

Rape

- Nearly one-quarter of women say they have been forced into a sexual encounter, but only 3 percent of men acknowledge coercive sex.
- College campuses are a prime location for sexual violence and attempted sexual violence.
 - Rape
 - Coercion
 - Stalking

Rape And Inequality

Niels Teunis, Gilbert H. Herdt

Rape And Inequality:

Rape and Inequality Julia R. Schwendinger, Herman Schwendinger, 1983-05 The authors review popular legal and scientific explanations of rape and offer a new and persuasive approach to understanding violence against women They show that rape is not common to all societies and conclude that it is linked to general levels of sexual inequality sexism and violence It is seen as a consequence of the development of capitalism In supporting their thesis the authors present material that will be of great interest to anthropologists criminologists political economists and people in women s studies This is the best book available on rape and will remain so for the foreseeable future It is inordinately well written brilliantly conceived and imaginatively researched I wholeheartedly recommend

Sexual Inequalities and Social Justice Niels Teunis, Gilbert H. Herdt, 2007 This pioneering collection of ten ethnographically rich essays signals the emergence of a new paradigm of social analysis committed to understanding and analyzing social oppression in the context of sexuality and gender The contributors an interdisciplinary group of social scientists representing anthropology sociology public health and psychology illuminate the role of sexuality in producing and reproducing inequality difference and structural violence among a range of populations in various geographic historical and cultural arenas In particular the essays consider racial minorities including Hispanics Koreans and African Americans discuss disabled people examine issues including substance abuse sexual coercion and HIV AIDS and delve into other topics including religion and politics Rather than emphasizing sexuality as an individual trait the essays view it as a social phenomenon focusing in particular on cultural meaning and real world processes of inequality such as racism and homophobia The authors address the complex and challenging question of how the research under discussion here can make a real contribution to the struggle for social justice

Addressing Rape Reform in Law and Practice Susan Caringella, 2009 The first comprehensive book on rape since Susan Brownmiller s *Against Our Will* and Susan Estrich s *Real Rape* this volume probes every aspect of rape law and the discrepancies between ideal law on the books and real law in action Susan Caringella canvasses the success and failure of reform in the United States as well as Australia Britain Canada and New Zealand and assesses alternative perspectives on rape reform making use of theoretical models court cases and statistical data She uniquely delineates a creative model for change while addressing the discretion that undermines efforts at change This includes charging the accused and plea bargaining confronting a lack of transparency and accountability in implementing law and acquiring funding for such changes

Crime and Inequality John Hagan, 1995 These essays examine how and why inequality affects the patterning of crime and criminal justice They evaluate the merits of various theoretical ideas debates and controversies regarding crime and inequality document the dynamics of inequality in varied crime settings examine methodologies used in exploring the crime inequality relationship and set forth new research and policy agendas for future work

Sex, Power, Conflict : Evolutionary and Feminist Perspectives Ann Arbor David M. Buss Professor of Psychology University of Michigan, Los Angeles Neil Malamuth Professor of Communication and

Psychology and Chair of the Department of Communication and Speech University of California,1996-03-21 Sexual harassment in the workplace date rape and domestic violence dominate the headlines and have recently sparked scholarly debates about the nature of the sexes Concurrently the scientific community is conducting research in topics of sex and gender issues Indeed more research is being done on the topics of sexual conflict and coercion than at any other time in the history of the social sciences Despite this attention it is clear that these issues are being addressed from two essentially different perspectives one is labeled feminist while the other viewed as antithetical to the feminist movement is called evolutionary psychology which emphasizes the history of reproductive strategies in understanding conflict between the sexes This book brings together leading experts from both sides of the debate in order to discover how each could offer insights lacking in the other The editors overall goal is to show how the feminist and evolutionary approaches are complementary despite their evident differences then provide an integration and synthesis In fact several of the contributors to this unique volume consider themselves advocates of both approaches As a stimulating presentation of the dynamics of sex power and conflict and a pioneering rapprochement of the diverse tendencies within the scientific community this book will attract a wide audience in both psychology and women s studies fields *Critical Criminology: Oxford Bibliographies Online*

Research Guide Michael J. Lynch,2010-05 This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In criminology as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Criminology a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of criminology Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.aboutobo.com

Violence Against Women and Children Carol J. Adams,Marie Fortune,1995-11-01 Violence against women and children has reached epidemic proportions It cuts across all economic strata and is found in our urban centers and the farthest corners of the nation This is the only sourcebook on domestic violence for clergy and counselors **Rape during Civil War** Dara Kay Cohen,2016-07-13 Rape is common during wartime but even within the context of the same war some armed groups perpetrate rape on a massive scale while others never do In *Rape during Civil War* Dara Kay Cohen examines

variation in the severity and perpetrators of rape using an original dataset of reported rape during all major civil wars from 1980 to 2012 Cohen also conducted extensive fieldwork including interviews with perpetrators of wartime rape in three postconflict counties finding that rape was widespread in the civil wars of the Sierra Leone and Timor Leste but was far less common during El Salvador's civil war Cohen argues that armed groups that recruit their fighters through the random abduction of strangers use rape and especially gang rape to create bonds of loyalty and trust between soldiers The statistical evidence confirms that armed groups that recruit using abduction are more likely to perpetrate rape than are groups that use voluntary methods even controlling for other confounding factors Important findings from the fieldwork across cases include that rape even when it occurs on a massive scale rarely seems to be directly ordered Instead former fighters describe participating in rape as a violent socialization practice that served to cut ties with fighters past lives and to signal their commitment to their new groups Results from the book lay the groundwork for the systematic analysis of an understudied form of civilian abuse The book will also be useful to policymakers and organizations seeking to understand and to mitigate the horrors of wartime rape

Rape Justice Nicola Henry, Anastasia Powell, Asher Flynn, 2015-09-01 This book explores the burgeoning interest in alternative and innovative justice responses to sexual violence both within and outside the legal system It explores the limits of criminal law for achieving rape justice and highlights possibilities for expanding how we think about justice in the aftermath of sexual violence

Crime And Capitalism David Greenberg, 2010-06-10 Classic and contemporary viewpoints on crime

Reviewing **Rape And Inequality**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
