## Same Blue Chevy Poetry:

*Same Blue Chevy* Gale Renée Walden, 1996 This first book of poems powerfully illustrates the power of place in shaping our histories and perceptions Moving from the prairie to the city and back again Walden draws the reader through the living rooms and main streets of a past in constant flux Each poem is a canvas saturated with graceful images echoing of myth a moving set of reflections on the universal which provides us with an enigmatic journey into our collective past **City of the Big Shoulders** Ryan G. Van Cleave, 2012-04 Chicago has served as touchstone and muse to generations of writers and artists defined by their relationship to the city's history lore inhabitants landmarks joys and sorrows pride and shame The poetic conversations inspired by Chicago have long been a vital part of America's literary landscape from Carl Sandburg and Gwendolyn Brooks to experimental writers and today's slam poets The one hundred contributors to this vibrant collection take their materials and their inspirations from the city itself in a way that continues this energetic dialogue The cultural ethnic and aesthetic diversity in this gathering of poems springs from a variety of viewpoints styles and voices as multifaceted and energetic as the city itself Cristin O Keefe Aptowicz I want to eat in a city smart enough to know that if you are going to have that heart attack you might as well have the pleasure of knowing you've really earned it Renny Golden In the heat of May 1937 my grandfather sits in the spring grass of an industrial park with hundreds of striking steelworkers Joey Nicoletti The wind pulls a muscle as fans yell the vine off the outfield wall mustard stained shirts hot dog smiles and all The combined energies of these poems reveal the mystery and beauty that is Second City the City by the Lake New Gotham Paris on the Prairie the Windy City the Heart of America and Sandburg's iconic City of the Big Shoulders Syntax and Speech William E. Cooper, Jeanne Paccia-Cooper, 1980 Syntax and Speech is the first extensive examination of the relation between sentence structure and the organization of speech Combining the methods of cognitive psychology linguistics and acoustics the Coopers show that a surprising amount of syntactic information is conveyed by the subtle ways a speaker times the delivery of a sentence Syntax and Speech provides abundant experimental evidence that the syntactic boundaries of surface phrase structure have strong effects on the timing of the speech signal The Coopers develop a detailed theory of structural representation to account for the location of pauses and elongated speech sounds This work bears importantly both upon psychological theories of speech production and linguistic theories of sentence structure Moreover their methods of examining speech provide an admirable model of how complex human behavior can be successfully analyzed The results which can be applied to language pathology and communications engineering and have clear parallels in other expressive behaviors such as American Sign Language music and animal communication provide the starting point for many new lines of research in cognitive science *Good Poems, American Places* Various, 2011-04-14 Another wonderful poetry anthology from Garrison Keillor rooted in the American landscape Greatness comes in many forms and as Garrison Keillor demonstrates daily on The Writer's Almanac the most affecting poems in the canon are in plain English Third in Keillor's

series of anthologies Good Poems American Places brings together poems that celebrate the geography and culture that bind us together as a nation Think of these poems as postcards from the road by poets who've gotten carried away by a particular place a town in Kansas a kitchen window in Nantucket a Manhattan street a farm in western Minnesota Featuring famous poets and brash unknowns alike the verses in this exhilarating collection prove that the heart can be exalted anywhere in America

**Lock and Load** Deirdra McAfee, Betty Joyce Nash, 2017-11-01 Nothing says America louder than a gun As the short stories assembled here demonstrate firearms loom as large in our imaginations as in the news In this unforgettable anthology the common theme and the essential object is the gun These striking stories from such famous authors as Annie Proulx Bonnie Jo Campbell and John Edgar Wideman plus a talented group of newcomers range widely from tender to violent from chilling to hilarious Tales of love war coming of age and revenge they occur in landscapes familiar or ordinary distant or dystopian and reflect Americans particular obsession with and paranoia about guns This masterful and thought provoking collection moves beyond the polarized rhetoric surrounding firearms to spark genuine discussion
