**Sanctification & Liberation** Theodore Runyon, 1981 Nineteenth century America Timothy L Smith Whither evangelicalism Donald W Dayton The Wesleyan movement and women s liberation Nancy A Hardesty Sanctification and liberation in the black religious tradition James H Cone The Methodist witness and the African situation Kwesi A Dickson A liberating Pastoral for the rich Dow Kirkpatrick *Sanctification and Liberation* World Methodist Council, *Liberation Theologies* Ronald G. Musto, 2020-11-25 First Published in 1991 The following is a comprehensive scholarly bibliography of published materials on the varieties of liberation theology mostly in book form available in English It is intended as an introductory survey to this vast and quickly expanding field for the teacher and student of contemporary theology of biblical hermeneutics and to the interrelationship of politics and religion around the world It will also serve as a comprehensive bibliography **Paul, the Community, and Progressive Sanctification** James M. Howard, 2007 What role does the Christian community play in the process of growing in Christian maturity This book argues that in Pauline theology the redeemed community is a necessary means for the progressive sanctification of the individual believer an idea that is largely misunderstood in parts of the Western church It evaluates foundational theological considerations traditionally omitted from sanctification studies and places them within the context of Pauline theology Included are the missiological nature of holiness the initiatory character of God the creation of the new humanity as reflecting the image of God and the impact upon the church resulting from the radical redefinition by Christ of the cultural symbols surrounding the Jewish temple system This book offers a corrective to the individualized approach to Christian growth For Paul the focus of God s transformative activity culminates with the community rather than the individual the goal of which is to reveal God s glory to the broader creation

Decolonizing Wesleyan Theology Filipe Maia, 2024-02-15 What can movements for decolonization teach Wesleyan theology This book faces this question to show that decolonial voices are reshaping the contours of Methodist and Wesleyan traditions Contributors to this volume include theologians pastors and leaders in the Global South who are leading the people called Methodists to encounter the tradition anew in the radical spirit of decolonization **Love in a Time of Climate Change** Sharon Delgado, 2017-06-30 Love in a Time of Climate Change challenges readers to develop a loving response to climate change which disproportionately harms the poor threatens future generations and damages God s creation This book creatively adapts John Wesley s theological method by using scripture tradition reason and experience to explore the themes of creation and justice in the context of the earth s changing climate By consciously employing these four sources of authority readers discover a unique way to reflect on planetary warming theologically and to discern a faithful response The book s premise is that love of God and neighbor in this time of climate change requires us to honor creation and establish justice for our human family for future generations and for all creation From the introduction As we entrust our lives to God we are enabled to join with others in the movement for climate justice and to carry a unified message of healing love and solidarity

as we live into God's future offering hope in the midst of the climate crisis that another world is possible God is ever present always with us Love never ends      *Responsible Grace* Randy L. Maddox,1994-10-01 Of special focus in this reflective overview of Wesley's theological convictions is highlighting the practical theological dynamics of Wesley's work and suggesting possible implications for contemporary attempts to recover theology as a practical discipline Another distinctive focus of this work is a systematic consideration of the integration of theological emphases traditionally divergent in Eastern and Western Christianity The author also closely examines the consistency of Wesley's thought throughout his career

*Salvation in Melanesia* Michael Press,2020-06-15 *Salvation in Melanesia* explores the views of salvation held by Methodist Lutheran and Pentecostal Christians in Fiji and Papua New Guinea uncovering the ways in which a Protestant theology of unconditional salvation through God's judgment and grace has been combined with traditional Melanesian religious concepts of reciprocity retribution and obedience to cultural laws While Pentecostal churches have offered new experiences of transformation by rejecting what they regard as the mingling of Melanesian culture with Christianity in other churches they have also kept certain elements of traditional Melanesian spirituality Meanwhile today economic globalization and secularization result in new questions about the relationship between the people the leaders the land and God Michael Press uses mission sources and interviews to describe the different concepts of mission their reception the main images of God and the relationship between religion and culture in Melanesian churches as well as the factors that support or hinder personal transformation      **Christian Faith** B. A. Gerrish,2015-08-24 At the beginning of *Christian Faith* B A Gerrish

reminds us that dogmatics involves critical transmission of the Christian heritage The dogmatic theologian must interpret and assess the traditional beliefs of the church while also considering the new and changing conditions in which that tradition is being embodied With that Gerrish goes on to outline the various presuppositions and affirmations of the Christian faith before ultimately offering a powerful and compelling restatement of Christian faith for the twenty first century As part of his framework Gerrish includes a critical comparison of Calvin's *Institutes of the Christian Religion* and Schleiermacher's *Christian Faith* while still paying close attention to the great cloud of theological witnesses from across the spectrum of Christian traditions Gerrish's book provides a robust and penetrating revisioning of Christian theology one that is thoroughly grounded in the classical traditions of the church      **Methodist Theology** Kenneth Wilson,2011-07-28      **Christian**

