Longing For My Child Reflections For Parents And Siblings After A Childs Death:

Longing for My Child Christine O'Keeffe Lafser,2010-06 Brothers and Sisters Henry Abramovitch,2014-11-18
Growing up we typically spend more time with our brothers and sisters than we do with our parents In an age of divorce mobility and alienation the sibling bond is often the only one that really lasts Given that brothers and sisters are such a fundamental aspect of human existence it is remarkable that they have received so little in depth attention in the field of psychology Henry Abramovitch s *Brothers and Sisters* explores the tension between the myth and reality of brothers and sisters in a variety of cultures and through the poignant brother sister stories in the Bible Abramovitch looks at the developmental sequence in the sibling relationship as brothers or sisters struggle to find their place with each other concluding with a very personal account of his own relationship with his brother and sister **Recovering from the Loss of a Sibling** Katherine Fair Donnelly,2015-05-26 An extremely well written compassionate guide for the millions of people who come face to face with a death in their own families When a brother or sister dies surviving siblings often receive little support or recognition of their pain But their grief is real and there is a way to recover from it Through intimate true stories and interviews with brothers and sisters who have lost a sibling expert on grief Katherine Fair Donnelly provides valuable insight on how to survive this traumatic experience *Recovering from the Loss of a Sibling* is the first guide dedicated to those who have lost a brother or sister and presents practical ways they can take the necessary steps toward recovering from their devastating loss **An Empty Cradle, a Full Heart** Christine O' Keeffe Lafser,2009-05-15 Bereavement after the loss of a baby is often quiet and lonely writes Christine O Keeffe Lafser who has twice lost a child to death There is no wake or funeral no grave site no memorial to our baby s life or death Since there are no real memories of our little one s life people have a hard time comprehending the depth of our love and grief In these reflections Lafser offers grieving parents the empathy and courage that can come only from one who has walked the same difficult path Chris expressed so many of my thoughts and feelings and made me feel so normal The greatest gift is learning that God does not desert us in our time of need Linda Davis Compassionate Friends after miscarriage and stillbirth The juxtaposition of a Scripture text with each reflection is inspired Some of the texts are breathtaking in their beauty and appropriateness This book is a must for anyone who is ever touched by the loss of an infant Joseph Awad poet and grieving grandfather This book will be very helpful for parents who are mourning the loss of their child It will also prove very beneficial to anyone who is ministering to a bereaved parent Robert N Craig O F M Cap hospital chaplain These reflections allowed me to be how I was feeling not feel like I should be going through the stages of grief that other books described With this book I was no longer a square peg trying to fit into a round hole Jeanette Siebels after infant death What Forever Means After the Death of a Child Kay Talbot,2013-05-13 List of Tables List of Figures Series Editor s Foreword Preface Prologue Acknowledgements What It Means to Be a Parent After a Child Had Died The Mothers Now Childless Study Research Design and Findings When a Child Dies Does Grieving Ever End

Psychological Insights for Understanding COVID-19 and Families, Parents, and Children Marc H. Bornstein, 2020-12-13. With specially commissioned introductions from international experts, the Psychological Insights for Understanding COVID 19 series draws together previously published chapters on key themes in psychological science that engage with people's unprecedented experience of the pandemic. This volume collects chapters that address prominent issues and challenges presented by the SARS CoV 2 pandemic to families, parents and children. A new introduction from Marc H Bornstein reviews how disasters are known to impact families, parents and children and explores traditional and novel responsibilities of parents and their effects on child growth and development. It examines parenting at this time, detailing consequences for home life and economies that the pandemic has triggered, considers child discipline and abuse during the pandemic and makes recommendations that will support families in terms of multilevel interventions at family, community and national and international levels. The selected chapters elucidate key themes including children's worry, stress and parenting, positive parenting programs, barriers which constrain population level impact of prevention programs and the importance of culturally adapting evidence based family intervention programs. Featuring theory and research on key topics germane to the global pandemic, the Psychological Insights for Understanding COVID 19 series offers thought provoking reading for professionals, students, academics, policy makers and parents concerned with the psychological consequences of COVID 19 for individuals, families and society. **Nelson Textbook of Pediatrics E-Book** Robert Kliegman, Bonita F.
