*Prospects for the Study of American Literature* Richard Kopley,1997-08 What can there possibly be left to say about This common litary resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain A Companion to Herman Melville Wyn Kelley, 2015-08-17 In a series of 35 original essays this companion demonstrates the relevance of Melville's works in the twenty first century Presents 35 original essays by scholars from around the world representing a range of different approaches to Melville Considers Melville in a global context and looks at the impact of global economies and technologies on the way people read Melville Takes account of the latest and most sophisticated scholarship including postcolonial and feminist perspectives Locates Melville in his cultural milieu revising our views of his politics on race gender and democracy Reveals Melville as a more contemporary writer than his critics have sometimes assumed Richard Wright Keneth Kinnamon, 2014-11-04 African American writer Richard Wright 1908 1960 was celebrated during the early 1940s for his searing autobiography Black Boy and fiction Native Son By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author s earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics The Cambridge Companion to Edgar Allan Poe Kevin J. Hayes, 2002-04-25 This collection of specially commissioned essays by experts in the field explores key dimensions of Edgar Allan Poe s work and life Contributions provide a series of alternative perspectives on one of the most enigmatic and controversial American writers The essays specially tailored to the needs of undergraduates examine all of Poe's major writings his poetry short stories and criticism and place his work in a variety of literary cultural and political contexts They situate his imaginative writings in relation to different modes of writing humor Gothicism anti slavery tracts science fiction the detective story and sentimental fiction Three chapters examine specific works The Narrative of Arthur Gordon Pym The Fall of the House of Usher The Raven

and Ulalume The volume features a detailed chronology and a comprehensive guide to further reading and will be of interest to students and scholars alike The Undergraduate's Companion to American Writers and Their Web Sites Larry G. Hinman, 2000-12-15 An outstanding research guide for undergraduate students of American literature this best selling book is essential when it comes to researching American authors Bracken and Hinman identify and describe the best and most current sources both in print and online for nearly 300 American writers whose works are included in the most frequently used literary anthologies Students will know exactly what information is available and where to find it Hurston Harold Bloom, 2008 Presents a selection of criticism devoted to the work of African American author Zora Neale Nathaniel Hawthorne, Updated Edition Harold Bloom, 2009 A collection of critical essays on Nathaniel Hurston Hawthorne s work A Companion to Mark Twain Peter Messent, Louis J. Budd, 2015-08-17 This broad ranging companion brings together respected American and European critics and a number of up and coming scholars to provide an overview of Twain his background his writings and his place in American literary history One of the most broad ranging volumes to appear on Mark Twain in recent years Brings together respected Twain critics and a number of younger scholars in the field to provide an overview of this central figure in American literature Places special emphasis on the ways in which Twain's works remain both relevant and important for a twenty first century audience A concluding essay evaluates the changing landscape of Twain criticism The Publishing History of Uncle Tom's Cabin, 1852-2002 Claire Parfait, 2016-12-05 Uncle Tom's Cabin continues to provoke impassioned discussions among scholars to serve as the inspiration for theater film and dance and to be the locus of much heated debate surrounding race relations in the United States It is also one of the most remarkable print based texts in U S publishing history And yet until now no book length study has traced the tumultuous publishing history of this most famous of antislavery novels Among the major issues Claire Parfait addresses in her detailed account are the conditions of female authorship the structures of copyright author publisher relations agency and literary economics To follow the trail of the book over 150 years is to track the course of American culture and to read the various editions is to gain insight into the most basic structures formations and formulations of literary culture during the period Parfait interrelates the cultural status of this still controversial novel with its publishing history and thus also chronicles the changing mood and mores of the nation during the past century and a half Scholars of Stowe of American literature and culture and of publishing history will find this impressive and compelling work invaluable

Black Power, Yellow Power, and the Making of Revolutionary Identities Rychetta Watkins,2012-01-03 Images of upraised fists afros and dashikis have long dominated the collective memory of Black Power and its proponents The guerilla figure taking the form of the black leather clad revolutionary within the Black Panther Party has become an iconic trope in American popular culture That politically radical figure however has been shaped as much by Asian American cultural discourse as by African American political ideology From the Asian African Conference held in April of 1955 in Bandung

