Memorials of Mr. Serjeant Bellasis Edward Bellasis, 1895

Suing for America's Soul R. Jonathan Moore, 2007-06-25

When John W Whitehead founded The Rutherford Institute as a Christian legal advocacy group in 1982 he was interested primarily in the First Amendment's religion clause serving clients only when religious freedom was at stake By the mid 1990s however religious rights were but one subset of all the freedoms that he saw threatened by an invasive government In *Suing for America's Soul* R Jonathan Moore examines the foundation and subsequent practices of The Rutherford Institute helping to explain the rise of conservative Christian legal advocacy groups in recent decades Moore exposes the effects good and bad that such legal activism has had on the evangelical Protestant community Thought provoking and astute *Suing for America's Soul* opens a revealing window onto evangelical Protestantism at large in late twentieth century America *Catalogue of the New York State Library : 1861. General Library: First Supplement* New York State Library, 1861

Economics as Religion Nelson, Robert H., 2014-05-01 Robert Nelson's *Reaching for Heaven on Earth Economics as Religion and The New Holy Wars Economic Religion Versus Environmental Religion in Contemporary America* read almost like a trilogy exploring and charting the boundaries of theology and economics from the Western foundations of ancient Greece through the traditions that Nelson identifies as Protestant and Roman and on into modern economic forms such as Marxism and capitalism as well as environmentalism Nelson argues that economics can be a genuine form of religion and that it should inform our understanding of the religious developments of our times This edition of *Economics as Religion* situates the influence of his work in the scholarly economic and theological conversations of today and reflects on the state of the economics profession and the potential implications for theology economics and other social sciences **A New History of**

the Sermon Robert H. Ellison, 2010 This collection offers fresh perspectives on British and American preaching in the nineteenth century Drawing on many religious traditions and addressing a host of cultural and political topics it will appeal to scholars specializing in any number of academic fields **The Outrageous Idea of Christian Scholarship** George M.

Marsden, 2024 First published in 1997 *The Outrageous Idea of Christian Scholarship* is a landmark work that offered a bold call to re-establish Christian perspectives in academia While other defining elements of a scholar's identity such as race or gender are routinely welcomed as providing valued points of view the perspectives of believing Christians are sometimes dismissed as irrelevant or worse antithetical to the scholarly enterprise George M Marsden argues forcefully that academia is enriched by encouraging religious diversity For this second edition Marsden has added a new preface as well as an entirely new chapter reflecting on the changing landscape of academia in the quarter century since the book first appeared In principle the arguments for recognizing religious outlooks as legitimate expressions of diversity have been more widely accepted In practice the diverse academy is often a dangerously contentious place where constructive intellectual exchange is difficult Marsden shows how Christians can contribute constructively to a variety of academic settings and exemplify the

virtues that should be integral to a Christian's intellectual inquiry and exchange *Liberal Learning as a Quest for Purpose* William M. Sullivan, 2016-06-03 In a remarkable experiment lasting over a decade a group of 88 independent campuses ranging from comprehensive universities to intimate colleges have demonstrated the value of an emerging educational agenda focused on meaning and purpose These programs have shown that college can provide emerging adults with an understanding of themselves within today's insecure and highly competitive world that enhances their ability to develop the grit needed to create meaningful lives By focusing on the exploration of vocation and its theological foundations the programs have produced remarkable outcomes in enhanced student engagement in the learning process and more effective entry into adult life Discernment of vocation provides for many students a synthetic and compelling focus for intellectual and practical exploration Sustained by articulate reflection and grounded in communities of learning that include faculty as well as students undergraduate life takes on new significance and urgency *Liberal Learning as a Quest for Purpose* analyzes a series of successful efforts to reconfigure undergraduate education as a journey toward life purpose Examining the experiences of students and faculty William M Sullivan reveals the concrete importance of this educational agenda for individual lives and particular campuses By connecting the several dimensions of undergraduate experience through reflection on purpose Sullivan demonstrates how these programs expanded the bandwidth of academic learning in energizing and exploratory ways Within the larger troubled environment of contemporary higher education these pioneering efforts hold promise for a significant rethinking of the undergraduate experience to better serve students and society *Living Faithfully in a Fragmented World* Jonathan R Wilson, 2011-05-26 The first edition of *Living Faithfully in a Fragmented World* became one of the founding and guiding texts for new monastic communities In this revised edition Jonathan Wilson focuses more directly on lessons for these communities from Alasdair MacIntyre's *After Virtue* In the midst of the unsettling cultural shifts from modernity to postmodernity a new monastic movement is arising that strives to be a faithful witness to the gospel These new monastic communities seek to participate in Christ's life in the world and bear witness by learning to live intentionally as the church in Western culture This movement is about finding the church's center in Christ in the midst of a fragmented world overcoming the failure of the Enlightenment project and our complicity with it resisting the temptation to Nietzschean power and building communities of disciples This new edition is greatly enlarged from the original volume It includes responses to critics of the new monasticism such as D A Carson an entirely new chapter on the Nietzschean temptation an afterword on properly understanding the new monastic movement the dangers it faces and the work yet to be done as well as an appendix on the supposed post modern agenda of Jonathan Wilson and Brian McLaren For those striving to understand the path the church should take in this fragmented world this book is essential reading **The Bible Christian Magazine, for the year 1867** The Bible Christian Book Committee, 2022-02-16 Reprint of the original first published in 1867 **The Bible Christian magazine, a continuation of the Arminian magazine** Bible Christians, 1867
