The Psychic Power of Animals Cassandra Eason, 2003 Cassandra Eason teaches you everything you need to know in order to communicate with animals and develop a closer bond with them

**The Power of Pets** Kelly Wallace, 2018-04-30 Many people seek the help of animal whisperers. These professionals seem to have a natural knack for intuitively knowing what animals want and need. They can find out if a pet is ill, why they have certain behavioral problems, what the pet thinks of their owners, and how to make your furry loved one happier and healthier. But more and more people are realizing that they can psychically or intuitively communicate with their pets themselves. If you've had pets, I'm sure you can see how different their personalities were. I bet you'll smile at your memories of them too. Pets can bring us so much joy. They can also help us heal just as we can help them. You can even learn to communicate with them whether your furry family member is in this world or the afterworld. Pets have so much to say to us, but first you need to tune into them to understand the messages they're sending. Learning to read their body language is simple, and as you get more accustomed to this, you can even communicate telepathically. That might sound incredible, but you'll be surprised at how easy it is. Since various animals have different levels of consciousness, they'll communicate on their own unique level. In time, you'll learn how your pet communicates what it wants you to know. I'll show you how.

**Paws and Listen** Jenny Shone, 2010-11 I decided to write this book to share some of the most memorable experiences I've had with the animals that have crossed my path over the years. My greatest desire is to improve the lives of all animals and our relationships with them. Everyone has the ability to achieve their greatest desires, no matter what they are, just as I have done. I look forward to sharing with you some of the amazing stories the animals have shared with me. Enjoy! Jenny Shone, Johannesburg, October 2005