Indonesia onward to the present Afro Asian political collaboration has been active and influential In Black Power Yellow Power and the Making of Revolutionary Identities author Rychetta Watkins uses the guerilla figure as a point of departure and shows how the trope's rhetoric animates discourses of representation and identity in African American and Asian American literature and culture In doing so she examines the notion of Power in terms of ethnic political identity and explores collaborating and sometimes competing ethnic interests that have drawn ideas from the concept The project brings together a range of texts editorial cartoons newspaper articles novels visual propaganda and essays that illustrate the emergence of this subjectivity in Asian American and African American cultural productions during the Power period roughly 1966 through 1981 After a case study of the cultural politics of academic anthologies and the cooperation between Frank Chin and Ishmael Reed the volume culminates with analyses of this trope in Sam Greenlee's The Spook Who Sat by the Door Alice Walker's Meridian and John Okada's No No Boy Literary Research Guide James L. Harner, 2008 James L Harner s Literary Research Guide which Choice calls the standard guide in the field evaluates important reference materials in English studies Since the publication of the first edition in 1989 tens of thousands of students and educators have used the Guide as an aid to scholarly research In the new edition Harner has added entries describing resources published since May 2001 and has revised nearly half the entries from the fourth edition The fifth edition contains more than 1 000 entries which discuss an additional 1 555 books articles and electronic resources and cite 723 reviews Readers of earlier editions will notice the inclusion of substantially more electronic resources particularly reliable sites sponsored by academic institutions and learned societies to account for the proliferation of bibliographic databases text archives and other online resources This edition also features a new section on cultural studies The Great Depression and the New Deal Daniel Leab, Kenneth J. Bindas, Alan Harris Stein, Justin Corfield, Steven L. Danver, 2009-12-18 A comprehensive encyclopedia of the 1930s in the United States showing how the Depression affected every aspect of American life In two volumes The Great Depression and the New Deal A Thematic Encyclopedia captures the full scope of a defining era of American history Like no other available reference it offers a comprehensive portrait of the nation from the Crash of 1929 to the onset of World War II exploring the impact of the Depression and the New Deal on all aspects of American life The book features hundreds of alphabetically organized entries in sections focusing on economics politics social ramifications the arts and ethnic issues With an extraordinary range of primary sources integrated throughout The Great Depression and the New Deal is the new cornerstone resource on a historic moment that is casting a shadow on our own unsettled times Liquid Landscape Michele Currie Navakas, 2017-08-28 In Florida land and water frequently change places with little warning dissolving homes and communities along with the very concepts of boundaries themselves While Florida's landscape of saturated swamps shifting shorelines coral reefs and tiny keys initially impeded familiar strategies of early U S settlement such as the establishment of fixed dwellings sturdy fences and cultivated fields over the course of the eighteenth and nineteenth centuries Americans learned to inhabit Florida s liquid

landscape in unconventional but no less transformative ways In Liquid Landscape Michele Currie Navakas analyzes the history of Florida's incorporation alongside the development of new ideas of personhood possession and political identity within American letters From early American novels travel accounts and geography textbooks to settlers guides maps natural histories and land surveys early American culture turned repeatedly to Florida's shifting lands and waters as well as to its itinerant enclaves of Native Americans Spaniards pirates and runaway slaves This preoccupation with Floridian terrain and populations argues Navakas reveals a deep American concern with the challenges of settling a region so exceptional in topography geography and demography Navakas reads a vast archive of popular literary and reference texts spanning Revolution to Reconstruction including works by William Bartram James Fenimore Cooper and Harriet Beecher Stowe to uncover an alternative history of American possession one that did not descend exclusively or even primarily from the more familiar legal political and philosophical conceptions of American land as enduring solid and divisible The shifting southern edge of early America produced a new language of settlement belonging territory and sovereignty and that language would ultimately transform how people all across the rapidly changing continent imagined the making of U S nation and empire

Walt Whitman Quarterly Review ,1997 Thoreau's Ecstatic Witness Alan D. Hodder, 2008-10-01 When Henry David Thoreau died in 1862 friends and admirers remembered him as an eccentric man whose outer life was continuously fed by deeper spiritual currents But scholars have since focused almost exclusively on Thoreau s literary political and scientific contributions This book offers the first in depth study of Thoreau s religious thought and experience In it Alan D Hodder recovers the lost spiritual dimension of the writer s life revealing a deeply religious man who despite his rejection of organized religion possessed a rich inner life characterized by a sort of personal experiential nature centered and eclectic spirituality that finds wider expression in America today At the heart of Thoreau s life were episodes of exhilaration in nature that he commonly referred to as his ecstasies Hodder explores these representations of ecstasy throughout Thoreau s writings from the riverside reflections of his first book through Walden and the later journals when he conceived his journal writing as a spiritual discipline in itself and a kind of forum in which to cultivate experiences of contemplative non attachment In doing so Hodder restores to our understanding the deeper spiritual dimension of Thoreau s life to which his writings everywhere bear witness William Faulkner John Earl Bassett, 2009 William Faulkner 1897 1962 produced such enduring novels as The Sound and the Fury Light in August and As I Lay Dying as well as many short stories His works continue to be a source of interest to scholars and students of literature and the immense amount of criticism about the Nobel prize winner continues to grow Bassett provides an annotated listing of commentary in English on William Faulkner since the late 1980s This volume dedicates its sections to book length studies of Faulkner commentaries on individual novels and short works criticism covering multiple works biographical and bibliographical sources and other materials such as book reviews doctoral dissertations and brief commentaries This bibliography provides a list of all significant recent commentary
