Rebels And Bureaucrats Chinas December 9ers:

Rebels and Bureaucrats John Israel, Donald W. Klein, 1974 *Tools of War, Tools of State* Robert Tynes, 2018-09-01
Examines why many governments rebels and terrorist organizations are using children as soldiers Despite the supposed taboo against the practice many governments rebels and terrorist groups use children in war to spy and kill In *Tools of War* *Tools of State* Robert Tynes examines this complex problem demonstrating that the modern use of children in war is a tactical innovation He discusses how boys and girls on the battlefield bolster troop size create moral dilemmas and deepen the level of fear He also reveals how the practice has become an essential component for groups such as ISIS and al Shabaab in their state making projects Using statistical methods to analyze conflicts from 1987 to 2007 Tynes shows how widespread child soldier use is and confirms the theory that it is tactically advantageous Through historical analysis he explains how child soldiering developed out of Mao s protracted war theory and the militarization of youth during the twentieth century A case study of the civil war in Sierra Leone which details the brutality involved when children are forced to fight is included

Constitutional Reform and the Future of the Republic of China Harvey Feldman, Columbia University. Taiwan Area Studies Program, 1991 The conference that forms the basis for this book was held in Taipei in 1989 With contributions by political figures from both the Kuomintang and the opposition Democratic Progressive Party as well as leading scholars from Taiwan and the US this book discusses the critical issues affecting the future of Taiwan The book discusses Taiwan s economic achievements its pathbreaking experiments with political reform its unique patterns of political participation its example as a fully modernized Chinese cultural community its importance in the world trading system and its key role in Pacific Basin international relations It also discusses how these factors have made Taiwan a focus of interest for students of economic development comparative politics and international relations **Mobilizing Shanghai Youth** Kristin

Mulready-Stone, 2014-11-27 In the late nineteenth and early twentieth centuries youth emerged as a new and important social force in many parts of the world In China the image of this new youth imprinted itself on Chinese consciousness and made clear to potential national leaders that future governments would not be able to ignore China s youth or expect them simply to step in line For this and other reasons the Chinese Communist Party CCP the Chinese Nationalist Party GMD and a string of War of Resistance era collaborationist governments all formed youth organizations in an effort to win youth over and harness their vitality and enthusiasm to further their agendas *Mobilizing Shanghai Youth* explores the similarities and differences among three youth organizations that were connected to Chinese political parties or governments in Shanghai spanning from the beginning of the May Fourth Movement just as youth began to emerge as a powerful social and political force in China to World War II when Nationalist Communist and Japanese forces were still competing for dominance It takes a comparative approach in exploring the similarities and differences trials and tribulations in how the Chinese Communist Party Chinese Nationalist Party and a series of collaborationist regimes sought to appeal to youth through the Communist

Youth League the Three People s Principles Youth Corps and the China Youth Corps Focusing on Greater Shanghai allows a detailed exploration of the rise and fall of the original Communist Youth League and its connections to international communism The spotlight on Shanghai also yields the extraordinary finding that the Three People s Principles Youth Corps was a valuable asset to the Nationalist Party operating as a potent resistance organization in Japanese controlled Shanghai whereas branches in Nationalist controlled territory were factionalized dysfunctional and a terrible liability for the Party Most surprisingly the collaborationist China Youth Corps took the most practical and in some ways the most successful approach to mobilizing China s youth The result of exhaustive archival research this book will be of huge interest to students and scholars of Chinese history modern history Communism and the role of youth in revolution [Changes in China](#) Shao Chuan Leng,1989 Under Deng Xiaoping s dynamic leadership the People s Republic of China has embarked on a highly significant and ambitious modernization drive resulting in various political economic and social changes It is to the nature and extent of the reform program that the book addresses itself There is general consensus among the authors that important changes are taking place in Deng s China that affect various segments of the society Most authors seem to believe that although beset with problems and difficulties current reforms and changes are likely to be continued and expanded in the years ahead Contents include The Modernization of China 19th and 20th Century Comparisons and Contrasts Does the CCP have a Line Reform Succession and the Resurgence of China s Old Guard China s Future Leaders The Third Echelon Cadres Students Intellectuals and Political Reform in Mainland China Habits of the Heart Intellectual Assumptions Reflected by Chinese Reformers fr Tuo to Fang Lizhi China s Economic Reform at the Crossroads The Limits of Economic Change Lessons from Mainland China Changing Status of Women in the PRC New Trends in Marriage and Family in Mainland China Impacts from the Four Modernizations Campaign Military Modernization and Defense Policy in the People s Republic of China Deng Xiaoping and Modernization of the Chinese Military Change and Continuity in Contemporary PRC Foreign Policy Implications for the United States and Recent Legal Issues Between the United States and the People s Republic of China Co published with the Miller Center for Public Affairs *Accidental Holy Land* Joseph W. Esherick,2022-02-22 A free open access ebook is available upon publication Learn more at www.luminosoa.org Yan an is China s revolutionary holy land the heart of Mao Zedong s Communist movement from 1937 to 1947 Based on thirty years of archival and documentary research and numerous field trips to the region Joseph W Esherick s book examines the origins of the Communist revolution in Northwest China from the political social and demographic changes of the Qing dynasty 1644 1911 to the intellectual ferment of the early Republic the guerrilla movement of the 1930s and the replacement of the local revolutionary leadership after Mao and the Center arrived in 1935 In *Accidental Holy Land* Esherick compels us to consider the Chinese Revolution not as some inevitable peasant response to poverty and oppression but as the contingent product of local national and international events in a constantly changing milieu **Chen Duxiu, Founder of the Chinese Communist Party** Lee

