The Syndic Washington Davis, 1902 **Enlightened Nationalism** Matthew Bernard Levinger, 2002 This major reinterpretation of Prussian history from the Napoleonic era to the Revolution of 1848 shows how reforms inspired by the Enlightenment ultimately consolidated an authoritarian political culture The book casts new light on the origins of German nationalism demonstrating that the competing discourses of civil servants aristocrats and bourgeois political activists produced a new vision of a harmonious nation under monarchical rule **Lord of the Changing Winds** Rachel Neumeier, 2010-05-01 Griffins lounged all around them inscrutable as cats brazen as summer They turned their heads to look at Kes out of fierce inhuman eyes Their feathers ruffled by the wind that came down the mountain looked like they had been poured out of light their lion haunches like they had been fashioned out of gold A white griffin close at hand looked like it had been made of alabaster and white marble and then lit from within by white fire Its eyes were the pitiless blue white of the desert sky Little ever happens in the quiet villages of peaceful Feierabiand The course of Kes life seems set she ll grow up to be an herb woman and healer for the village of Minas Ford never quite fitting in but always more or less accepted And she s content with that path or she thinks she is Until the day the griffins come down from the mountains bringing with them the fiery wind of their desert and a desperate need for a healer But what the griffins need is a healer who is not quite human or a healer who can be made into something not quite human **Alexander the Great and Hernán Cortés** Justin D. Lyons, 2015-03-04 This is a biographical pairing of two of the greatest conquerors in human history drawing its inspiration from Plutarch s Parallel Lives Like Plutarch the purpose of the pairing is not primarily historical While Plutarch covers the history of each of the lives he chronicles he also emphasizes questions of character and the larger lessons of politics to be derived from the deeds he recounts The book provides a narrative account both of Alexander s conquest of the Persian Empire and Cort s s conquest of the Aztec Empire while reflecting on the larger questions that emerge from each The campaign narratives are followed by essays devoted to leadership and command that seek to recover the treasures of the Plutarchian approach shaped by moral and political philosophy Analysis of leadership style and abilities is joined with assessment of character Special emphasis is given to the speeches provided in historical sources and meditation on rhetorical successes and failures in maintaining the morale and willing service of their men **Black Spring** Alison Croggon, 2013-08-27 Inspired by the gothic classic Wuthering Heights this stunning new fantasy from the author of the Books of Pellinor is a fiercely romantic tale of betrayal and vengeance In a savage land sustained by wizardry and ruled by vendetta Lina is the enchanting but willful daughter of a village lord She and her childhood companion Damek have grown up privileged and spoiled and they re devoted to each other to the point of obsession But Lina s violet eyes betray her for a witch and witches are not tolerated in a brutally patriarchal society Her rank protects her from persecution but it cannot protect her from tragedy and heartbreak An innocent visitor stands witness to the devastation that ensues as destructive longing

unleashes Lina's wrath and with it her forbidden power Whether drawn by the romantic the magical or the gothic readers will be irresistibly compelled by the passion of this tragic tale The Percy Anecdotes: Shipwreck. Travelling ,1822