**Theology, Volume Two** Thomas N. Finger,2020-03-09 This is one of the first systematic theologies written from a believer's church chiefly an Anabaptist Mennonite perspective Dr Finger develops his themes throughout the volume in careful dialogue with Reformed Lutheran Roman Catholic and other historic approaches The eschatological approach taken by Finger does not represent a fixation on future events Rather it represents a method of inquiry based on the early Christian conviction that the last things had already occurred through Jesus even though their effects were not yet fully realized Chief among these were the resurrection of the dead the outpouring of the Spirit the coming of God's kingdom and the defeat of

the powers of evil After outlining this vantage point Volume I considered eschatology revelation and the work of Christ in its light Volume II begins with anthropology Jesus human work provides the norm for authentic human being Justification comes next and is considered as the eschatological revelation and actualization of God's righteousness through the faithfulness of Jesus Christ After treating the dynamics of personal sanctification Dr Finger explores the context within which it is pursued the church His ecclesiology begins with mission including its approach to non-Christian religions and the sociopolitical realm Volume II ends where most systematic theologies begin with God including the humanity and deity of Jesus Christ Thomas N Finger has undertaken an important task that is rarely attempted the production of a constructive systematic theology informed by judicious dialogue with current biblical scholarship Finger's methodological decision to adopt an eschatological approach enables him to work formally as well as materially from within a perspective shaped by the NT writers his innovative organization of the loci of Christian doctrine with its emphasis on the church as a community of believers living out the tensions between Christ's resurrection and Parousia is a direct result of taking the NT seriously Particularly noteworthy is his exposition of the doctrine of justification in the light of recent paradigm shifts in Pauline studies Finger's book is a productive and edifying work for all who care about the ongoing conversation between Scripture and systematics Richard Hays Duke Divinity School Thomas N Finger has chosen an approach to the systematic presentation of Christian Theology which I also have taken since the publication of my Theology of Hope in 1964 He begins with the goal with eschatology With that goal in mind a new light is cast on every single doctrine of Christian theology the light of redemption and the work of the theologian becomes a labor of hope This is a theology of the way With the kingdom of God kept steadily in view it becomes an invitation to walk the way of Jesus Tom Finger's theological prospectus makes a brilliant contribution to ecumenical theological dialogue from the Anabaptist tradition He offers an eschatologically oriented theology for which I can only congratulate him J rgen Moltmann Professor of Theology University of T bingen This volume is not only a contribution to the contemporary discussions in systematic theology It is also an important ecumenical breakthrough The Anabaptist tradition stands as an important dialogue partner in the quest for a common ground in the Christian faith Finger approaches the biblical faith from an eschatological viewpoint that is faithful to the Anabaptist tradition but in dialogue with Roman Catholic classical Protestant and contemporary scholars in both of these traditions He has begun a substantive conversation that will be important into the twenty first century Jeffrey Gros Former Director of the Commission on Faith Order National Council of Christian Churches USA     **Spirit and Salvation** Veli-Matti Karkkainen, 2016-12-09 The fourth installment in a wide and deep constructive theology for our time This fourth volume in Veli Matti K rkk inen's ambitious five volume systematic theology develops a constructive Christian pneumatology and soteriology in dialogue with the diverse global Christian tradition and with other major living faiths Judaism Islam Buddhism and Hinduism     **The Early Methodist Class Meeting** David Lowes Watson, 2002-04-22     *Pentecostal Perspectives on Social Justice* Thomas U.

Kurt, 2025-06-10 The beginnings of the Pentecostal movement were characterized by charismatic gifts and an extraordinary missionary dynamic At the same time early Pentecostals stood out from their social environment for their liberal practices on race and women's issues and for their pacifism In a world characterized by violence oppression and exploitation the question of justice is crucial for the future of this world At the same time for Pentecostals the question of the future of this world is closely linked to the kingdom of God This book explores whether there is a common denominator in Pentecostal social ethics what that denominator consists of and what its theological categories are To answer these questions it examines four representatives of the global Pentecostal church who have made prominent contributions in the field of social ethics The results are then discussed in a dialogue with Jürgen Moltmann one of the most prominent voices in systematic theology for social justice and the liberation of the oppressed

