Nepal Profile Of A Himalayan Kingdom Nations Of Contemporary Asia:

Nepal Leo E Rose, John T Scholz, 1980-04-28 **The Republic Of Korea** David I Steinberg, 2019-07-09 This book concentrates on the process of economic growth for which Korea today is renowned It examines some of the salient forces that helped to produce Korea's remarkable change and explores the evolution of the class structure in Korea and the changes it is now experiencing **Thailand** Charles F Keyes, 2019-07-09 Thailand is exceptional among modern states in Asia in that it has built and retained a national culture around a traditional monarchical institution Moreover this culture has also been based on a dominant religious tradition that of Theravada Buddhism The process of creating the modern nation state of Thailand out of the traditional Buddhist kingdom of Siam began in the nineteenth century when the rulers of Siam confronted with increasing pressure from the colonial powers of Britain and France were able to preserve their country's independence by instituting revolutionary changes that established the authority of a centralized bureaucracy throughout the country The new state asserted its authority not only over Siamese who lived in the core area of the old kingdom but also over large numbers of Lao Yuan or Northern Thai Khmer Malays tribal peoples and other groups all of which had previously enjoyed relative autonomy and over the sizable immigrant Chinese population which was assuming an increasingly significant role in the economy Because the rulers of the Siamese state strove to incorporate these diverse peoples into a Thai national community how this community should be defined and what type of state structure should be linked with it have been dominant questions in modern Thai history Significant tensions have arisen from the efforts by members of the Thai elite to make the monarchical traditions of the Bangkok dynasty Buddhism and the central Thai language basic to Thai national culture Other tensions have arisen as monarchy military bureaucracy the Buddhist sangha business interests and elected political representatives assert or maintain an authoritative position in the state structure This book examines these tensions with reference to the major changes that have taken place in Thai society economy polity and culture in the twentieth century especially since World War II **An Introduction to South Asia** B.H. Farmer, 2025-03-03 Originally published in 1983 and here reissuing the second edition of 1993 An Introduction to South Asia presents the geographical and historical background to the diversities of the region From the legacy of the colonial period and the controversies that surrounded partition and independence the book traces the consequences of social divisions particularly of religion caste and language into contemporary politics Interwoven issues on environments sociology politics and economies combine to explain development patterns and problems the processes behind them and the reciprocal impact of South Asia and the wider world This fully updated second edition provides new material on environmental issues the causes and consequences of natural disasters and the role of women in the region It provides a comprehensive interdisciplinary guide to the varying environments natural social political and economic that characterize South Asia **Malaysia** R. S. Milne, 2019-03-04 Malaysia has many problems in common with other developing countries including the difficult task of achieving economic

progress and modernization while retaining useful traditional values reducing poverty and minimizing dependence on the export of a few primary products It also has a remarkable if not unique diversity of cultures Its ethnic divisions approximately 47 percent Malay 34 percent Chinese 9 percent Indian and 10 percent other are deep reflecting differences in race language culture and religion At present the main danger of serious ethnic tension arises from the impact of the Islamic resurgence The Malays who are dominant politically are Muslims but very few Chinese the second largest ethnic group are Muslims It is especially remarkable given this ethnic mix that Malaya which became Malaysia in 1963 achieved independence peacefully in 1957 has experienced no military coups or takeovers and has regularly held elections This book examines Malaysia s history population social structure politics and economics as well as its climate agriculture and wildlife and seeks to explain why despite its inherent ethnic tensions Malaysia has survived and even prospered Laos Arthur J Dommen,2019-09-17

Theravada Buddhists in the lowlands and animists in the mountains the people of Laos have wanted nothing more than to live at peace Unfortunately their country s location between two more powerful neighbors Vietnam and Thailand has made it the victim of invasion and domination since the fifteenth century In this analytic introduction to Laos **Nepal, a Bibliography**

Satkari Mukhopadhyay,1991 Nepal A Bibliography is an annotated bibliography of the monographs periodicals and periodical articles on Nepal in publications published in Nepal or other parts of the world A major portion of the Bibliography is concerned with English material but it also includes some material published in other European languages and in the languages of Nepal Most of the books included in the Bibliography are available in leading academic libraries in the English speaking world The Bibliography serves as a reference tool for Nepal The volume is aimed at an audience ranging from the informed general reader to the scholar There are more than 20 languages and dialects in Nepal and the Bibliography includes material on almost all of them Likewise there are more than 20 tribes in Nepal and the Bibliography includes material on all of them The Bibliography covers almost all the subjects Nepal ,1985 *The Journal of Asian Studies*