Feigon,2014-07-14 This book is the first complete study of Chen Duxiu the controversial founder and first secretary general of the Chinese Communist party Disputing many conventional views of the New Culture movement and the early history of the party Lee Feigon examines the social and political context of Chen s ideas and actions particularly his relationship with the early Chinese youth movement Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 New Perspectives on Yenching University, 1916-1952 Arthur Lewis Rosenbaum,2015-01-08 Essays in New Perspectives on Yenching University 1916 1952 reevaluate the experience of China s preeminent Christian university in an era of nationalism and revolution Although the university was denounced by the Chinese Communists and critics as an elitist and imperialist enterprise irrelevant to China s real needs the essays demonstrate that Yenching s emphasis on biculturalism cultural exchange and a broad liberal education combined with professional expertise ultimately are compatible with nation building and a modern Chinese identity They show that the university fostered transnational exchanges of knowledge changed the lives of students and faculty and responded to the pressures of nationalism war and revolution Topics include efforts to make Christianity relevant to China s needs promotion of professional expertise gender relationships and coeducation the liberal arts Sino American cultural interactions and Yenching s ambiguous response to Chinese nationalism Japanese invasion and revolution **Wu Han, Historian** Mary G. Mazur,1955-01-01 This biography spotlights the life of a key Chinese intellectual Wu Han well known in China as a major twentieth century historian and democratic political figure World attention was drawn to Wu in the mid 1960s as the first of Mao Zedong s targets in the Cultural Revolution The biography locates Wu in the rapid changes in the social and political environment of his times from the early years of the twentieth century until his death in prison in 1969 With Wu Han s life as the focus the narrative deals with the momentous changes in Chinese society and government during the last century Mazur bases the biographical account on extensive interviewing in China and penetrates a great deal deeper than the conventional conception of the shift from Nationalist to Communist regimes in the PRC The complex life of Wu Han is of interest to specialist and non specialist readers alike both because of the broad relevance of the historical and political issues he and those around him confronted in the context of the times in China and because of the direct narrative biographical style revealing the conflicts and depth in the human situation Mazur relates Wu Han s life to the momentous changes and conflicts surging through Chinese society with special emphasis on the complex role intellectuals have played during the course of change Indoctrinating the Youth Jennifer Liu,2024-01-31 Indoctrinating the Youth examines how the Guomindang GMD or Nationalists sought to maintain control of middle school students and cultivate their

political loyalty over the trajectory of the Second Sino Japanese War Chinese Civil War and postwar Taiwan During the Sino Japanese War the Nationalists managed middle school refugee students by merging schools publishing and distributing updated textbooks and assisting students as they migrated to the interior with their principals and teachers In Taiwan the China Youth Corps CYC became a symbol of the regime s successful establishment Tracing Nationalist efforts to indoctrinate ideology and martial spirit Jennifer Liu investigates how GMD leaders Chiang Kai shek and his son Chiang Ching kuo tried to build support among young people in their efforts to stabilize Taiwanese society under their rule By comparing two key youth organizations the Three People s Principles Youth Corps in China and the CYC on Taiwan Liu uses education as a lens to analyze state building in modern China Liu s careful analysis of the inner workings of GMD youth organizations also illuminates the day to day operations of military training in gender segregated upper middle schools including how the government selected instructors and the skills taught to students According to Liu mandatory military training contributed to preventing major protest against the government but the policy was not without critics Intellectuals parents and students voiced their dissent at what they perceived as excessive control by a repressive government and a waste of resources interfering with academics The government mandated civics curriculum including government approved textbooks and standards reveals the characteristics and duties GMD officials believed modern citizens of the next generation should possess Through provisions for refugee students youth organizations military training and civics classes GMD secondary education policy played a critical role in the process of state building in both modern China and Taiwan Skillfully combining archival work in Nanjing and Taipei along with oral interviews with former students and CYC administrators instructors and members Liu offers a unique perspective toward a balanced assessment of Nationalist Party rule **Saving the Nation** Thomas H. Reilly,2020 While Protestant Christians made up only a small percentage of China s overall population during the Republican period they were heavily represented among the urban elite Chinese Protestant elites adapted both the social message and practice of Christianity so that they were better able to contribute to the building of a New China Saving the Nation recounts the history of the Protestant elite and their struggle to strengthen and renew their nation The Medieval Chinese Oligarchy David C Johnson,2019-09-10 Most modern scholars recognize that there were great differences between China s ruling elite in the middle and late traditional period many have called the period up through the T ang dynasty aristocratic in contrast to the more meritocratic and socially mobile age that followed But until now there has been no serious effort to discover how the social elite was defined in medieval times and who belonged to it David Johnson discusses in detail medieval definitions of the social elite and with the help of several manuscripts of the ninth century identifies the families that belonged to that class **Facing Japan** Parks M. Coble,2020-03-17 In Facing Japan Parks M Coble focuses on how events that took place during the Japanese occupation of Manchuria from 1931 until war erupted in 1937 affected the Chinese government and public opinion Both in the places where incidents occurred and in other centres of power Japanese threats

