes and outcomes of group violence like the causes and consequences of crime must be understood and dealt with in their social contexts This volume is essential reading for students and professionals in history criminology victimology political science and other related areas SEE QUOTE W

VOLUME ONE The Indigenous Voice in World Politics Franke Wilmer, 1993-09-10 Indigenous peoples represent the unfinished business of decolonization In this fascinating volume Franke Wilmer examines how indigenous activists are cultivating international support for a program of self determination and legal protection as well as how the indigenous voice in world politics is transforming civic discourse within the international community With the United Nations designation for 1993 as the Year of Indigenous Peoples this book could not be more timely in its subject matter or in its scale of coverage The *Indigenous Voice in World Politics* will serve as a benchmark text for students in ethnic studies political science development studies sociology and international relations The topic area that Dr Wilmer has defined is a vital one that will appeal to a broad and growing audience It is not only of great importance and interest morally and politically but in Wilmer's hands of great significance intellectually Indeed Wilmer's ability to combine the moral political with the intellectual theoretical is exceptional and a great source of this project's originality and power This book will find readers among human rights activists ethnologists sociologists cultural anthropologists students of international relations and laypersons interested in indigenous peoples especially American Indians This is an impressive project Richard H Brown University of Maryland at College Park This is one of the few times anyone from the political science discipline has taken a very good cross view of what has transpired in indigenous cultures Ron LaFrance American Indian Program Cornell University The *Indigenous Voice in World Politics* stands as a benchmark text for use in both undergraduate and graduate courses emphasizing or including consideration of the international status of indigenous peoples Ward Churchill American Indian Studies University of Colorado at Boulder While Wilmer's analysis of the legal and philosophical debate on the status of indigenous peoples draws heavily on the U S experience specific examples of the fate of these communities are drawn from all around the globe This book would make an excellent text for courses in American Indian studies political science international relations and international law as well as a useful supplementary text for courses on ethnic and racial minorities Sociological Imagination

Constructive Conflicts Bruce W. Dayton, Louis Kriesberg, 2022-07-22 Substantially revised for the sixth edition

Multi-Level Reconciliation and Peacebuilding Kevin P. Clements,SungYong Lee,2020-12-06 This edited volume examines the group dynamics of social reconciliation in conflict affected societies by adopting ideas developed in social psychology and the everyday peace discourse in peace and conflict studies The book revisits the intra and inter group dynamics of social reconciliation in conflict affected societies which have been largely marginalised in mainstream peacebuilding debates By applying social psychological perspectives and the discourse of everyday peace the chapters explore the everyday experience of community actors engaged in social and political reconciliation The first part of the volume introduces conceptual and theoretical studies that focus on the pros and cons of state level reconciliation and their outcomes while presenting theoretical insights into dialogical processes upon which reconciliation studies can develop further The second part presents a series of empirical case studies from around the world which examine the process of social reconciliation at community levels through the lens of social psychology and discourse analysis This book will be of much interest to students of peacebuilding conflict resolution social psychology discourse analysis and international relations in general

Choice ,2008 Minutes to Midnight Frances B. McCrea,Gerald E. Markle,1989-08 Recipient of the 1991 Scholarly Achievement Award of the North Central Sociological Association Minutes To Midnight is a timely examination of one of the preeminent moral political and economic dilemmas of our time McCrea and Markle explore the dynamics of social movements behind antinuclear weapons campaigns in America from the earliest post war atomic scientists movement to the ban the bomb efforts to the ill fated Freeze movement of the 1980s The authors note that the atomic scientists movement was the first attempt by scientists as scientists to protest the uses of their own creation

They locate contemporary problems in their historical context by exploring the ways in which traditional pacifist groups provided the infrastructure and directly presaged in strategy tactics and organizational dilemmas the Freeze movement The authors use their information on antinuclear protest activity as a way of understanding how social movements are founded how they fare and how social change occurs in postindustrial society This highly readable book will be of interest to a broad interdisciplinary audience of scholars professionals graduate students and upper division undergraduates in political science peace studies American studies sociology and the study of social movements international relations and history An excellent supplementary reading in college courses on social movements and political sociology will stimulate discussion and debate on perhaps the most important issue of the century Contemporary Sociology The book clearly applies social theory to richly described cases of American protests against nuclear weapons admirably the cases are viewed as linked within a broad historical context Louis Kriesberg Syracuse University For those interested in group theory it does compile some useful information on the strategies and tactics of the various associations discussed Upper division undergraduates graduate students and general readers Choice **Books in Print** ,1991 Subject Guide to Books in Print ,1996 **The British National Bibliography** Arthur James Wells,1968 Library Acquisitions List Martin P.