,1982 An essential resource for those interested in Asia Recognized as the leading publication in its field It features articles on the history arts social sciences and contemporary issues of East South and Southeast Asia as well as a large book review section **Social Inclusion of Ethnic Communities in Contemporary Nepal** ,2013-08-15 Social Inclusion of Ethnic

Communities in Contemporary Nepal focuses on the dynamics of ethnic identities and movement in South Asian states in a comparative framework As we witness a series of explosive ethnic revivals across the globe this study investigates the issues around ethnicity that have come to occupy centre stage in Nepal s contemporary political and development discourse Nepal is at the crossroads of state building The Constituent Assembly is now looking into the modalities of establishing a multi cultural multi social multi linguistic multi religious and multi ethnic federal state In the aftermath of the April 2006 Jana Andolan II and the commitment of the ruling political alliance to restructuring Nepal along federal republican lines the assessment of Nepal s ethnic question from multiple perspectives political sociological economic and spatial has acquired a

new urgency Ethnic identity is only one part of the problem of ethnicity in Nepal Federalism therefore has to be conceived of as an exercise in addressing the multiplicity of issues that form the agenda of Nepal's development so that a politically socially and economically integrated dynamic and progressive Nepal emerges from the shadows of the past This work includes an intensive analysis of facts figures and particulars collected from available records and surveys One of the aims of the study is to assess the defining ethnic identity among the Limbus centred on a case in an urban area in the Kathmandu Valley This work is mainly based on qualitative data but quantitative data has also been used to measure various aspects of the community like the level of educational economy etc This volume will be an invaluable guide for the scholars of federalism in Nepal while also educating the lay reader in general Government and Politics in South Asia Robert C Oberst, 2018-04-19 This comprehensive but accessible text provides students with a systematic introduction to the comparative political study of the leading nations of South Asia India Pakistan Bangladesh Sri Lanka and Nepal The seventh edition is extensively revised and updated benefiting from the fresh perspective brought on by adding a new author to the team New material includes discussions of political parties and leaders in India the Zardari regime and changes to the Pakistani constitution the rocky relationship between Pakistan and the Obama administration new prospects and dangers facing Bangladesh continuing political violence in Sri Lanka and the troubles facing Nepal as it attempts to draft a new constitution Organized in parallel fashion to facilitate cross national comparison the sections on each nation address several topical areas of inquiry political culture and heritage government structure and institutions political parties and leaders conflict and resolution and modernization and development A statistical appendix provides a concise overview of leading demographic and economic indicators for each country making Government and Politics in South Asia an invaluable addition to courses on the politics of South Asia *Himalayan Kingdom Bhutan* Awadhesh Coomar Sinha, 2001 Predominantly on contemporary politics of Bhutan 田口二郎, 1984 The New International Politics of South Asia Vernon Hewitt, 1997-09-15 Revised and substantially updated The new international politics of South Asia argues that the politics of the individual states of South Asia cannot be understood without reference to the regional and international context The author emphasises the need to consider rapid political social and economic change in the context of debates over ethnic identity and changes within the international system following the collapse of the Soviet Union Recent changes have opened up new opportunities for the region but have also exposed specific weaknesses The author discusses India's evolving relationship with the international economic system economic reforms in Pakistan and Sri Lanka as well as key issues such as the regional position on the NPT treaty the Comprehensive Test Ban treaty environmental issues and the post Cold War world order Recent Research on Nepal Klaus Seeland, 1986 **Connectivity Geopolitics in Nepal** Bipin Ghimire, 2025-11-20 This book is a critical articulation of Nepal's connectivity geopolitics offering a triangular analysis of the country's geopolitics connectivity and foreign policy By elucidating the interplay between these elements it contributes to a deeper understanding of how smaller

states strategically balance aspirations and trade offs in navigating the contemporary reality of connectivity geopolitics amidst competing global interests Furthermore it helps us examine how insights generated from a country s history of strategic culture could be valuable in navigating the contemporary reality of connectivity geopolitics and why one should not take foreign support for connectivity at face value The narrative portrays the Cold War and post Cold War dynamics between superpowers and regional powers like China and India in South Asia elucidating how their relations shape the region s politics This study also examines how smaller states such as Nepal establish their agency by navigating external pressures while asserting their strategic interests By introducing connectivity as an analytical lens the book transcends the conventional lens of security and small state as approaches to Nepal s foreign policy Central to the book s analysis is Nepal s foreign policy and its navigation of regional politics striving to balance the interests of India and China during the Cold War era and also the contemporary era Consequently regional politics emerges as a prominent theme within the book
