Catalogue of first editions, and books printed in the fifteenth century [&c.]. Payne and Foss, 1818 **Catalogue of the First [and Second Remaining] Portion of the Theological & Miscellaneous Stock of C.J. Stewart** Sotheby & Co. (London, England), 1882 **A History of Six Ideas** W. Tatarkiewicz, 2012-12-06 The history of aesthetics like the histories of other sciences may be treated in a two fold manner as the history of the men who created the field of study or as the history of the questions that have been raised and resolved in the course of its pursuit The earlier History of Aesthetics 3 volumes 1960 68 English language edition 1970 74 by the author of the present book was a history of men of writers and artists who in centuries past have spoken up concerning beauty and art form and creativity The present book returns to the same subject but treats it in a different way as the history of aesthetic questions concepts theories The matter of the two books the previous and the present is in part the same but only in part for the earlier book ended with the 17th century while the present one brings the subject up to our own times And from the 18th century to the 20th much happened in aesthetics it was only in that period that aesthetics achieved recognition as a separate science received a name of its own and produced theories that early scholars and artists had never dreamed of Catalogues of Items for Auction by Messrs. James Perry ... which will be sold by auction** , 1822 **Pleasure and the Good Life** Paul van Riel, 2016-06-21 This volume deals with the general theory of pleasure of Plato and his successors The first part describes the two paradigms between which all theories of pleasure oscillate Plato's definition of pleasure as the repletion of a lack and Aristotle's view that pleasure is the perfect performance of an activity After an excursus on Epicureans and Stoics the book concentrates on Neoplatonism opposing the standard Neoplatonic view of Plotinus and Proclus to the original viewpoint of Damascius commentary on Plato's Philebus The volume sheds light on the discussion between hedonists and anti hedonists by concentrating on the crucial point at which any philosophical analysis of the good life hedonistic or other ought to argue that the life of the philosopher is the most desirable and thus truly pleasurable life **Pleasure and the Good Life** Gerd Van Riel, 2000 This volume concentrates on a hedonistic argument that enters the philosophical debate when philosophers

argue that what they present as the good life is the truly pleasurable life The book investigates more precisely how this point was made by Plato and his successors **Book-prices Current** ,1921 **The 'Commentaries' of Pope Pius II**

(1458-1464) and the Crisis of the Fifteenth-Century Papacy Emily O'Brien,2015-01-01 Written in the mid fifteenth century Pope Pius II s Commentaries are the only known autobiography of a reigning pontiff and a fundamental text in the history of Renaissance humanism In this book Emily O'Brien positions Pius expansive autobiographical text within that century s contentious debate over ecclesiastical sovereignty Presenting the Commentaries as Pius response to the crisis of authority legitimacy and relevance that was engulfing the Renaissance papacy she shows how the Commentaries function as both an aggressive assault on the papal monarchy s chief opponents and a systematic defense of Pius s own troubled pontificate and his pre papal career Illustrating how the language imagery and ideals of secular power inform Pius apologetic self portrait The Commentaries of Pope Pius II 1458 1464 and the Crisis of the Fifteenth Century Papacy demonstrates the role that Pius and his writings played in the evolution of the Renaissance papacy Provided by publisher [A Catalogue of the Library of Harvard University in Cambridge, Massachusetts ...
