Realising Qualitative Research In Higher Education:

Realizing Qualitative Research into Higher Education Craig Prichard, Paul Trowler, 2018-10-10 Originally published in 2003 Realizing Qualitative Research into Higher Education looks at how qualitative research in broad terms confronts the question of the researcher's involvement in the production of knowledge However the method adopted even in highly positivist qualitative work has a history that bears on the research This volume provides examples of engaging research work outlining the key research process and examining the links between this and the final report

A Research Agenda for Global Higher Education Huisman, Jeroen, van der Wende, Marijk, 2022-02-11 This innovative Research Agenda critically reflects on the state of the art and offers inspiration for future higher education research across a variety of geographical disciplinary and theoretical perspectives It explores the impact of Covid 19 and the need to re-engage with the Global South and reconsider conventional paradigms and assumptions Leading international contributors address a set of salient issues ranging from research on macro level themes to meso and micro level phenomena

Cultures and Change in Higher Education Paul Trowler, 2008-08-20 Describes approaches to understanding cultures in higher education paying particular attention to cultures and cultural construction at departmental level Implications of cultural characteristics for issues around change initiatives including the enhancement of teaching learning and assessment are a key focus of this book

Global Trends in Higher Education Quality Assurance Susanna Karakhanyan, Bjørn Stensaker, 2020-09-07 Globalization massification of tertiary education and ICT revolution have radically altered the tertiary education environment posing new challenges to governments higher education providers and other key stakeholders in terms of relevance and credibility of provisions With the radical alterations it became clear that the traditional means for internal and external evaluations are no longer adequate to ensure the acceptable level of tertiary education performance to meet the society development needs Considering one of the primary roles of quality assurance in tertiary education is ensuring relevance and credibility of tertiary education provisions to the ever changing needs of the macro world of industry politics and society at large more and more governments are currently prioritizing quality assurance to drive the required changes in governance of higher education systems mutual recognition across national borders and accountability to the public in different parts of the world As part of its mission the INQAAHE has undertaken a Global Study of both external and internal quality assurance developments worldwide in cooperation with the regional QA networks e.g. ENQA CANQATE APQN ANQAHE CEENQA in 2017 2018 The regions covered in this scoping study are as follows Africa the Arab Region Asia Pacific Eastern and Western Europe Latin America and the Caribbean and Northern America Global Trends in Higher Education Quality Assurance Challenges and Opportunities in Internal and External Quality Assurance provides a comprehensive coverage of the trends and developments in higher education quality assurance as they refer to legitimacy trust efficiency and relevance

Research Journeys Chloe Blackmore, Elsa Lee, Emma Seal, 2013-12-12 The aim of this book is to provide prospective and current doctoral

students and their supervisors with a range of narratives of doctoral experiences The book is an outcome of a conference where both academic and professional doctorate students at different stages of their research shared their experiences of the process of completing a doctorate The ten candid accounts included in the volume provide a valuable insight into the kinds of challenges that arise and the ways in which these might or might not be overcome In so doing this book lifts the lid on some of the hitherto concealed aspects of the doctoral process The book also includes a chapter from an established academic with a record of writing about the doctoral student experience as well as inserts from a doctoral programme leader and an experienced academic supervisor In the Introduction the editors review some of the current literature on experiences of the doctoral research journey and the research process The book concludes with the editors reflections on both the unique nature of doctoral research for each individual and the common stages that students experience on the journey

Higher Education and Civic Engagement: International Perspectives Iain Mac Labhrainn, 2016-12-05 This volume provides an original and powerful contribution to debates about the civic purpose of higher education It suggests that universities can best realize their civic mission by making it central to their policy and practice Bringing together researchers from three continents the book offers an international perspective based primarily upon first hand pedagogical experience A transatlantic overview of the purpose place and practice of one such pedagogy service learning is provided and its potential as a foundation for civic engagement assessed In its last section the book moves from the theory of citizenship to practical considerations In doing so the book offers advice on establishing civic engagement to all those involved in teaching and learning within higher education

Khullar, 2023-01-01 Achieving the lofty Goal 4 of the UNSDGs which aims to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all will require the entire education system to be reconfigured a fact as aptly underlined in the National Education Policy 2020 of India This would essentially entail putting in place a very effective educational governance devised and formulated on the basis of cutting edge research outputs Three Volumes of the present book is a modest yet maiden attempt to comprehend and unfold the blending of diverse research methodologies and amply demonstrate through empirical findings that innovative policies and interventions curated on the basis of this approach of research can ensure quality education Governance emerges as one of the core areas for research Therefore Volume I provides a wide canvas of governance in general and educational governance in particular for research along with a unique opportunity to elaborate both the theory and practice of Quantitative Qualitative and Participatory Methodologies in researching governance that is the frontier challenge looking for suitable answers Volume II uniquely comprehends multiple aspects of quality in dynamic and wider perspectives as perceived by the primary stakeholders including community Refreshing insight into the quality perspectives of educational governance will facilitate the researchers to explore innovative interventions in respective areas of human development Community is the third constituent of governance along with the state and the market Therefore Volume III explores a futuristic vision of community governance leading to quality education Also an attempt has been made to critically appraise the provisioning of community governance including the local self governments as well as free and compulsory elementary education The Book is a live comprehension of the conceptual framework of research and methods along with handling of research problems at the ground It is like explaining how to by giving suitable case studies conducted

by the authors on educational governance It is hoped that the three Volumes will be an exciting learning experience that would enable us to address researching challenges over which the public policy makers researchers development administrators planners and students may build their concepts logical structures and planned interventions facilitating the achievement of effective educational governance at micro level ensuring quality education in the coming decades

