Green Phoenix William Allen, 2003-01-09 Can we prevent the destruction of the world's tropical forests In the fire scarred hills of Costa Rica award winning science writer William Allen found a remarkable answer we can not only prevent their destruction we can bring them back to their former glory In Green Phoenix Allen tells the gripping story of a large group of Costa Rican and American scientists and volunteers who set out to save the tropical forests in the northwestern section of the country It was an area badly damaged by the fires of ranchers and small farmers in many places
