, Becoming What We Sing David Lemley, 2021-01-07 Contemporary worship music is ubiquitous in many Protestant Christian communities today Rather than debating or decrying this post worship wars reality David Lemley accepts it as a premise and examines what it means for us to be singing along with songs that aren't so different from the pop genre How do we cope with the consumerism embedded in the mentality that catchy is good How do we stay committed to subverting cultural norms as Christians are called to do when our music is modeled after those cultural norms How do we ensure that the way we participate in the liturgy of contemporary worship music rehearses a cruciform identity Becoming What We Sing draws on cultural criticism ethnomusicology and liturgical and sacramental theology to process the deluge of the contemporary in today's worship music Lemley probes the thought of historical figures such as Augustine Hildegard of Bingen Martin Luther and the Wesleys while also staying situated in the current moment by engaging with cultural philosophers such as James K A Smith and popular artists such as U2 The result is a thorough assessment of

contemporary worship music's cultural economy that will guide readers toward greater consciousness of who we are becoming as we sing our way into selves, societies and cosmic perspectives **Military Chaplains' Review**, 1983 The Sacraments Joseph Martos, 2009-08-01 What are the sacraments really? For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects. What precisely are those effects and how are they produced? Traditional theology used Greek philosophy to understand the sacraments and how they work. But is there no other way to understand them? In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses: psychology, sociology, anthropology, history, theology, morality and spirituality. As the introduction to this volume challenges. If you read this book and especially if you engage in the interactive study to which it invites you, your understanding of sacraments will be changed forever. To help personalize your investigation, the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume. To engage these topics more deeply see [www.TheSacraments.org](http://www.TheSacraments.org) *Beyond Ritual* Siobhán Garrigan, 2017-03-02 In *Beyond Ritual* Siobhán Garrigan uses Habermas's theory of communicative action to suggest two things: first, a method by which theology can access the ritual symbols by which faith is formed and secondly, a metaphor of intersubjectivity with which theology can propose an interpretative rather than an instrumental understanding of sacramentality and thus of God. Through fieldwork studies of both marginal and mainstream Christian Eucharists, Garrigan develops the conversation between Habermas's philosophy and Christian theology, showing how ritual interactions form and challenge our very idea of God. Become What You Receive: A Systematic Study of the Eucharist John H. McKenna, CM, 2022-01-07 In this remarkable book, theologian and teacher Rev John McKenna examines our use of sign and symbol as it pertains to the study of the Eucharist, the source and summit of the Church. In clear and accessible language, he clarifies the use of sign and symbol from anthropological, phenomenological, Old and New Testament perspectives. He expertly analyzes historical backgrounds as well as current eucharistic theologies. *Systematic Theology* Francis Schüssler Fiorenza, John P. Galvin, The disciplinary barriers that have divided the confessions are broken through not only in biblical or historical studies but in dogmatics itself. George A. Lindbeck This is a fine introduction to the major areas in Roman Catholic systematic theology produced by a first rate team of scholars. It should be widely used in colleges and theological schools. Gerald O. Collins, S.J., Dean of the Theology Faculty, Gregorian University. This fine collection brings together recent Roman Catholic and ecumenical discussion on major theological themes. It is a contemporary and collaborative summa valuable for students and teacher alike. Ann E. Carr, Professor of Theology, The Divinity School, University of Chicago. *Introduction to Christian Worship* James F. **The Holy Preaching** Paul Janowiak, 2000 The reform of the liturgy has dramatically changed the way Roman Catholics and all Christians understand their worship The arena of the encounter has shifted from a passive experience of observation of the great Mysteries to one that invites active participation on many levels Yet the imagination of many who preach preside and gather to worship continues to be shaped by a passive model as well as by the notion of sacramental activity as a product to be received or given In *The Holy Preaching* Janowiak deepens the discussion of Christ's presence in the Word by offering reflection on the disparity between the theology and the practice of preaching and some explanation as to why that disparity exists

*Christian Sacraments in a Postmodern World* Kenan B. Osborne, 1999 Radically rethinks sacramental life and theology from the standpoint of postmodern philosophy

The Liturgy in the Catechism Regis A. Duffy, 2010-05-01 In this book a leading liturgist gives a step by step commentary on Part Two of the Catechism of the Catholic Church He links liturgy with catechesis and with conversion and discusses the ways in which the Church teaches and celebrates God's salvation and gives us a way of gospel living Worship teaches in ways that intellectual arguments cannot Since the Catechism connects God's creation and our new creation in Christ as a context for the liturgy the author emphasizes the importance of celebrating and teaching liturgy within the contemporary culture of society He sees the liturgical calling down of the Holy Spirit as a source of mission for the local Church and as an impetus towards participation in a specific community

**Systematic Theology** Thomas P. Duffy OFM, 2010-05-01 Drawing upon the long history of care in the sacramental mission of the clergy especially since the reforms of Vatican II Father Duffy offers a new model that can stimulate both Catholic and Protestant pastoral care to fresh thinking and imaginative reconstruction The model derives from the catechumenate that lengthy process of study and service which down through the ages has preceded baptism and guided Christian formation Reflecting a judicious use of interdisciplinary insights and praxis theology Father Duffy's vision represents an ecumenical contribution to sharpened focus and strengthened identity for pastoral care and practice
