Allan Jones, 2018-06-06 In this unique and exhilarating autobiography Allan Jones Canada s first blind diplomat vividly describes how an untreatable eye disease slowly decimated his visual world most challengingly during his postings in Tokyo and New Delhi and how he discovered and took to heart the revelatory Indian philosophy that changed his life Advaita Vedanta the most iconoclastic and liberating of the classical Indian philosophies profoundly altered the author s experience of self and world He found that the true self as distinct from the individual ego far exceeds the boundaries of individuality It lies beneath sightedness or blindness and is absolutely unaffected by the latter This welcome shift of perspective was reinforced by startling discoveries in contemporary physics evolutionary biology and developmental psychology that are fully consistent with Advaitic metaphysics As for the practical applications of metaphysics this book demonstrates step by step how Advaitic insight and practice significantly reduce physical and psychological tension The most telling examples have to do with adjustments compelled by extreme circumstances Thus Jones describes how he drew upon Advaitic mindfulness techniques to maintain his white cane mobility skills in the teeth of permanent spinal nerve and muscle pain The arc of Beyond Vision moves from the claustrophobically personal to the openness of the transpersonal It begins in a dysfunctional

family background breaking out into a full life encompassing an adventurous foreign service career spiritual exploration and an unconventional kind of marital love

Sankara on the Yoga Sutras Trevor Leggett,2017-01-01 This is a complete English translation of a highly significant Sanskrit sub commentary vivarana purporting to be by Sankara on the Yoga Sutras of Patanjali The vivarana is written with great originality The long commentary on God completely jettisons the narrow sutra definition in favour of a supreme Creator as evidenced by many ingenious arguments on the lines of the present day cosmological anthropic principle The doctrine that the future already exists and that time is purely relative anticipate the Einstein era *The Role of Divine Grace in the Soteriology of Śaṅkarācārya* Malkovsky,2018-08-14 This volume examines the role of divine grace in the non dualist soteriology of a kara The author argues that grace is an essential but generally overlooked feature in a kara s enlightenment spirituality Introductory chapters summarize recent developments in a kara research a kara s epistemology and ontology ancient Ved ntic teachings on grace and modern scholarly disagreement about grace in a kara s Advaita system The heart of the book consists of two lengthy exegetical chapters examining a kara s key passages on grace from his dozen genuine works The final chapter presents for the first time a systematic summary of a kara s understanding of the operation and necessity of divine grace This book provides a useful summary of a kara s system as a whole besides offering a radical revision of the standard understanding of a kara s soteriology It also reveals that a kara was much more indebted in his thinking to his Vedantic predecessors than had hitherto been thought *A Śaṅkara Source-book: Śaṅkara on enlightenment* Śaṅkarācārya,A. J. Alston,1989 Samkara's Advaita Vedanta Jacqueline G. Suthren Hirst,2005-03-31 Samkara c 700 CE has been regarded by many as the most authoritative Hindu thinker of all time A great Indian Vedantin brahmin Samkara was primarily a commentator on the sacred texts of the Vedas and a teacher in the Advaitin teaching line This book serves as an introduction to Samkara s thought which takes this as a central theme The author develops an innovative approach based on Samkara s ways of interpreting sacred texts and creatively examines the profound interrelationship between sacred text content and method in Samkara s thought The main focus of the book is on Samkara s teaching method This method is for Samkara based on the Upanishads own it is to be employed by Advaitin teachers to draw pupils skilfully towards that realisation which is beyond all words Consequently this book will be of interest not only to students and scholars of Indian philosophy but to all those interested in the relation between language and that which is held to transcend it *Book of Lemmas* Wim van den Dungen,2016-12-16 The Book of Lemmas presents the outlines of an immanent and transcendent metaphysics The latter is introduced by a survey of epistemology in particular criticism demarcating between valid and invalid propositions and between science and metaphysics Immanent metaphysics does not move beyond the limitations of conceptual reason and is a heuristic of science The ontological principal of the proposed process ontology is the actual occasion defined by its two state vectors material efficiency and scalar finality information and consciousness

Schleiermacher on Christian Consciousness of God's Work in History Abraham Varghese Kunnuthara,2008-01-01 This work is a fresh unusually lucid approach to Christian theology and interfaith dialogue from India Its basic aim is to

examine the Christian consciousness of God's work in history redemption history within the entire history of the world It uses Christian Faith by Friedrich Schleiermacher 1768 1834 as its main text so as to view this theme in a reversed order from the way it is presented there This approach which centers on God's new creation in Christ leads to an incisive understanding of Christianity's relation to other modes of faith Throughout Dr Kunnuthara compares the thought of another Indian Christian leader steeped in Hindu thought Pandippedi Chenchiah 1886 1959 to enable renewed interfaith dialogue across a wide spectrum Vadiraja's Refutation of Sankara's Non-dualism L.