Working Abroad in Higher Education Dr. Michael Clarke,2015-11-12 Everyone knows that there has been a marked increase in transnational higher education activity over the past twenty years But it is unclear how this has affected those who make their living in higher education which is why this research study is so important Dr Michael Clarke currently the Principal of Global College Malta explores the challenges that come along with the increased mobility that transnational higher education has allowed academics to enjoy focusing specifically on British expatriate academics based in the UAE Get answers to questions such as What are the benefits and drawbacks for British academics working abroad How does working overseas affect long term career aspirations What are conditions like at higher education institutions located overseas How can educational practices from overseas be used to improve education at home Whether you are an educator or an administrator in a higher education setting the insights and recommendations in this study will equip you with the tools you need to improve the learning experience for students and working conditions for staff *Goal-Setting and Problem-Solving in the Tech-Enhanced Classroom* Pete Atherton,2023-02-28 Goal Setting and Problem Solving in the Tech Enhanced Classroom explores how educators can use technology to create opportunities for more immersive and rewarding learning As child age students demonstrate increasing competence with digital tools and investment in learning technologies continues to climb teachers need grounded pedagogically attentive insights to help them leverage these devices and platforms in their profession This book offers a variety of ideas for how pre and in service teachers can successfully deploy today's educational technology platforms to serve confident meaningful teaching and learning Each chapter includes a concrete learning goal or problem a narrative of an instructional experience with a specific technology relevant theoretical and empirical underpinnings and practical recommendations *Educational Research* Heather Piper,Ian Stronach,2004 In the first chapter of this collection Liz Stanley calls for a more sympathetic and compassionate approach to educational research Other essays question current methodologies and approaches reflecting the remit of this Cardiff series **Competencies, Higher Education and Career in Japan and the Netherlands** Jim Allen,Yuki Inenaga,Rolf van der Velden,Keiichi Yoshimoto,2007-09-20 This book investigates how social and cultural factors affect the education training and career development of graduates of higher education in Japan and the Netherlands The aim of this book is to explore how Dutch and Japanese graduates choose and develop their careers in reference to the above mentioned challenges It is based on a unique data set consisting of surveys held among graduates three and eight years after leaving higher education Women Education in 21st Century Riley Witt &,2019-09-17 In no society do women yet enjoy the same opportunities as men They

work longer hours and they are paid less both in total and prorata Their choices as to how they spend their time in both work and leisure are more constrained than they are for men These disparities generate substantial gaps between how much women and men can contribute to society and how much they respectively share in its benefits In most countries a fundamental aspect of these disparities is inequality in access to and performance in education The education of girls and women has been recognized for several decades as a fundamental human right and a developmental necessity Never the less large gender disparities in enrolment and learning achievements persist Eradicating these disparities is well within the power and spending capacity of the world s governments This book covers all the issues related to women education which makes it a comprehensive and an authentic work on the subject It will be a highly beneficial reference tool for education administrators government and non governmental organizations policy makers teachers and students of women studies and all who work for women s welfare

Developing Habits of Noticing in Literacy and Language Classrooms Alyson Simpson, Francesca Pomerantz, Douglas Kaufman, Sue Ellis, 2019-08-15 Noticing is an essential aspect of professional expertise in teaching a skill that draws on deep professional knowledge in ways that affect how teachers are aware of respond to and meet the needs of their students Being a noticing teacher in the language and literacy classroom can make a real difference to students progress as readers and writers to their literacy attainment and to their engagement with learning This international research informed book is unique in its focus on literacy and language The authors explore models and methods to embed both noticing and the development of teacher agency and grounded knowledge into teacher education programs and school practices To further the professional knowledge and agency of noticing teachers the authors argue that research policy and the professional community need to understand how noticing skills can be woven into the policy and practice contexts of the literacy teacher s work **Developing Habits of Noticing in Literacy and Language Classrooms** Research and Practice across Professional Cultures is designed to help teachers researchers and school leaders think in new ways about how noticing operates in the context of the literacy classroom and how it can be supported Each chapter provides a valuable insight into how teachers learn from their students in the course of teaching activities to be responsive analytical and inspirational

Mathematics Teacher Noticing Miriam Sherin, Vicki Jacobs, Randy Philipp, 2011-02-01 Mathematics Teacher Noticing is the first book to examine research on the particular type of noticing done by teachers how teachers pay attention to and make sense of what happens in the complexity of instructional situations In the midst of all that is happening in a classroom where do mathematics teachers look what do they see and what sense do they make of it This groundbreaking collection begins with an overview of the construct of noticing and the various historical theoretical and methodological perspectives on teacher noticing It then focuses on studies of mathematics teacher noticing in the context of teaching and learning and concludes by suggesting links to other constructs integral to teaching By collecting the work of leaders in the field in one volume the editors present the current state of research and provide ideas for how future work could further the
