Reality Fundamental Topics In Metaphysics:

Reality Peter Loftson, 2001-01-01 Explores some of the major topics in metaphysics such as essence existence substance purpose space time mind causality God freedom and the possibilities of immortality An excellent companion to metaphysical studies

Reality Peter Loftson, 2001 In this compelling work Peter Loftson provides an accessible exploration of the major topics in metaphysics He considers problems such as essence existence substance purpose space time mind causality God freedom and the possibilities of immortality In addition he looks at the major historical metaphysical systems and defends the metaphysical project as a whole The book offers both historical and contemporary perspectives and includes Loftson's lucid arguments in which he propounds a naturalist and common sense view of the world Loftson defends the ineliminability and the logical or categorical mutual irreducibility of individual substances he advocates an empiricist view of space but a rationalist view of time and he presents a treatment of possible worlds that limits them to cases with only actual members In a special contribution he explores the idea of metaphysical luck which leads to puzzling and significant results Replete with historical references explanations of terminology and directional signposts the book provides an excellent companion to metaphysical studies filling a gap for scholars and specialists in this field

Reality Peter Loftson, 2010-10-27 In Reality Fundamental Topics in Metaphysics Peter Loftson argues for a conception of metaphysics as the most general or comprehensive method of inquiry Working from a broadly analytic and naturalist perspective he confronts positions that claim metaphysics to be impossible as advanced in ancient Kantian post Kantian and contemporary philosophy showing them to be unsuccessful He draws the topics of his selective investigation of metaphysics partly from the work of Kant whom he conceives as a primary guide to what metaphysical enquiry seeks to know Loftson provides accounts of basic categories of what is real and outlines major historical metaphysical systems He then goes on to explore aspects of existence essence substance universals space time causality mind freedom and other topics This important contribution to metaphysics offers both sustained arguments on all aspects of the subject and important insights into the major metaphysical systems from the history of philosophy The first edition of Reality appeared in 2001 to great acclaim For this new edition the author has augmented the work's original arguments and extensively enlarged its scope and engagement with current stances and debates
