

The background of the slide is an abstract composition. It features a vertical gradient that transitions from a dark blue on the left to a lighter, teal-like blue on the right. Overlaid on this gradient are numerous circles of various sizes and colors, including shades of red, purple, green, and yellow. The circles are scattered across the entire frame, creating a textured, organic feel.

Inquiries & Insights Stephen D. Krashen, 1985 Second Language Learning and Language Teaching Vivian Cook, 2016-05-05

Second Language Learning and Language Teaching provides an introduction to the application of second language acquisition research to language teaching. Assuming no previous background in second language acquisition or language teaching methods, this text starts by introducing readers to the basic issues of second language acquisition research. It then examines how people learn particular aspects of the second language such as grammar, vocabulary, pronunciation, and the writing system, and at the strategies they adopt in their learning and the differences between individuals. Final chapters look at second language learning in a broader context, the goals of language teaching, and how teaching methods relate to SLA research. This newly updated fifth edition builds on the comprehensive scope of earlier editions while also addressing more recent developments in the field, particularly multilingual approaches to language teaching.

TEACHING ENGLISH AS A SECOND LANGUAGE, Second Edition MANISH A. VYAS, YOGESH L. PATEL, 2015-09-17

English Language Teaching (ELT), especially English as a Second Language (ESL) and English as a Foreign Language (EFL), has been witnessing unprecedented changes in curriculum, teaching methodology, and the application of learning theories. This has created a demand for teachers who can teach English to learners of varied cultural, socio-economic, and psychological backgrounds. The book, in its second edition, continues to discuss the modern trends, innovations, as well as the difficulties and challenges in teaching and learning ESL in a non-native context. The book, with contributions from many experts, each one specializing in a particular field from countries such as UK, USA, Australia, New Zealand, India, Nigeria, Sri Lanka, China, and Japan, provides new methods, strategies, and application-oriented solutions to overcome the problems in a practical way. The book deals with all topics pertinent to English as a Second Language or English for the non-native speakers, and these are further reinforced by a large number of examples and quotations from different sources. The new edition comes along with thoroughly improvised chapters on Narrative Inquiry for Teacher Development (Chapter 13) and Mass Media Language Attitudes and Language Interaction Phenomena (Chapter 23) to provide an insight on the innovative approaches in Teacher training and in classrooms, and new approaches and changing language dimensions in the world of media and in general. What distinguishes the text is its focus on modern innovations and use of technology in ELT.

Communicative Language Teaching (CLT) Postgraduate Students of English, teachers, teacher trainees, B Ed, M A Education, M Ed, and teacher educators who are concerned with teaching English as a Second Language (ESL) should find this book immensely helpful.
