Practising Gender Analysis In Education Oxfam Skills And Practice Series:

Practising Gender Analysis in Education Fiona Leach,2003 **Practising Gender Equality in Education** Elaine Unterhalter,Sheila Aikman,2007 Contributors discuss some key challenges in achieving gender equality in education give examples of initiatives in a range of contexts and make recommendations for action They suggest that there is a more substantive goal to aim for than gender parity for an equitable education system which allows all individuals to develop their potential *The Gender-responsive School* Catherine Atthill,Jyotsna Jha,2009 Shows teachers headteachers and school administrators how to spot the key spaces in school life where gender is important This title gives them tools to address gender biases by changing attitudes and ideas among staff and students It is full of activities that can be undertaken at either individual or group level **Practising Gender Analysis in Education** Fiona E. Leach,2003 This companion applies the Harvard framework women s empowerment approach gender analysis matrix and social relations approach to analysis of a variety of educational contexts including national education policies and projects schools colleges ministries teaching and learning materials and school and teacher training curricula **New Directions in African Education** S. Nombuso Dlamini,2008 A collection of essays which critically examines education in the African context and presents possible courses of action to reinvent its future **Pakistan Journal of Women's Studies** ,2005 *Routledge Handbook of International Education and Development* Simon McGrath,Qing Gu,2015-07-24 This timely Handbook takes stock of the range of debates that characterise the field of international education and development and suggests key aspects of a research agenda for the next period It is deliberately divergent in its approach recognising the major ideological and epistemological divides that characterise a field that draws on many traditions Leading and emergent voices from different paradigms and contexts are afforded a space to be heard and each section puts current debates in larger historical contexts The Handbook is divided in four parts and book ended by an introduction and a conclusion the latter oriented towards the implications that the volume has for future research agendas The first part explores major strands of debates about education s place in development theory The second acknowledges the disciplining of the field by the education for all movement and examines the place that learning and teaching and schools play in development Part three looks beyond schools to consider early years adult and vocational education but focuses particularly on the return to thinking about higher education s role in development The final part considers the changing but still important role that international cooperation plays in shaping education in developing countries Featuring over thirty chapters written by leading international and interdisciplinary scholars the Routledge Handbook of International Education and Development offers the first comprehensive and forward looking resource for students and scholars **Gender and Education in Kenya** Esther Mukewa Lisanza,2021-04-28 Gender and Education in Kenya explores the intersections of curriculum pedagogy policy and gender The contributors study depictions of gender in textbooks the presence and roles of girls and women within classrooms in Kenya and female leadership in education arguing

that despite recent policies put in place by the Kenyan government to ensure gender parity in education there is still a need to make curriculum more gender responsive Gender and Education in Kenya examines the disparity between male and female representation in education and advocate for more training for teachers about gender related educational policies and implementing gender responsive objectives in classrooms The collection concludes with a study of the intersection of gender and disability with a chapter that explores the additional challenges for a blind girl in school and the lack of policies in place to help disabled students Education and International Development Tristan McCowan, Elaine Unterhalter, 2021-08-12

Education and International Development provides an introduction to the debates on education and international development giving an overview of the history influential theories key concepts areas of achievement and emerging trends in policy and practice Written by leading academics from Canada India Netherlands South Africa UK USA and New Zealand this second edition has been fully updated in light of recent changes in the field such as the introduction of the Sustainable Development Goals and the increased focus on environmental sustainability and equality The book includes three new chapters on private providers decolonisation and learning outcomes as well as a range of pedagogical features including key concept boxes biographies of influential thinkers and practitioners further reading lists questions for reflection and debate and case studies from around the developing world *What Works in Girls' Education* Gene B Sperling, Rebecca