The Evangelical Counter-Enlightenment William R. Everdell, 2021-05-21 This contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what Salafist and Sufi Islam Evangelical Protestant and Jansenist Catholic Christianity and Hasidic Judaism have in common Such figures include Muhammad Ibn Abd al Wahab Count Nikolaus Zinzendorf Jonathan Edwards John Wesley Jean Jacques Rousseau and Israel Ba'al Shem Tov The book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three Abrahamic religions and the ideas of the Enlightenment and Counter Enlightenment Centered on the 18th century the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements This text appeals to students and researchers in many fields including Philosophy and Religion their histories and World History while also appealing to the interested lay reader

*Streams of Latin American Protestant Theology* Ryan R. Gladwin, 2020-01-13 Although church historians often call the 19th century the Great Century of Protestant mission for Latin America it was the 20th century that was the great century of Protestant growth and expansion The 20th century witnessed vast societal changes and the realization of systemic poverty and injustice as well as the exponential growth pentecostalization and diversification of Latin American Protestantism Latin American Protestant Theology emerged during this century of change This text provides an introduction to Latin American Protestant Theology by engaging its dominant theological streams Liberal Evangelical and Pentecostal and how they understand themselves through the lens of mission The text offers both a critique of the Christendom cartography that is dominant in Latin American Protestant Theology as well as suggestions for how to move towards a transformative theology of mission The primary intention of this text is to offer an informed outline and analysis of the theological landscape of Latin American Protestantism The secondary intention of this book is to note the contributions as well as deficiencies of the streams of LAPT in the hope to signal a possible path towards the development of an integral transformative contextual and decolonial theological voice

**An Introduction to World Methodism** Kenneth Cracknell, Susan J.

White,2005-05-05 The world Methodist community now numbers over 75 million people in more than 130 countries The story of Methodism is fascinating and multi faceted because there are so many distinct traditions within it some stemming directly from Britain and some arising in the United States In this book the authors address the issue of what holds all Methodists together and examine the strengths and diversity of an influential major form of Christian life and witness They look at the ways in which Methodism has become established throughout the world examining historical and theological developments and patterns of worship and spirituality in their various cultural contexts The book reflects both the lasting contributions of John and Charles Wesley and the on going contribution of Methodism to the ecumenical movement and inter religious relations It offers both analysis and abundant resources for further study     *The Sower and the Seer* Joseph Hogan,Jon Lauck,Paul Murphy,Andrew Seal,Gleaves Whitney,2021-02-17 This collection of twenty two essays a product of recent revivals of interest in both Midwestern history and intellectual history argues for the contributions of interior thinkers and ideas in forming an American identity The Midwest has been characterized as a fertile seedbed for the germination of great thinkers but a wasteland for their further growth The Sower and the Seer reveals that representation to be false In fact the region has sustained many innovative minds and been the locus of extraordinary intellectualism It has also been the site of shifting interpretations to some a frontier to others a colonized space a breadbasket a crossroads a heartland As agrarian reformed and Michigander Liberty Hyde Bailey expressed in his 1916 poem Sower and Seer the Midwestern landscape has given rise to significant visionaries just as their knowledge has nourished and shaped the region The essays gathered for this collection examine individual thinkers writers and leaders as well as movements and ideas that shaped the Midwest including rural school consolidation women s literary societies Progressive era urban planning and Midwestern radical liberalism While disparate in subject and style these essays taken together establish the irrefutable significance of the intellectual history of the American Midwest     **John Woolman and the Government of Christ** Jon R. Kershner,2018-03-01 In 1758 a Quaker tailor and sometime shopkeeper and school teacher stood up in a Quaker meeting and declared that the time had come for Friends to reject the practice of slavery That man was John Woolman and that moment was a significant step among many toward the abolition of slavery in the United States Woolman s antislavery position was only one essential piece of his comprehensive theological vision for colonial American society Drawing on Woolman s entire body of writing Jon R Kershner reveals that the theological and spiritual underpinnings of Woolman s alternative vision for the British Atlantic world were nothing less than a direct spiritual christocracy on earth what Woolman referred to as the Government of Christ Kershner argues that Woolman s theology is best understood as apocalyptic centered on a supernatural revelation of Christ s immediate presence governing all aspects of human affairs and envisaging the impending victory of God s reign over apostasy John Woolman and the Government of Christ explores the theological reasoning behind Woolman s critique of the burgeoning trans Atlantic economy slavery and British imperial conflicts and fundamentally reinterprets 18th century

Quakerism by demonstrating the continuing influence of early Quaker apocalypticism
