Reasonable Faith Responding To Secularism:

A Reasonable Faith Anthony Campolo, 1985-11 **Reasonable Faith for a Post-secular Age** William Greenway, 2020

Our global community desperately needs overt awakening to an age of reason and faith. Reasonable Faith for a Post Secular Age meets this need by interpreting faith not in terms of belief in propositions but in terms of living surrender to having been seized by agape for every face including one's own. Virtually all faith traditions from Buddhism to Humanism to Wiccan are rooted in agape and therefore share considerable spiritual and ethical common ground, a truth long veiled. In contrast to ethically feckless secular rationality over which a devastating global social Darwinism currently runs roughshod, faith qua living surrender to agape grounds moral realism, awakens us to love for all creatures and inspires struggles for justice. Inspired by the philosophy of Emmanuel Levinas and Christian spirituality, Greenway engages on the one hand intellectuals like Stanley Hauerwas, Richard Rorty, Gayatri Chakravorty Spivak, Jeffery Stout, Charles Taylor, and Bernard Williams, and on the other contemporary debates over consciousness, free will, evil, and metaethics. He details the character of secular rationality's devastating scission from moral reality and clarifies the promise of understanding faith and spirituality in terms of agape.

A Strategy For Reaching Secular People Ernan A. Norman, D. Min., 2007-05-11

Dr. Ernan A. Norman, D. Min., has identified strategies to implement John 13:35: "All people will know that you are my followers if you love each other." An excellent source for the essential principles of discipleship in a postmodern world, this book is written in nontechnical language based on the experiences as a student pastor and professor. I believe that the concepts presented are fundamental and are in harmony with the model demonstrated by Jesus during His ministry on earth. Meeting people at their level, putting their needs ahead of His own, treating people with respect, befriending the nonreligious, and inviting them into a relationship with Himself are some of the concepts that are identified and supported as strategies for reaching secular people. This book is an outstanding and important piece of work and easily readable. I would urge **A Strategy for Reaching Secular People** on members and leaders in every church if they are willing to challenge basic assumptions and embrace change relative to reaching lost people. Strategies that remove the barriers that keep people from hearing about God's love and to create a warm, friendly, uncritical, and nonjudgmental attitude of acceptance are clearly presented. Full of practical how-to's and watch out's, this book by Ernan Norman is for individuals serious about sharing the love of God. As we interact with and minister to secular people, matters such as marriage and family, academics, employment, addictions, and human rights must be addressed. Norman clearly gives strategies for intentional efforts to reach secular postmodern men and women in our day. The central concept is the example of Jesus that we should follow. A must read.

Rawls, Political Liberalism and Reasonable Faith Paul Weithman, 2016-08-11

For over twenty years Paul Weithman has explored the thought

of John Rawls to ask how liberalism can secure the principled allegiance of those people whom Rawls called citizens of faith. This volume brings together ten of his major essays including one new unpublished essay which reflect on the task and political character of political philosophy the ways in which liberalism does and does not privatize religion the role of liberal legitimacy in Rawls's theory and the requirements of public reason. The essays reveal Rawls as a thinker deeply engaged with political and existential questions that trouble citizens of faith and explore how in firm opposition to political realism he tries to show that the possibility of liberal democracy and the natural goodness of humanity are objects of reasonable faith. The volume will be of interest to political philosophers political theorists moral theologians and religious ethicists. Bill Bright and Campus Crusade for Christ John G. Turner, 2009-11-30 Founded as a local college ministry in 1951 Campus Crusade for Christ has become one of the world's largest evangelical organizations today boasting an annual budget of more than 500 million. Nondenominational organizations like Campus Crusade account for much of modern evangelicalism's dynamism and adaptation to mainstream American culture. Despite the importance of these parachurch organizations says John Turner historians have largely ignored them. Turner offers an accessible and colorful history of Campus Crusade and its founder Bill Bright whose marketing and fund raising acumen transformed the organization into an international evangelical empire. Drawing on archival materials and more than one hundred interviews Turner challenges the dominant narrative of the secularization of higher education demonstrating how Campus Crusade helped reestablish evangelical Christianity as a visible subculture on American campuses. Beyond the campus Bright expanded evangelicalism's influence in the worlds of business and politics. As Turner demonstrates the story of Campus Crusade reflects the halting movement of evangelicalism into mainstream American society its awkward marriage with conservative politics its hesitancy over gender roles and sexuality and its growing affluence. **Never Again** Emma Etuk, 2008-05 In this book you will learn how Africa is greatly endowed and blessed her contributions to world civilization experiences with colonialism and neo colonialism her need to excel produce or perish the lessons from history and Never Again. *Taking Discipleship Seriously* Tom Sine, 2020-07-29 When Jesus calls us to follow him he is not looking for occasional use of our gifts he wants our lives. With this bold challenge Tom Sine calls on today's Christians to recapture the total commitment of first century disciples who truly lived out their faith in answer to Christ's call. Such a radical biblical view of God's kingdom has implications touching every area of a Christian's life as well as a far reaching effect on the larger mission of the church. Sine urges churches to set aside self involved agendas to seek God's will in a world of exploding needs. They are encouraged to become agents of change in their communities to improve the plight of needy __ persons with a hand up rather than a handout. As individuals and study groups read how Christians have placed concern for God's kingdom above personal desires they will be stimulated to think deeply about their responses to Christ's invitation. Voices of Yugoslav Jewry Paul Benjamin Gordiejew, 2012-02-01 Voices of Yugoslav Jewry emphasizes the role of history in shaping Yugoslav Jewish identity World War II imposed irreversible effects on this population of Jews leaving them with an acute sense of disjuncture and fragmentation This once unified Jewish community lost its secure place in the politico symbolic order of a single multiethnic state and the surviving local Jewish communities which are now a part of new states face the task of refashioning their identities once again The process of creating the new Yugoslavia has allowed for the emergence of a new Jewish collective voice one that blended harmoniously with the emerging voice of Tito This collective voice manifested itself by using language material culture and dramaturgical performances in ways that exhibited high public integration with the symbolic order of the new state In searching for the voices of individuals and listening to them closely a wide range of diverse individual experiences and ways of constructing meaningful Jewish selves can be heard It is these voices that constitute the core of the book
