Bell, 2016-10-24 Kathmandu is the greatest city of the Himalayas a unique survival of cultural practices that died out in India 1000 years ago It is a carnival of sexual licence and hypocrisy a jewel of world art a hotbed of communist revolution a paradigm of failed democracy a case study in bungled Western intervention and an environmental catastrophe Closed to the outside world until 1951 and trapped in a medieval time warp Kathmandu's rapid modernization is an extreme version of what is happening elsewhere in many traditional societies The many layers of the city's developments are reflected in the successive generations of its gods and goddesses witches and ghosts the comforts of caste the ethos of aristocracy and kingship and of late the destabilizing spirits of consumer aspiration individuality egalitarianism communism and democracy Kathmandu follows the author's story over a decade in the city and unravels the city's history through successive reinventions of itself Erudite entertaining and accessible this is the distinctive chronicle of a fascinating city A

Comprehensive History of Nepal-China Relations Up to 1955 A.D. Vijay Kumar Manandhar, 2004 The Festival of Indra Michael Baltutis, 2023-06-01 The Festival of Indra details the textual and performative history of an important South Asian festival and its role in the development of classical Hinduism Drawing on various genres of Sanskrit textual sources especially the epic Mahabharata the book highlights the innovative ways that this annual public festival has supported the stable royal power responsible for the sponsorship of these texts More than just a textual project however the book devotes significant ethnographic attention to the only contemporary performance of this festival that adheres to the classical Sanskrit record the Indrajatra of Kathmandu Nepal Here Indra's tall pole remains the festival's focal point though its addition of the royal blessing by Kumari the living goddess of Nepal and the regular presence of the fierce god Bhairav show several significant ways that ritual agents have re-constructed this festival over the past two thousand years *Reproduction of Inequality and Social Exclusion* Uddhab Pyakurel, 2021-01-05 This book is a detailed account of how hierarchy has been maintained historically by the Nepali state affirming the uniqueness of a caste based social order by bringing outsiders especially ethnic groups and religious minorities into the caste fold Focusing on the contemporary state of Dalits the community that was and is put at the bottom of a very hierarchical social order in Nepal the author argues that the traditional caste based social order is still prevalent in the new Nepal even after the recent socio political and constitutional changes Illustrated by scientifically employed and interpreted data mainly in the three sectors of education politics and employment the book postulates that people who were and are born into the high caste still have more access to the resources and opportunities available in society in comparison with those born into the lower caste It further argues that

although reservation policies are in place to address social exclusion these could not bring expected outcomes mainly due to the lack of engagement if not ignorance of both dominant groups and the community in the margin The absence of clarity among political actors on the positive discrimination and affirmative actions has contributed to backtracking the recently created space in line with inclusive Nepal

Market and Monastery Prista Ratanapruck, 2025-02-01 In the established historiography of trade in Asia the emergence of Western trading empires invariably triggered the decline and dispersal of old trading networks In this transregional ethnographic history of the Manangi a Buddhist trading community from northern Nepal Prista Ratanapruck provides counter evidence elucidating how kinship social and religious institutions have facilitated the expansion of Manangi trade across South and Southeast Asia Expounding on how social and moral values shape capital production accumulation and redistribution *Market and Monastery* examines the entwining relationship between trade and the Manangi's pursuit of social and spiritual aspirations ultimately illuminating an intriguing form of capitalism

Transnational Histories of the 'Royal Nation' Milinda Banerjee, Charlotte Backerra, Cathleen Sarti, 2017-04-27 This book challenges existing accounts of the nineteenth and twentieth centuries in which political developments are explained in terms of the rise of the nation state While monarchies are often portrayed as old fashioned as things of the past we argue that modern monarchies have been at the centre of nation construction in many parts of the world Today roughly a quarter of states define themselves as monarchies as well as nation states they are Royal Nations This is a global phenomenon This volume interrogates the relationship between royals and their nations with transnational case studies from Asia Africa Europe as well as South America The seventeen contributors discuss concepts and structures visual and performative representations and memory cultures of modern monarchies in relation to rising nationalist movements This book thereby analyses the worldwide significance of the Royal Nation
