The Five-year Plan Pestonji Ardesir Wadia, Kanchanlal Tribhovandas Merchant, 1951 *The Secret History of RDX* Colin F. Baxter, 2018-05-18 The noted historian offers a compelling sociohistorical account of an often overlooked yet critical WWII explosive twice as powerful as TNT Choice During the early years of World War II American ships crossing the Atlantic were virtually defenseless against German U boats Bombs and torpedoes fitted with TNT barely dented the hulls of Axis naval vessels Then seemingly overnight a top secret manufacturing plant appeared near Kingsport Tennessee producing a sugar white substance called Research Department Explosive code name RDX Twice as deadly as TNT and overshadowed only by the atomic bomb RDX proved to be pivotal in the Battle of the Atlantic and directly contributed to the Allied victory in WWII In *The Secret History of RDX* Colin F Baxter documents the journey of the super explosive from conceptualization at Woolwich Arsenal in England to mass production at Holston Ordnance Works in east Tennessee Baxter examines the debates between RDX advocates and their opponents and explores the use of the explosive in the bomber war over Germany in the naval war in the Atlantic and as a key element in the trigger device of the atomic bomb Drawing on archival records and interviews with individuals who worked at the Kingsport powder plant Baxter illuminates both the explosive s military significance and its impact on the lives of ordinary Americans involved in the war industry Much more than a technical account this study assesses the social and economic impact of the military industrial complex on small communities on the home front **An Army at Dawn** Rick Atkinson, 2007-05-15 WINNER OF THE PULITZER PRIZE AND NEW YORK TIMES BESTSELLER In the first volume of his monumental trilogy about the liberation of Europe in World War II Pulitzer Prize winner Rick Atkinson tells the riveting story of the war in North Africa The liberation of Europe and the destruction of the Third Reich is a story of courage and enduring triumph of calamity and miscalculation In this first volume of the Liberation Trilogy Rick Atkinson shows why no modern reader can understand the ultimate victory of the Allied powers without a grasp of the great drama that unfolded in North Africa in 1942 and 1943 That first year of the Allied war was a pivotal point in American history the moment when the United States began to act like a great power Beginning with the daring amphibious invasion in November 1942 *An Army at Dawn* follows the American and British armies as they fight the French in Morocco and Algeria and then take on the Germans and Italians in Tunisia Battle by battle an inexperienced and sometimes poorly led army gradually becomes a superb fighting force Central to the tale are the extraordinary but fallible commanders who come to dominate the battlefield Eisenhower Patton Bradley Montgomery and Rommel Brilliantly researched rich with new material and vivid insights Atkinson s narrative provides the definitive history of the war in North Africa **Saving Stalin** John Kelly, 2020-10-06 During World War II the Allied leaders banded together forged a great victory and created a new and dangerous post war world In the summer of 1941 Harry Hopkins Franklin Roosevelt s trusted advisor arrived in Moscow to assess whether the US should send aid to Russia as it had to Britain Unofficially he was there to determine whether Josef

Stalin the man who had killed over six million Ukrainians during the 1930s was worth saving In this riveting and sweeping narrative author John Kelly chronicles the turbulent wartime relationship between the great leaders Roosevelt Churchill and Stalin and military commanders of America Britain and the Soviet Union Faced with the greatest challenge of the century the Allied leaders and their war managers struggled against a common enemy and each other The story behind how victory was forged is an epic story rich in drama passion and larger than life personalities The Allies eventually triumphed but at what cost Using his trademark character rich writing style and focusing on unique unknown and unexplored aspects of the story Kelly offers a fresh perspective on the decision making that changed the course of the war and the course of history Saving Stalin brings to vivid life the epic story of the century s greatest human catastrophe It is an unforgettable master work in historical narrative

The City Among Cities Stephen P. Sims, 2025-11-01 An original interpretation of Aristotle s political thought focusing on war and peace With the post Cold War international order under stress Stephen P Sims reconsiders the relationship between war peace and politics by returning to the thought of Aristotle The City Among Cities offers new ways of thinking about Aristotle connecting his themes of inequality such as slavery or aristocracy to his observations on war and hegemonic politics By contrasting Aristotle s approach with the foundational theories of international relations Sims argues that hierarchy and coercion are permanent features of political life that democratic nations ignore at their own peril *The New York Times Book Review Index, 1896-1970: Title index*, 1973 Harper's, 1984 Important American periodical dating back to 1850 The Subject Index to Periodicals, 1952 Klass David K.