attacks and economic demands pressed Nationalist China relentlessly and aroused popular indignation Throughout most of the period Chiang kai Shek was trying to wrest control of China from all domestic rivals Aware that his army was inferior to Japan s his Nationalist government repeatedly made concessions in response to Japanese provocations Chiang busied himself with anti Communist campaigns leaving others to take public responsibility for his unpopular appeasement policies For such crises as the Mukden Incident and the Japanese attack on Shanghai Coble examines the tension that Chiang s policy caused within the Kuomintang and the alternatives put forward by other major leaders both inside and outside the government To further explore the political complexities of the day Coble traces the actions of regional leaders and their constantly changing relations to the central government in Nanking reviews editorials of various newspapers and chronicles the actions of student organizations and patriotic associations

The Danwei Xiaobo Lü,Elizabeth J. Perry,2015-02-24 The danwei or work unit occupies a central place in Chinese society To understand Chinese politics demands a better understanding of this system This volume provides a systematic study of the danwei system and addresses a variety of questions from historical and comparative perspectives

Legacies of Childhood Jon L. Saari,2020-03-17 Jon L Saari defines the generation of educated Chinese born around the turn of the twentieth century as the last to have the world of Confucian learning etched into their memories as schoolboys yet the first as a group to confront the intrusive Western world The legacies of growing up in a changing environment deeply affected this generation s responses to the further changes in the world they confronted as adults In the collapse of the Ch ing dynasty and the chaos of the early twentieth century traditional ideas of the self the nature of relationships in society and ethical behavior had to be reexamined and redefined To reconstruct what those who lived through and shaped this extraordinary period felt needed thought and became as children and adults Saari draws on autobiographical writings and his own interviews among the elderly on Taiwan and Hong Kong He interprets this material within its Chinese context but brings Western sociological anthropological and psychological insights to bear on it

Student Resistance Mark Edelman Boren,2019-04-25 Student Resistance A History of the Unruly Subject observes the rise and progression of student activism across the globe By selecting critical case studies from the medieval to modern period Mark Boren reveals how friction between activists and the academy can culminate in a violent struggle for power Using a uniquely international approach the book offers a comprehensive introduction to the history of university activism and its influence on national politics and broader social movements Specific instances of resistance from medieval uprisings across European universities to the Tiananmen Square Massacre are explored to produce a detailed historical study of power relations and oppression Globalization and rapid technological advances have established more accessible platforms for collective activism whilst recent political upsets have generated a ripe environment for students to increase their efforts of resistance This second edition addresses repercussions of the internet and social media age on the evolution of campus

activism in the United States and abroad from blacklivesmatter to the Palestinian West Bank protests This timely revision of Student Resistance continues to reflect on the vital role that resistance plays in the evolution of modern societies and the book remains an essential text for both students and scholars of youth activism Shamans, Housewives, and Other Restless Spirits Laurel Kendall, 1987-07-01 This exceptionally well written book is good reading not only for specialists but also for beginning students interested in women Korean culture and shamanism Journal of Asian Studies Kendall maintains a closeness with and respect for her subject that keeps away the chill of academic distance and yet avoids sentimentality Korean Quarterly Spring 2001 **Explaining Economic Policy Failure** Robert Charles Angel, 1991 **Pollution, Politics and Foreign Investment in Taiwan** James Reardon-Anderson, 2019-07-23 Lukang is a sleepy provincial town on the east coast of Taiwan The Lukang rebellion was a series of well organised mass demonstrations in 1986 and 1987 to block construction by the DuPont Corporation of a titanium dioxide plant nearby If this protest had occurred just a few years earlier no doubt it would have been crushed by a powerful government determined to promote development at any cost If it had been a few years later it probably would have passed unnoticed But it came at a time just when environmental consciousness in Taiwan had reached a critical mass and as the government was introducing political reforms allowing unprecedented scope to new forms of civil action In this atmosphere a handful of determined capable activists bent on keeping a giant multinational corporation out of their old home focused the attention of the entire island on Lukang raised the national consciousness about threats to the natural environment and challenged the rules that government officials and industrial leaders in Taiwan had come to take for granted The Lukang rebellion was one of those small events with large consequences that make for interesting and significant history
