Rubian Military Intelligence Gru Daily Reports On The Iraq War:

Russian Military Intelligence (GRU) Daily Reports on the Iraq War Zafarul-Islam Khan,2003 *Shaping the Plan for Operation Iraqi Freedom* Gregory Hooker,2005 The aftermath of the war in Iraq has generated a great deal of second guessing regarding Washington s prewar planning and intelligence efforts Gregory Hooker senior intelligence analyst for Iraq at U S Central Command provides a detailed narrative of the war planning process beginning with the military s initial attempts to adjust to the new focus on regime change and closing with the government s ineffective preparation for the postwar environment *Iraqi Perspectives Project* Kevin M. Woods,2006 **The Iraq War** Williamson Murray,Robert H. Scales Jr.,2005-09-28 In this unprecedented account of the intensive air and ground operations in Iraq two of America s most distinguished military historians bring clarity and depth to the first major war of the new millennium Reaching beyond the blaring headlines embedded videophone reports and daily Centcom briefings Williamson Murray and Robert Scales analyze events in light of past military experiences present battleground realities and future expectations The Iraq War puts the recent conflict into context Drawing on their extensive military expertise the authors assess the opposing aims of the Coalition forces and the Iraqi regime and explain the day to day tactical and logistical decisions of infantry and air command as British and American troops moved into Basra and Baghdad They simultaneously step back to examine long running debates within the U S Defense Department about the proper uses of military power and probe the strategic implications of those debates for America s buildup to this war Surveying the immense changes that have occurred in America s armed forces between the Gulf conflicts of 1991 and 2003 changes in doctrine as well as weapons this volume reveals critical meanings and lessons about the new American way of war as it has unfolded in Iraq **The Real Iraq War** Mr. A,2009

Saddam's Generals: Perspectives of the Iran-Iraq War National Intelligence Council,Kevin M. Woods,Williamson Murray,Elizabeth A. Nathan,Laila Sabara,Ana M. Venegas,2013-05-23 This study was inspired by post World War II efforts of U S Army historians and intelligence officers to gather and preserve insights and perspectives of the German General Staff This is the second volume in a series of studies sponsored by the National Intelligence Council designed to cast light on issues involving Saddam s Iraq by interviewing former Iraqi officials The first volume Saddam s War An Iraqi Military Perspective of the Iran Iraq War contained interviews with Lieutenant General Ra ad Hamdani a former Iraqi Republican Guard Corps commander This second volume includes an additional interview with Hamdani along with four additional senior officers who discuss issues including Iraqi naval operations airpower military intelligence and capability development

Operation Iraqi Freedom Catherine Dale,2011-04 Operation Iraqi Freedom OIF the U S led coalition military operation in Iraq was launched on March 20 2003 with the goal of removing Saddam Hussein s regime and destroying its ability to use weapons of mass destruction The focus of OIF has shifted from regime removal to helping the Gov t of Iraq improve security establish a system of governance and foster economic development This report addresses these policy issues Identifying how

U S national interests and strategic objectives in Iraq and the region should guide further U S engagement Monitoring and evaluating the impact of the changes in the U S presence and role in Iraq and Laying the groundwork for a traditional bilateral relationship Map A print on demand report

Hunting Muqtada Harold M. North, 2009-03-27 In late 2003 five Military Intelligence Soldiers were tasked to track the radical firebrand Shiite cleric Muqtada al Sadr These Army Reservists followed his moves through the streets and back alleys of Kufa and Najaf they reported the activities of and the growing influence of his Mahdi Army as they slowly but deliberately encroached on the local governments for control of the prized Imam Ali shrine and the millions of dollars worth of gold and currency that laid therein Lieutenant General Ricardo S Sanchez personally followed the progress of this small group of Soldiers looking for clues of Sadrs intentions and how it would affect the Coalition and the rest of Iraq For the next six months debates raged from the Green Zone to the corridors of the Pentagon and even to the Oval Office of the White House what should be done with Muqtada al Sadr Now for the first time the ground truth is revealed about how America let Iraqs most dangerous man raise an army fight the Coalition twice and then slip through their fingers to escape to Iran where he is being groomed to become Iraqs next Ayatollah and awaits the time to return and claim Iraq for Iran

Hide and Seek Charles Duelfer, 2008-12-12 Charles Duelfer is one of the most senior intelligence officers with on the ground experience to have worked in Iraq before during and after the Gulf War His 2004 CIA report is widely renowned as the most authoritative account on how the world was led to believe that Saddam possessed weapons of mass destruction But until now Duelfer has never publicly shared his unrivaled expertise on just how the U S Iraq relationship spiraled into a second war and ultimately into chaos Hide and Seek is his account based on unparalleled access to Iraqi leadership the White House and the CIA of the long and tragic unraveling of the U S relationship with Iraq This book sees beyond the propaganda and deceits of both sides to tell the story of the miscalculations in assessing Iraq as a threat why Saddam responded as he did to U S demands and precisely how the U S implemented its decision to topple Saddam s regime No one is better able than Duelfer to see inside the mindsets of the two administrations with their mismatched priorities wounded pride and dangerous ability to bluff and counterbluff

The Threatening Storm Kenneth Pollack, 2003-03-25 In The Threatening Storm Kenneth M Pollack one of the world s leading experts on Iraq provides a masterly insider s perspective on the crucial issues facing the United States as it moves toward a new confrontation with Saddam Hussein For the past fifteen years as an analyst on Iraq for the Central Intelligence Agency and the National Security Council Kenneth Pollack has studied Saddam as closely as anyone else in the United States In 1990 he was one of only three CIA analysts to predict the Iraqi invasion of Kuwait As the principal author of the CIA s history of Iraqi military strategy and operations during the Gulf War Pollack gained rare insight into the methods and workings of what he believes to be the most brutal regime since Stalinist Russia Examining all sides of the debate and bringing a keen eye to the military and geopolitical forces at work Pollack ultimately comes to this controversial conclusion through our own mistakes the perfidy of

others and Saddam's cunning the United States is left with few good policy options regarding Iraq. Increasingly the option that makes the most sense is for the United States to launch a full scale invasion, eradicate Saddam's weapons of mass destruction and rebuild Iraq as a prosperous and stable society for the good of the United States, the Iraqi people and the entire region. Pollack believed for many years that the United States could prevent Saddam from threatening the stability of the Persian Gulf and the world through containment, a combination of sanctions and limited military operations. Here Pollack explains why containment is no longer effective and why other policies intended to deter Saddam ultimately pose a greater risk than confronting him now before he gains possession of nuclear weapons and returns to his stated goal of dominating the Gulf region. It is often said that war should be employed only in the last resort. Pollack writes, "I reluctantly believe that in the case of the threat from Iraq we have come to the last resort." Offering a view of the region that has the authority and force of an intelligence report, Pollack outlines what the leaders of neighboring Arab countries are thinking, what is necessary to gain their support for an invasion, how a successful U.S. operation would be mounted, what the likely costs would be, and how Saddam might react. He examines the state of Iraq today: its economy, its armed forces, its political system, the status of its weapons of mass destruction as best we understand them, and the terrifying security apparatus that keeps Saddam in power. Pollack also analyzes the last twenty years of relations between the United States and Iraq to explain how the two countries reached the unhappy standoff that currently prevails. Commanding in its insights and full of detailed information about how leaders on both sides will make their decisions, *The Threatening Storm* is an essential guide to understanding what may be the crucial foreign policy challenge of our time.
