**International Law, Conflict and Development** Walter Kälin, Robert Kolb, Christoph Spöhl, Maurice Voyame, 2010-01-11 Experience and research have long shown an intrinsic link between human rights conflict and development This interdependence between different areas doctrines and disciplines calls for a genuinely coherent holistic approach in International Affairs With the challenges the work for the protection and respect of humanity encounters this book intends to bring together articles and ideas that indicate the complexity of such an endeavor The chapters written by academics and practitioners encompass snapshots of crucial development lines as well as conceptual ideas and frameworks In doing so the book provides insight to the principal understanding that peace efforts encapsulating human rights conflict management and development can only be sustained and flourish as long as conflicting parties have at least a minimal consensus and will to settle their differences peacefully As

a Liber Amicorum for Joseph Voyame the book honors the determination for humanity and respect for human dignity and peaceful mitigation of conflict which marked his life and work

**African Human Rights Yearbook / Annuaire africain des droits de l'homme 3 (2019)** , 2019-01-01

About the publication The African Charter on the Rights and Welfare of the Child African Children's Rights Charter is the continental instrument for protecting and promoting the rights and welfare of the Child The Children's Charter adopted in 1990 forms part of the salient features of the African human rights system complementing the parent human rights instrument the African Charter on Human and Peoples Rights African Charter To give meaning and effect to its provisions the African Children's Rights Charter in article 34 establishes an organ namely the African Committee of Experts on the Rights and Welfare of the Child African Children's Rights Committee or Committee to monitor implementation by member states to advocate for children's rights and to hold state parties accountable to their obligations as state parties Working collaboratively on the continent's human rights system the organs comprising the African human rights namely the African Commission on Human and Peoples Rights Commission the African Court on Human and Peoples Rights Court and the African Children's Rights Committee have undertaken to publish the African Human Rights Yearbook This is an instrumental

platform to highlight the mandate of the organs to foster collaboration and to illustrate Africa's commitment to uphold human rights. It is an important initiative that highlights various aspects of the norms and institutions relevant for human rights on the continent. This is the third volume of the Yearbook. It includes a focus on the 2019 theme of the African Union: Refugees, Returnees and Internally Displaced Persons Towards Durable Solutions to Forced Displacement in Africa. The African Children's Committee has at the same time undertaken and published a study on Children on the Move 2019 focusing not only on refugees, detainees and internally displaced persons but also drawing inspiration from the protective mandate of the African Children's Rights Charter to draw the continent's attention to the protection and promotion of the rights and welfare of children who are on the move. The focus on themes of the African Union enables a critical analysis of the extent of their implementation and relevance to the human rights discourse in the continent. Furthermore, the special focus of the Yearbook on various groups of people in vulnerable situation such as children and women signals the need to enhance their protection and prioritise their plight. The role of academic writing in advancement of human rights deserves due notice and appreciation by human rights implementing bodies. Peer-reviewed academic research provides credible and independent knowledge about human rights in a specific country or region as well as in various contexts and thematic areas. Academia plays a major role in the development of a human rights resource base that enables sustainable enhancement of human rights protection and promotion. The African Human Rights Yearbook is an excellent example of the important role played by academia in strengthening human rights protection and promotion in Africa. The breadth of knowledge enveloped in the Yearbook is evidenced by the long list of highly established scholars that informed it. By questioning and analysing the institutional architecture and the work of the three human rights bodies, the Yearbook has an invaluable role of ameliorating their functioning as a collective system. For this reason, it is critical that the Committee, Commission and Court take note of the various recommendations stemming from the research and apply them when relevant for better protection and promotion of human rights in Africa.

Mrs Goitseone Nanikie Nkwe, Chairperson of the African Committee of Experts on the Rights and Welfare of the Child.
