Italy, 1945-1960: An Interdisciplinary Study P. Morris, 2006-10-30 This volume brings together specialists from a variety of disciplines to develop a deeper understanding of the social political and cultural history of women in Italy in the years 1946 1960 Despite being a time when women and the family were at the center of national debates and when society changed considerably the fifteen years following the Second World War have tended to be overlooked or subsumed into discussions of other periods By focusing on the experience of women and by broadening the frame of reference to include subjects and sources often ignored or only alluded to by traditional analyses the essays in this volume break new ground and provide a corrective to previous interpretive models **A Concise History of Italy** Christopher Duggan, 1994-04-21 A concise history of Italy from the fall of the Roman empire in the west to the present day **The A to Z of Modern Italy** Mark Gilbert, Robert K. The Lost Wave Molly Tambor, 2014 The first women entered national government in Italy in 1946 and represented a lost wave of feminist action They used a specific electoral and legislative strategy constitutional rights feminism to construct an image of the female citizen as a bulwark of democracy Mining existing tropes of femininity such as the Resistance heroine the working mother the sacrificial Catholic and the *mamma Italiana* they searched for social consensus for women's equality that could reach across religious ideological and gender divides The political biographies of woman politicians intertwine throughout the book with the legislative history of the women's rights law they created and helped pass a Communist who passed the first law guaranteeing paid maternity leave in 1950 a Socialist whose law closed state-run brothels in 1958 and a Christian Democrat who passed the 1963 law guaranteeing women's right to become judges Women politicians navigated gendered political identity as they picked and chose among competing models of femininity in Cold War Italy In so doing they forged a political legacy that in turn affected the rights and opportunities of all Italian women Their work is compared throughout *The Lost Wave* to the constitutional rights of women in other parts of postwar Europe

Women and Immigration Law Thomas Spijkerboer, Sarah Van Walsum, 2007-03-12 This book examines immigration law from a gender perspective It shows how immigration law situates gender conflicts outside the national order projecting them onto non-western countries exotic cultures clandestine labour and criminal organizations In doing so immigration law sustains the illusion that gender conflicts have moved beyond the pale of European experience In fact the classical feminist themes of patriarchy the gendered division of labour and sexual violence are still being played out at the heart of Europe's societies

involving both citizens and migrants This collection of essays demonstrates how the seemingly marginal perspective of immigration law highlights Europe's unresolved gender conflicts and how a gender perspective can help us to rethink immigration law

The World of Prostitution in Late Imperial Austria Nancy M. Wingfield, 2017-06-30 This study of prostitution addresses issues of female agency and experience as well as contemporary fears about sexual coercion and the forced movement of girls women and police surveillance Rather than treating prostitutes solely as victims or problems to be solved as so often has been the case in much of the literature Nancy M Wingfield seeks to find the historical subjects behind fin de siècle constructions of prostitutes to restore agency to the women who participated in commercial sex illuminate their quotidian experiences and to place these women some of whom made a rational economic decision to sell their bodies in the larger

social context of late imperial Austria Wingfield investigates the interactions of both registered and clandestine prostitutes with the vice police and other supervisory agents including physicians and court officials as well as with the inhabitants of these women's world including brothel clients and madams and pimps rather than focusing top down on the state constructed apparatus of surveillance Close reading of a broad range of primary and secondary sources shows that some prostitutes in late imperial Austria took control over their own fates at least as much as other working class women in the last decades before the end of the Monarchy And after 1918 bureaucratic transition did not necessarily parallel political transition Thus there was no dramatic change in the regulation of prostitution in the successor states Legislation which changed regulation only piecemeal after the war often continued to incorporate forms of control reflecting continuity in attitudes about women's sexuality

Common Prostitutes and Ordinary Citizens J. Laite, 2011-12-02 Between 1885 and 1960 laws and policies designed to repress prostitution dramatically shaped London's commercial sex industry This book examines how laws translated into street level reality explores how women who sold sex experienced criminalization and charts the complex dimensions of the underground sexual economy in the modern metropolis

Revolutionary Bodies K. S. Batmanghelichi, 2020-12-10 Gender and sexuality in modern Iran is frequently examined through the prism of nationalist symbols and religious discourse from the late nineteenth and early twentieth centuries In this book Kristin Soraya Batmanghelichi takes a different approach by interrogating how normative ideas of women's bodies in state religious and public health discourses have resulted in the female body being deemed as immodest and taboo Through a diverse blend of sources a popular cultural women's journal a red light district cases studies of temporary marriages iconic public statues and an HIV AIDS advocacy organization in Tehran this work argues that conceptions of gender and sexuality have been mediated in public discourse and experienced and modified by women themselves over the past thirty years of the Islamic Republic Expanding upon existing philosophical theory technological research and scholarship on gender and sexuality in Iran this book focuses much needed attention on under studied marginalized communities such as widows living with HIV This work interrogates how bodily technologies are constructed discursively and socially in Iran and the values and perspectives which are incorporated in them

The Politics of Trafficking Stephanie A. Limoncelli, 2010-02-23 Provides a historical ethnographic account of the first movement to combat trafficking in women and girls for prostitution initiated at an international congress in 1899 offering insights into gender and sexuality in global politics

Pederasts and Others William A. Peniston, 2004 A unique social history Pederasts and Others Urban Culture and Sexual Identity in Nineteenth Century Paris is a valuable addition to the growing field of gay and lesbian studies The book A Choice Magazine Outstanding Academic Title for 2005 examines the interaction between the city's male homosexual subculture and Parisian authority figures who attempted to maintain political and social order during the early years of the French Third Republic by using laws against public indecency and sexual assault to treat same sex sexuality as a crime Faced with a constant cycle of

surveillance harassment and arrest the city's gay men survived the hostile urban environment by forming a community of support that had a widespread and lasting influence on the development of modern sexual identities
