Roswell The Naked Truth About The 1947 Ufo Crash At Roswell:

Roswell ,1996 *Southwest UFO Triangle Theory* Andrew Oien,2013 This is the next look at Roswell and the 1947 UFO crash Incident It is a big picture review of the before and after It gives a possible reason for UFO sightings and activities in the Colorado New Mexico and Texas areas It helps to explain why a UFO could have crashed so near to Roswell It shows a 1946 and 1996 aerial photo of the reported crash site and a Government effort to hideaway the same area from aerial photos for the fifty years in between Andrew Oien has revealed his thought process and research capabilities in this work His findings suggest that good photos of the era for the 1947 Ragsdale crash site are being intentionally withheld to prevent detailed analysis Dr Robert M Wood UFO researcher MUFON Board member The material in this book is a new look at what has actually been in our faces forever It reminds me of the term You cannot see the forest because of the trees In this case you cannot see what is right in front of you until you connect the dots The dots have been connected The findings are interesting and very curious to say the least Steve Hudgeons MUFON State Director Texas 2012 Thanks for sending your material to read on the Roswell incident The late Charlton Heston About the Author Andrew has had an interest in Sci Fi movies from the time he could watch them in the 1960s As a child and young teen he had a high interest in reading the investigative stories of the Hardy Boys and Sherlock Holmes He was a Boy Scout is a Military Veteran and is an NRA member His interest in the 1947 Roswell Incident began when his brother handed him a book on the subject in 1991 He began his research and writing after a visit to Roswell New Mexico in 1996 Ufology is one of his interesting pastimes He has worked as a Mechanical Designer and Drafter for 20 plus years Andrew is married has a family and lives in So California where he was born and raised *UFOs and the National Security State: 1941-1973* Richard M. Dolan,2000 No Sacred Cows David G. McAfee,Yvette d'Entremont,2017-08-22 While belief in religious supernatural claims is waning throughout the West evidence suggests belief in nonreligious supernatural claims is on the rise What explains this contradiction How can a society with a falling belief in God have a rising belief in ghosts psychic powers ancient astronauts and other supernatural or pseudo scientific phenomena Taking the same anthropological approach he employed in his notable studies of religion atheist author and activist David G McAfee turns his attention to nonreligious faith based claims Whether going undercover as a medium getting tested at Scientology headquarters in Los Angeles or interviewing celebrity paranormalists and famous skeptics he leaves no stone unturned in his investigation As in the case of religion he finds an unwillingness among believers to critically examine their most closely held convictions Only once individuals honestly assess their own sacred cows will they be able to ensure that their beliefs conform to the known facts and that our decisions as a society are based on the best available evidence Popular Science ,1997-06 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better *Crash Into Me* Robyn Burnett,2002-10 An
