Medieval West Africa:

Empires of Medieval West Africa David C. Conrad, 2010 Explores empires of medieval west Africa Medieval West Africa Nehemia Levtzion, Jay Spaulding, 2003 From the 9th to the 15th century Arab travellers and observers produced a rich literature in West Africa An annotated translation of this body of work is found in Corpus of Early Arabic Sources for West African History This title is a simplified form of this corpus for students Empires of Medieval West Africa David Conrad, 2022 Beginning about 1200 CE the Mali Songhay and Ghana empires spread their sequential influence across the western horn of Africa making advances in trade language culture and economy African Dominion Michael A. Gomez, 2018-01-01 A groundbreaking history that puts early and medieval West Africa in a global context Pick up almost any book on early and medieval world history and empire and where do you find West Africa On the periphery This pioneering book the first on this period of the region's history in a generation tells a different story Interweaving political and social history and drawing on a rich array of sources including Arabic manuscripts oral histories and recent archaeological findings Michael Gomez unveils a new vision of how categories of ethnicity race gender and caste emerged in Africa and in global history more generally Scholars have long held that such distinctions arose during the colonial period but Gomez shows they developed much earlier Focusing on the Savannah and Sahel region Gomez traces the exchange of ideas and influences with North Africa and the Central Islamic Lands by way of merchants scholars and pilgrims Islam's growth in West Africa in tandem with intensifying commerce that included slaves resulted in a series of political experiments unique to the region culminating in the rise of empire A major preoccupation was the question of who could be legally enslaved which together with other factors led to the construction of new ideas about ethnicity race gender and caste long before colonialism and the transatlantic slave trade Telling a radically new story about early Africa in global history African Dominion is set to be the standard work on the subject for many years to come **Empires of Medieval West Africa** David C. Conrad, 2005 Explores the people places and ideas of the Mali Songhay and Ghana Empires which spread their influence across the western horn of Africa beginning around 1200 *Africa in the Middle Ages: a Captivating Guide to Medieval African History, Including the Ghana Empire, Mali Empire, and Songhai Empire* Captivating History, 2025-01-08 *Medieval West Africa Before 1400* Nehemia Levtzion, 1998-04-01 From the 9th to the 15th century Arab travelers and observers produced a rich literature in West Africa An annotated translation of this body of work is found in Corpus of Early Arabic Sources for West African History This title is a simplified form of this corpus for students **West African Muslims in Colonial and Antebellum South Carolina** Jeffry R. Halverson, 2025-08-14 West African Muslims in Colonial and Antebellum South Carolina is a historical study of the presence of enslaved West African Muslims in colonial and antebellum South Carolina This book synthesizes existing material about enslaved West African Muslims and adds new cases details and insights that existing studies of enslaved Muslims in the United States have not explored No other study of enslaved Muslims in North America has focused

exclusively on South Carolina or explored their presence within the context of its distinctive history such as the lucrative rice industry This cutting edge volume sheds new light on the religious history of the United States and challenges the contemporary Judeo Christian paradigm West African Muslims in Colonial and Antebellum South Carolina integrates and uncovers cases of enslaved West African Muslims in South Carolina s colonial and antebellum history through an in depth analysis of runaway slave ads workhouse notices slave auction notices plantation records and estate records among other materials

How the World Made the West Josephine Quinn,2025-10-21 An award winning Oxford history professor makes a forceful argument and tells a story with great verve The Wall Street Journal that the West is and always has been truly global Those archaic Western Civ classes so many of us took in college should be updated argues Quinn who invites us to revel in a richer more polyglot inheritance The Boston Globe AN ECONOMIST BEST BOOK OF THE YEAR LONGLISTED FOR THE CUNDILL HISTORY PRIZE In *How the World Made the West* Josephine Quinn poses perhaps the most significant challenge ever to the civilizational thinking regarding the origins of Western culture that is the idea that civilizations arose separately and distinctly from one another Rather she locates the roots of the modern West in everything from the law codes of Babylon Assyrian irrigation and the Phoenician art of sail to Indian literature Arabic scholarship and the metalworking riders of the Steppe to name just a few examples According to Quinn reducing the backstory of the modern West to a narrative that focuses on Greece and Rome impoverishes our view of the past This understanding of history would have made no sense to the ancient Greeks and Romans themselves who understood and discussed their own connections to and borrowings from others They consistently presented their own culture as the result of contact and exchange Quinn builds on the writings they left behind with rich analyses of other ancient literary sources like the epic of Gilgamesh holy texts and newly discovered records revealing details of everyday life A work of breathtaking scholarship *How the World Made the West* also draws on the material culture of the times in art and artifacts as well as findings from the latest scientific advances in carbon dating and human genetics to thoroughly debunk the myth of the modern West as a self made miracle In lively prose and with bracing clarity as well as through vivid maps and color illustrations *How the World Made the West* challenges the stories the West continues to tell about itself It redefines our understanding of the Western self and civilization in the cosmopolitan world of today

The Royal Kingdoms of Ghana, Mali, and Songhay Patricia McKissack,Fredrick McKissack,2016-03-01 For more than a thousand years from A D 500 to 1700 the medieval kingdoms of Ghana Mali and Songhay grew rich on the gold salt and slave trade that stretched across Africa Scraping away hundreds of years of ignorance prejudice and mythology award winnnig authors Patricia and Fredrick McKissack reveal the glory of these forgotten empires while inviting us to share in the inspiring process of historical recovery that is taking place today

