

The background of the entire image is a scenic landscape. In the foreground, there is a grassy hillside. Two large, leafless trees stand prominently on the right side of the hill. Beyond the hill is a calm body of water, likely a lake, which reflects the sky and the distant mountains. In the background, there are dark, rugged mountains under a sky filled with soft, white and grey clouds. The overall mood is peaceful and contemplative.

The Independent, 1889 The Seventeenth-Century Resolve John L. Lievsay, 2021-05-11 Among the literary innovations of the seventeenth century a period of rich development in English prose was the resolve Generally of religious inspiration the resolve was intended as the instrument of reform of private and public morals to assist in attaining individual perfection

and in establishing the ideal Christian state John L Lievsay has brought together an anthology of resolves from the pens of eighteen writers some like Bishop Joseph Hall and Owen Feltham familiar names to students of English literature and others virtually unknown Despite its popularity as a literary form during the seventeenth century the resolve quickly declined in influence and died an untimely death Lievsay sketches the history of this once well known form and provides critical and comparative evaluations of the writers and their works Until now the only resolve writer anthologized since the seventeenth century has been Owen Feltham admittedly the best of the resolvers but according to Lievsay not greatly superior to Hall Daniel Tuvill or Francis Rous Together the selections in this volume offer a comprehensive view of a significant yet little known development in English letters *Creed or conscience? Tracts for the times, 3rd ser., by R.A. Armstrong [and others].* Creed,1896 The Ecclesiastical gazette, or, Monthly register of the affairs of the Church of England ,1869
