Protestant Era Abridged Edition:

The Protestant Era, 1966 *The Protestant Era* Paul Tillich, 1966 **Refusing to Kiss the Slipper** Michael W.

Bruening, 2021-03-19 History has long viewed French Protestants as Calvinists *Refusing to Kiss the Slipper* re examines the Reformation in francophone Europe presenting for the first time the perspective of John Calvin's evangelical enemies and revealing that the French Reformation was more complex and colorful than previously recognized Michael Bruening brings together a cast of Calvin's opponents from various French speaking territories to show that opposition to Calvinism was stronger and better organized than has been recognized He examines individual opponents such as Pierre Caroli Jerome Bolsec Sebastian Castellio Charles Du Moulin and Jean Morly but more importantly he explores the anti Calvinist networks that developed around such individuals Each group had its own origins and agenda but all agreed that Calvin's claim to absolute religious authority too closely echoed the religious sovereignty of the pope These oft neglected opponents refused to offer such obeisance to kiss the papal slipper arguing instead for open discussion of controversial doctrines They believed Calvin's self appointed leadership undermined the bedrock principle of the Reformation that the faithful be allowed to challenge religious authorities This book shows that the challenge posed by these groups shaped the way the Calvinists themselves developed their reform strategies Bruening's work demonstrates that the breadth and strength of the anti Calvinist networks requires us to abandon the traditional assumption that Huguenots and other francophone Protestants were universally Calvinist Religion, Politics and Thomas Hobbes George Wright, 2006 This collection develops insight into the relation which Hobbes describes between his theory of government and the three part division he draws with respect to religion Pursuing the chain of causes that proves God's existence as first cause Hobbes identifies and defines both true religion and such superstition as he found in the theology and practices of the Roman Catholic Church of his era He then emphasizes the difference between natural religion and revealed religion in order to extinguish the claim of contemporary theologians to an authority in the state greater than that of the political sovereign Although according to the author Hobbes falters in carrying out his politico theological project his careful radical and innovative attempt to describe the relationship of religion and politics church and state has special relevance for us today as forms of religious fundamentalism in many countries are increasingly claiming and in some cases winning control of political institutions **Towards a Trinitarian**

Theology of Religions Pan-Chiu Lai, 1994 Peeters 1994 Starting with the Spirit Stephen Pickard, Tracy

Preece, 2001-12-31 Within the field of theology per se a fundamental issue is raised when we begin with the Spirit This issue concerns the particular shape and trajectory of the Christian faith How will the doctrine of God at the heart of theology be re configured when the Spirit becomes the fundamental theme To begin with the Spirit is to place such a question at the centre of the theological agenda **Theology at the End of Culture** Russell Re Manning, 2005 This book is a reconsideration of Paul Tillich's 1886 1965 project of a theology of culture and art Concentrating on Tillich's widely neglected pre emigration

writings 1910 1933 Re Manning reconstructs and defends Tillich's proposals for theology of culture as a philosophically sophisticated programme of theological engagement with culture and art On the boundary between the extremes of liberal Christian humanism and neo orthodox isolationism Tillich's project is shown to be a powerful continuation of the mediatory intentions of the Schleiermacher Troeltsch line of modern Protestant theology to overcome the intolerable gap between religion and culture Drawing heavily on Tillich's incorporation of Schelling's positive philosophy into the deep structure of this theology Re Manning argues that Tillich's Idealistic Romantic theology of mediation provides a way through the entrenched oppositions of the divided mind of twentieth century theology to a constructive theology of cultural engagement Further this book offers an assessment of the continued relevance of Tillich's project in the situation of contemporary philosophical theology Beyond the dominant antithetical types of postmodern theology Mark C Taylor's a theology and the radical orthodoxy of John Milbank Re Manning argues for the possibility of a Tillichian postmodern theology of culture able to engage with the spiritual situation at the end of culture

The Nazi Religion and the Rise of the French Christian Resistance Kathleen Burton, 2022-09-08 If asked to define Nazism most people think of fascism racism antisemitism and the use of propaganda Few people know that Nazism also included a strong religious component Yet it did The Nazi religion was termed Positive Christianity and it is directly cited in Hitler's Nazi Party Platform of 1920 But what was Positive Christianity In this book Kathleen Burton details when and where this religion was embraced how it was received and critiqued by the prominent theologians of the 1930s and how a combined effort of rogue Catholic priests and Protestant pastors in France aware of the religious threat worked together to fight Nazism during World War II This contributed to the survival of seventy five percent of France's Jewish population Burton concludes by describing what work still needs to be done to fully understand clarify and debunk Nazism's Positive Christianity Today's world is fascinated by the tragic events of World War II yet Hitler's propaganda coup against traditional Christianity is not well known or understood This book closes that gap

