Neither to Laugh Nor to Weep Abraham H. Hartunian, 1976      **Neither to Laugh Nor to Weep** Abraham H. Hartunian, 1999      *Neither to Laugh Nor to Weep* Abraham H. Hartunian, 1986      **The History of the Armenian Genocide** Vahakn N. Dadrian, 2003 Dadrian a former professor at SUNY Geneseo currently directs a genocide study project supported by the Guggenheim Foundation The present study analyzes the devastating wartime destruction of the Armenian population of the Ottoman Empire as the cataclysmic culmination of a historical process involving the progressive Turkish decimation of the Armenians through intermittent and incremental massacres In addition to the excellent general bibliography there is an annotated bibliography of selected books used in the study Annotation copyright by Book News Inc Portland OR      *The Armenian Genocide* Alan Whitehorn, 2015-05-26 With its analytical introductory essays more than 140 individual entries a historical timeline and primary documents this book provides an essential reference volume on the Armenian Genocide The Armenian Genocide has often been considered a template for subsequent genocides and is one of the first genocides of the 20th century As such it holds crucial historical significance and it is critically important that today's students understand this case study of inhumanity This book provides a much needed long overdue reference volume on the Armenian Genocide It begins with seven introductory analytical essays that provide a broad overview of the Armenian Genocide and then presents individual entries a historical timeline and a selection of documents This essential reference work covers all aspects of the Armenian Genocide including the causes phases and consequences It explores political and historical perspectives as well as the cultural aspects The carefully selected collection of perspective essays will inspire critical thinking and provide readers with insight into some of the most controversial and significant issues of the Armenian Genocide Similarly the primary source documents are prefaced by thoughtful introductions that will provide the necessary context to help students understand the significance of the material      **The Armenian Genocide** Noah Berlatsky, 2015-05-27 This volume contains previously published material which narrates and analyzes the Armenian massacres of 1894 1896 1909 and 1915 1923 Background information and first person accounts of the events are provided as well to give the reader a more rounded knowledge of the events Charts and graphs are provided to summarize important statistical information and timelines are included to help the reader trace the sequence of events Maps provide details about the areas of contention and locations of conflicts      *The History of the Armenian Genocide* United States. Congress. House. Committee on International Relations, 1996      **Armenian Golgotha** Grigoris Balakian, 2010-03-09 On April 24 1915 Grigoris Balakian was arrested along with some 250 other leaders of Constantinople's Armenian community It was the beginning of the Ottoman Empire's systematic attempt to eliminate the Armenian people from Turkey a campaign that continued through World War I and the fall of the empire Over the next four years Balakian would bear witness to a seemingly endless caravan of blood surviving to recount his miraculous escape and expose the atrocities that led to over a million deaths Armenian

Golgotha is Balakian's devastating eyewitness account a haunting reminder of the first modern genocide and a controversial historical document that is destined to become a classic of survivor literature      The United States and the Armenian Genocide Julien Zarifian, 2024 This is the first book to examine how and why the United States refused to officially acknowledge the 1915-17 Armenian Genocide until the early 2020s Drawing from congressional records rare newspapers and interviews with lobbyists and decision makers historian Julien Zarifian reveals how genocide recognition became such a complex politically sensitive issue      **The Politics of Naming the Armenian Genocide** Vartan Matiossian, 2021-09-23 This book explores the genealogy of the concept of Medz Yeghern Great Crime the Armenian term for the mass murder and ethnic cleansing of the Armenian ethno religious group in the Ottoman Empire between the years 1915-1923 Widely accepted by historians as one of the classical cases of genocide in the 20th century ascribing the right definition to the crime has been a source of contention and controversy in international politics Vartan Matiossian here draws upon extensive research based on Armenian sources neglected in much of the current historiography as well as other European languages in order to trace the development of the concepts pertaining to mass killing and genocide of Armenians from the ancient to the modern periods Beginning with an analysis of the term itself he shows how the politics of its use evolved as Armenians struggled for international recognition of the crime after 1945 in the face of Turkish protest Taking a combined historical philological literary and political perspective the book is an insightful exploration of the politics of naming a catastrophic historical event and the competitive nature of national collective memories      Protestant Diplomacy and the Near East Joseph L. Grabill, 1971      The Daily Discoveries of a Bible Scholar and Manuscript Hunter: A Biography of James Rendel Harris (1852-1941) Alessandro Falcetta, 2018-05-31 This is the first full biography of James Rendel Harris 1852-1941 Bible and patristic scholar manuscript collector Quaker theologian devotional writer traveller folklorist and relief worker Drawing on published and unpublished sources gathered in the United States Europe and the Middle East many of which were previously unknown Alessandro Falcetta tells the story of Harris's life and works set against the background of the cultural and political life of contemporary Britain Falcetta traces the development of Harris's career from Cambridge to Birmingham the story of his seven journeys to the Middle East and of his many campaigns from religious freedom to conscientious objection The book focuses upon Harris's innovative contributions in the field of textual and literary criticism his acquisitions of hundreds of manuscripts from the Middle East his discoveries of early Christian works in particular the Odes of Solomon his Quaker beliefs and his studies in the cult of twins His enormous output and extensive correspondence reveal an indefatigable genius in close contact with the most famous scholars of his time from Hort to Harnack Nestle the Sisters of Sinai and Frazer

**Islam for the Western Mind** Richard Henry Drummond, 2005-01-01 Surveys the life and times of Muhammad and the rise of Islam including the prophet's visions and the politics that shaped his message Provided by publisher      *The Armenian Legionnaires* Susan Paul Pattie, 2018-08-30 Following the devastation resulting from the Armenian Genocide in the Ottoman

