Andrew Savikas,2004-11-22 As one of the applications in Microsoft Office Word is the dominant word processing program for
both Windows and Mac users Millions of people around the globe use it But many if not most of them barely skim the surface
of what is possible with Microsoft Word Seduced by the application s supposed simplicity they settle for just what s obvious
even if it doesn t satisfy their wants and needs They may curse the wretched Bullets and Numbering buttons multiple times a
day or take hours to change the font size of every heading in a lengthy report yet they re reluctant to dig deeper to take
advantage of Word s immense capabilities and limitless customization tools Let Word Hacks be your shovel Let it carve your
way into Word and make this most popular and powerful application do precisely what you want it to do Filled with insider
tips tools tricks and hacks this book will turn you into the power user you always wanted to be Far beyond a tutorial Word
Hacks assumes you have a solid working knowledge of the application and focuses on showing you exactly how to accomplish
your pressing tasks address your frequent annoyances and solve even your most complex problems Author Andrew Savikas
examines Word s advanced and often hidden features and delivers clever time saving hacks on taming document bloat
