Kramer, 2006-12-13 In 1899 the United States having announced its arrival as a world power during the Spanish Cuban American War inaugurated a brutal war of imperial conquest against the Philippine Republic Over the next five decades U S imperialists justified their colonial empire by crafting novel racial ideologies adapted to new realities of collaboration and anticolonial resistance In this pathbreaking transnational study Paul A Kramer reveals how racial politics served U S empire and how empire building in turn transformed ideas of race and nation in both the United States and the Philippines Kramer argues that Philippine American colonial history was characterized by struggles over sovereignty and recognition In the wake of a racial exterminist war U S colonialists in dialogue with Filipino elites divided the Philippine population into civilized Christians and savage animists and Muslims The former were subjected to a calibrated colonialism that gradually extended them self government as they demonstrated their capacities The latter were governed first by Americans then by Christian Filipinos who had proven themselves worthy of shouldering the white man's burden Ultimately however this racial vision of imperial nation building collided with U S nativist efforts to insulate the United States from its colonies even at the cost of Philippine independence Kramer provides an innovative account of the global transformations of race and the centrality of empire to twentieth century U S and Philippine histories **Scarlet and Black, Volume Two** Kendra Boyd, Marisa J. Woman's World/Woman's Empire Ian Tyrrell, 2014-03-19 Frances Willard founded the Woman's Christian Temperance Union in 1884 to carry the message of women's emancipation throughout the world Based in the United States the WCTU rapidly became an international organization with affiliates in forty two countries Ian Tyrrell tells the extraordinary story of how a handful of women sought to change the mores of the world not only by abolishing alcohol but also by promoting peace and attacking prostitution poverty and male control of democratic political structures In describing the work of Mary Leavitt Jessie Ackermann and other temperance crusaders on the international scene Tyrrell identifies the tensions generated by conflict between the WCTU's universalist agenda and its own version of an ideologically and religiously based form of cultural imperialism The union embraced an international and occasionally ecumenical vision that included a critique of Western materialism and imperialism But at the same time its mission inevitably promoted Anglo American cultural practices and Protestant evangelical beliefs deemed morally superior by the WCTU Tyrrell also considers from a comparative perspective the peculiar links between feminism social reform and evangelical religion in Anglo American culture that made it so difficult for the WCTU to export its vision of a woman centered mission to other cultures Even in other Western states forging links between feminism and religiously based temperance reform was made virtually impossible by religious class and cultural barriers Thus the WCTU ultimately failed in its efforts to achieve a sober and pure world although its members significantly shaped the values of those countries in which it exercised strong influence As and urgently needed history of the first largescale worldwide women's organization and non denominational evangelical institution Woman's World Woman