Empire beginning in 1915 the survivors of the massacres were dispersed across the Middle East Europe and North and South America Not content with watching World War I silently from the sidelines a large number of Armenian volunteers joined the Legion d Orient They were trained in Cyprus and fought courageously in Palestine and Cilicia alongside Allied commander General Allenby eventually playing a crucial role in defeating German and Ottoman forces in Palestine at the Battle of Arara in September 1918 The Armenian Legionnaires signed up on the understanding that they would be fighting in Syria and Turkey and should the Allies be successful they would be part of an occupying army in their old homelands laying the foundation for a self governing Armenian state Susan Paul Pattie describes the motivations and dreams of the Armenian Legionnaires and their ultimate betrayal as the French and the British shifted priorities leaving their ancestral Armenian homelands to the emerging Republic of Turkey Complete with eyewitness accounts letters and photographs this book provides an insight into relations between the Great Powers through the lens of a small vulnerable people caught in a war that was not their own but which had already destroyed their known world

**The Dark Side of Democracy** Michael Mann, 2005 Publisher Description

**The Armenian Genocide** Richard G. Hovannisian, 2011-12-31 World War I was a watershed a defining moment in Armenian history Its effects were unprecedented in that it resulted in what no other war invasion or occupation had achieved in three thousand years of identifiable Armenian existence This calamity was the physical elimination of the Armenian people and most of the evidence of their ever having lived on the great Armenian Plateau to which the perpetrator side soon gave the new name of Eastern Anatolia The bearers of an impressive martial and cultural history the Armenians had also known repeated trials and tribulations waves of massacre captivity and exile but even in the darkest of times there had always been enough remaining to revive rebuild and go forward This third volume in a series edited by Richard Hovannisian the dean of Armenian historians provides a unique fusion of the history philosophy literature art music and educational aspects of the Armenian experience It further provides a rich storehouse of information on comparative dimensions of the Armenian genocide in relation to the Assyrian Greek and Jewish situations and beyond that paradoxes in American and French policy responses to the Armenian genocides The volume concludes with a trio of essays concerning fundamental questions of historiography and politics that either make possible or can inhibit reconciliation of ancient truths and righting ancient wrongs

**America's Black Sea Fleet** Estate of Robert E. Shenk, 2012-11-15 Drawing on previously untapped sources Robert Shenk offers a revealing portrait of America's small Black Sea fleet in the years following World War I In a high tempo series of operations throughout the Black and Aegean Seas and the eastern Mediterranean this small force of destroyers and other naval vessels responded ably to several major international crises Home ported in Constantinople U S Navy ships helped evacuate some 150 000 White Russians during the last days of the Russian Revolution coordinated the visits of the Hoover grain ships to ports in southern Russia where millions were suffering a horrendous famine reported on the terrible death marches endured by the Greeks of the Pontus region of Turkey and

conducted the evacuation of hundreds of thousands of Greek and Armenian refugees from burning Smyrna the cataclysmic conclusion of the Turkish Nationalist Revolution After Smyrna the destroyers escorted Greek steamers in their rescue of ethnic Christian civilians being expelled from all the ports of Anatolian Turkey Shenk s incisive depiction of Adm Mark Bristol as both head of U S naval forces and America s chief diplomat in the region helps to make this book the first ever comprehensive account of a vital but little known naval undertaking **Congressional Record** United States.

Congress,1970 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 The Lions of Marash Stanley E. Kerr,1973-06-30 The Lions of Marash is an eye witness account by an American Near East Relief official of the tragic events which resulted in the annihilation of the Armenian population of Marash in Central Anatolia following World War I On 10 February 1920 the French garrison at Marash withdrew abruptly under cover of darkness thus abandoning more than twenty thousand Armenians to the Turkish Nationalist forces The French pullout caused considerable embarrassment in Paris and roused a storm of angry protest in England and the United States but for the Armenians of Marash and all of Cilicia it led to renewed massacre and to final exodus American philanthropy administered through Near East Relief successor organization to the American Committee for Relief in the Near East saved thousands of starving Armenian women and children from Turkish marauders Workshops and other rehabilitative establishments built by ACRNE and NER slightly mitigated the bitter disappointments arising from the American refusal to ensure the Armenian people a collective future by accepting a protective mandate over the independent Armenian state that had been sanctioned by the Paris Peace Conference In Cilicia NER worked among the repatriates for four years and after the total Armenian exodus in 1922 attempted to assist the refugee throngs to resettle in Syria Lebanon Palestine and other lands of the Middle East Among the scores of men and women who responded to the ACRNE call for volunteers in 1919 was Stanley E Kerr then an officer in the United States Army Sanitary Corps First serving at Aleppo in a multiplicity of positions including clinical biochemist and photographer Kerr transferred in the autumn of 1919 to Marash where he took charge of American relief operations after the French withdrawal In view of the fact that many Turks regarded the Americans as collaborators with the French and Armenians it was at no small risk that Kerr and his courageous colleagues stayed at their posts to help the thousands of Armenians whom the French had deserted Indeed the uncertainties of a hostage like existence did not end until Kerr departed for Beirut with the last caravan of Armenian orphans in 1922 Now fifty years after leaving Cilicia Dr Kerr presents his account of the happenings of Marash Although his personal experiences form the basis for narrative the author has also utilized the studies and memoirs of French officers and priests Turkish military historians and Armenian survivors particularly prominent Protestant and