Winthrop, 2015-09-29 Hard headed evidence on why the returns from investing in girls are so high that no nation or family can afford not to educate their girls Gene Sperling author of the seminal 2004 report published by the Council on Foreign Relations and Rebecca Winthrop director of the Center for Universal Education have written this definitive book on the importance of girls education As Malala Yousafzai expresses in her foreword the idea that any child could be denied an education due to poverty custom the law or terrorist threats is just wrong and unimaginable More than 1 000 studies have provided evidence that high quality girls education around the world leads to wide ranging returns Better outcomes in economic areas of growth and incomes Reduced rates of infant and maternal mortality Reduced rates of child marriage Reduced rates of the incidence of HIV AIDS and malaria Increased agricultural productivity Increased resilience to natural disasters Women s empowerment *What Works in Girls Education* is a compelling work for both concerned global citizens and any academic expert nongovernmental organization NGO staff member policymaker or journalist seeking to dive into the evidence and policies on girls education The British National Bibliography Arthur James Wells, 2003 **From**

microscope to kaleidoscope, 2008-01-01 What new understandings concerning children and significant others in their life worlds have become apparent because of the HIV AIDS pandemic This innovative book argues that new insights on education and psychosocial aspects surface when research in the realm of HIV AIDS is viewed through a positive psychology lens By converging in depth exploration and description the book pinpoints vital persons supporting children s wellbeing and posits changed roles due to pandemic related stressors The significance of different education role players children teachers

caregivers community members is addressed in separate chapters using pioneering theory and empirical data that are integrated with dynamic case examples visual data and narratives Ebers hn s edited book emphasises supportive persons and networks as buffers children access to mediate their coping when confronted by HIV AIDS related stressors Throughout the links between psychosocial support changed roles and responsibilities and resilience in the advent of adversity are clearly and thoughtfully demonstrated A concluding chapter questions why and what happens to children s wellbeing when society fails to provide supportive networks and services Forthcoming Books Rose Arny,2003 **Learning Science in Out-of-School Settings** Nancy Longnecker,Daniel H. Solis,Chantal Lise Barriault,Marianne Lykke,2022-09-05 Journal of Psychology in Africa (south of the Sahara, the Caribbean, and Afro-Latin America) ,2008 Journal of Psychology in Africa ,2008 *Women in Developing Countries* Karen L. Kinnear,2011-07-22 This book provides a much needed survey of the discrimination and violence against women in developing countries and identifies the literature and resources available about this topic Because of improvements in communication technologies the West has become increasingly aware of horrific examples of ongoing discrimination and violence against individual women in developing countries As a result more attention is being paid to the gender bias and hardship that women in developing countries face in their everyday lives and the importance of these women in economic development and the alleviation of poverty is starting to be recognized *Women in Developing Countries A Reference Handbook* addresses topics like the status of women in developing countries their access to education health care and the political process their legal status the extent to which they are considered property female genital mutilation and other harmful practices and other timely issues This book also provides statistical information data on selected nongovernmental organizations NGOs and other organizations set up to improve the lives and advance the status of women and sources of further information in print and nonprint media **Global Mindedness in International Social Work Practice** Janet Carter Anand,Chaitali Das,2019-04-10 International social work is too often used as a bolt on subject which considers others outside the national framework Instead this book encourages readers to embrace the concept of globally minded social work practice This means paying closer attention to globalisation and broader issues of social justice mirroring the kind of changing professional context social workers practice in today Drawing on a Local Global Local framework the authors promote critical reflection and dialogue across diverse contexts of practice They outline why global mindedness is a priority for the future of social work practice before considering how it is defined and applied in practice Examples are drawn from a wide range of contexts including working with children young people adults and communities across different countries **Gender, Education, and Training** Caroline Sweetman,1998-01-01 A collection of articles by development workers and researchers focusing on learning opportunities for women offered by education and training Women make up an estimated two thirds of the world s illiterate people the contributors to this book reflect on the causes and consequences of this A Guide to Gender-analysis Frameworks Candida March,Ines A. Smyth,Maitrayee

Mukhopadhyay, 1999 This is a single volume guide to all the main analytical frameworks for gender sensitive research and planning It draws on the experience of trainers and practitioners and includes step by step instructions for using the frameworks