On the Scope and Truth of Theology Robert C. Neville, 2006-06-05 A genuinely fresh theological project that accounts for the interdisciplinary nature of religion and its discontents

The Theological Paradox Gert Hummel, 1995 Keine ausführliche Beschreibung für The Theological Paradox Das theologische Paradox verfgbar

The Truth of Broken Symbols Robert C. Neville, 1996-01-01 This book provides a cross cultural analysis of how religious symbols function from a theological and philosophical perspective Showing how religious symbols can be true in various qualified senses Neville presents a theory of religious symbolism in the American pragmatic tradition extending and elaborating Tillich's claim that religious symbols participate in the divine realities to which they refer and yet must be broken in order not to be idolatrous or demonic The Truth of Broken Symbols offers a theory of religious symbolism treating reference meaning and interpretation and discussing different functions of religious symbols in theological practical and devotional contexts It shows that religious symbols are to be properly understood as true or false and that symbol systems such as myths theologies or

liturgical symbols are to be used to engage divine realities while internally exhibiting semiotic structures of reference meaning and interpretation *The History of the Protestant Reformation ...* Martin John Spalding,1875 **International Handbook of the Religious, Moral and Spiritual Dimensions in Education** Marian de Souza,Gloria Durka,Kathleen Engebretson,Robert Jackson,Andrew McGrady,2007-06-04 In today s pluralistic world many cultures feel a shift in the relationship of people with religious traditions A corresponding movement is a resurgence of interest in human spirituality This Handbook presents the views of education scholars who engage these concepts every day in a collection of essays reflecting the international state of the discipline Out of these rises a vision for the emergence of a just and peaceful world

Concordia Theological Monthly ,1959 *The History of the Protestant Reformation, in Germany and Switzerland* Martin John Spalding,1860 *The Moral Mystic* James R. Horne,2006-01-01 Mysticism is condemned as often as it is praised Much of the condemnation comes from mysticism s apparent disregard of morality and ethics For mystics the experience of union transcends all moral concern In this careful examination of the works of such practitioners or examiners of mysticism as Paul Tillich Thomas Merton Evelyn Underhill and Martin Buber the author posits a spectrum of uneasy relationships between mysticism and morality Horne explores the polarities of apophatic imageless and imaginative mysticism the contemplative and the active life and morality and amorality He stresses the importance of the distinction between proper name entirely personal morality and social morality for the history of Christian mysticism is a mix of minimal moral concern proper name morality and social morality The volume will be of interest to students of religious experience ethics and the recent history of mysticism Carefully reasoned and documented the argument is couched in clear prose easily accessible to lay readers as well as to scholars *The History of the Protestant Reformation in Germany and Switzerland; and in England, Ireland, Scotland, the Netherlands, France, and Northern Europe. In a Series of Essays, Reviewing D'Aubigné ... and Others* Martin John SPALDING (R.C. Archbishop of Baltimore.),1860 [The Emergence of Jewish Theology in America](#) Robert G. Goldy,1990-02-22 In *The Emergence of Jewish Theology in America* Robert G Goldy traces the birth and development of American Jewish theology from the Second World War to the present taking into account its social historical and intellectual roots and its revolutionary impact on the rabbinate and the Jewish intellectual community Affected by the horrors of war many third generation American Jews became dissatisfied with Jewish liberal thought and sought an American Jewish theology that would be radical existentialist and neo Orthodox [Religious Human Rights in Global Perspective](#) John Witte Jr.,Johan D. van der Vyver,2023-12-11 In this Dickensian century of human rights the world has cultivated the best of religious rights protections but witnessed the worst of religious rights abuses In this volume Jimmy Carter John T Noonan Jr and a score of leading jurists assess critically and comparatively the religious rights laws and practices of the international community and of selected states in the Atlantic continents This volume and its companion *Religious Human Rights in Global Perspective* Religious Perspectives are products of an ongoing project on religion human rights and democracy undertaken