A New Paradigm of the African State M. Muiu,G. Martin,2009-01-05 Offers a historical multidisciplinary perspective on African political systems and institutions ranging from Antiquity Egypt Kush and Axum to the present with particular focus on

their destruction through successive exogenous processes including the Atlantic slave trade imperialism colonialism and neo colonialism or globalization Medieval Africa, 1250-1800 Roland Anthony Oliver,Anthony Atmore,2001-08-16 A revised edition of The African Middle Ages 1400 1800 ideal for University and college teaching **The Routledge Handbook of Archaeology and Globalization** Tamar Hodos,2016-11-18 This unique collection applies globalization concepts to the discipline of archaeology using a wide range of global case studies from a group of international specialists The volume spans from as early as 10 000 cal BP to the modern era analysing the relationship between material culture complex connectivities between communities and groups and cultural change Each contributor considers globalization ideas explicitly to explore the socio cultural connectivities of the past In considering social practices shared between different historic groups and also the expression of their respective identities the papers in this volume illustrate the potential of globalization thinking to bridge the local and global in material culture analysis The Routledge Handbook of Archaeology and Globalization is the first such volume to take a world archaeology approach on a multi period basis in order to bring together the scope of evidence for the significance of material culture in the processes of globalization This work thus also provides a means to understand how material culture can be used to assess the impact of global engagement in our contemporary world As such it will appeal to archaeologists and historians as well as social science researchers interested in the origins of globalization Mansa Musa and Timbuktu Charles River Editors,2019-05-14 Includes pictures Includes contemporary accounts Includes online resources and a bibliography for further reading From the far reaches of the Mediterranean Sea to the Indus River the faithful approached the city of Mecca All had the same objective to worship together at the most sacred shrine of Islam the Kaaba in Mecca One such traveler was Mansa Musa Sultan of Mali in Western Africa Mansa Musa had prepared carefully for the long journey he and his attendants would take He was determined to travel not only for his own religious fulfillment but also for recruiting teachers and leaders so that his realms could learn more of the Prophet s teachings Mahmud Kati Chronicle of the Seeker Recent research has revealed that the richest person of all time lived in the 14th century in West Africa and went by many names including Kankan Musa Keita Emir of Melle Lord of the Mines of Wangara Conqueror of Ghanata and the Lion of Mali II but today he is usually referred to as Mansa Musa Adjusting his wealth to modern values he was worth about an estimated 400 billion as the Sultan of ancient Mali which controlled the trade routes across the Sahara Desert About 6 000 years ago the ancient Sahara was a tropical jungle with lush grasslands and substantial rivers until it moved north of the Equator as a result of tectonic plate movements The seismic activity changed the location of land and the composition of the atmosphere The African Humid Period seems to have ended relatively quickly taking a couple of thousand years before being replaced by a much drier climate and this started a process of desertification that forced many animals and human inhabitants to the outer edges of the immense desert There would have been passages through the area that vanished as the harsh climate inexorably clawed at the mountains and hills turning them into the sand that obliterated all traces of their ever

having been there By about 600 BCE the terrain and habitat had become much less hospitable so much so that it was no longer possible to use horses and oxen to carry commodities As a result trading became difficult and sporadic and slowly disappeared This all changed when camels were introduced to the Sahara initially via Roman invaders and then with the Berber traders from Arabia moving across North Africa in search of gold and salt As they reached the southern Sahel they encountered the old established trading system and routes of the Garamantes the people who handled the trade in and out of the Sahara from West Africa The combination of the use of camels with the already re established West African trade routes brought about rapid economic progress that resulted in the area supplying more than half the world s gold for more than 1 000 years beginning around 400 CE Of course this timing coincided with the rise of global trade routes such as the Silk Road and the beginning of Europe s Age of Discovery By the 12th century it was believed that far to the east beyond the lands controlled by the Muslim armies lived a powerful Christian king named Prester John in the land of India While he was a king he was also a priest Prester means Priest and was supposedly the only title he took His kingdom was believed to be grand and contained many wonders Marco Polo looked for Prester John and the Crusaders wanted to reach out to Prester John Portugal s Henry the Navigator sent his ships out with explicit instructions of what they should do if they met Prester John and on his historic voyages Columbus carried two books The Travels of Marco Polo and The Travels of Sir John Mandeville both of which have long passages on Prester John The belief in the existence of fabled African kingdoms and kings ensured that real African kings were also shrouded in lore and few would become as legendary as Mansa Musa

Dynasties Intertwined Matt King, 2022-06-15 Dynasties Intertwined traces the turbulent relationship between the Zirids of Ifriqiya and the Normans of Sicily during the eleventh and twelfth centuries In doing so it reveals the complex web of

economic political cultural and military connections that linked the two dynasties to each other and to other polities across the medieval Mediterranean Furthermore despite the contemporary interfaith holy wars happening around the Zirids and Normans their relationship was never governed by an overarching ideology like jihad or crusade Instead both dynasties pursued policies that they thought would expand their power and wealth either through collaboration or conflict The relationship between the Zirids and Normans ultimately came to a violent end in the 1140s when a devastating drought crippled Ifriqiya The Normans seized this opportunity to conquer lands across the Ifriqiyah coast bringing an end to the Zirid dynasty and forming the Norman kingdom of Africa which persisted until the Almohad conquest of Mahdia in 1160 Previous scholarship on medieval North Africa during the reign of the Zirids has depicted the region as one of instability and political anarchy that rendered local lords powerless in the face of foreign conquest Matt King shows that to the contrary the Zirids and other local lords in Ifriqiya were integral parts of the far reaching political and economic networks across the Mediterranean Despite the eventual collapse of the Zirid dynasty at the hands of the Normans Dynasties Intertwined makes clear that its emirs were active and consequential Mediterranean players for much of the eleventh and twelfth centuries with political agency independent of their Christian neighbors across the Strait of Sicily
