Frank Towers

Secret Yankees The Union Circle In Confederate Atlanta:

Secret Yankees Thomas G. Dyer,1999 Dyer captures the intricacies of multiple loyalties in the midst of seemingly unified secessionist sentiment Skillfully written and carefully researched this book is intended for both scholars and a general audience Highly recommended Library Journal *Secret Yankees* Thomas G. Dyer,1999 Offering a perspective of the Civil War ignored in previous accounts *Secret Yankees* tells an intriguing story of the loyalty and patriotism of Unionists who were trapped in Atlanta during the war 13 illustrations **A Distant Flame** Philip Lee Williams,2011-04-01 A young Confederate sharpshooter Charlie Merrill has already suffered many losses in his life but he must find a way to endure and to grow if he is to survive the battles he and his fellow soldiers face in July 1864 at the gates of Atlanta From the opening salvos on Rocky Face Ridge in northwest Georgia through the trials of Resaca and Kennesaw Mountain Charlie faces the overwhelming force of the Union army and a growing uncertainty about his place in the war Framed by a story that finds the elderly Charlie giving a speech on the fiftieth anniversary of the Battle of Atlanta *A Distant Flame* portrays love violence and regret about wrong paths taken With an attention to historical detail that brings the past powerfully to the present Philip Lee Williams reveals Charlie s journey of redemption from the Civil War s fields of fire to the slow steps of old age **The Scalawags** James Alex Baggett,2004-09-01 In *The Scalawags* James Alex Baggett ambitiously uncovers the genesis of scalawag leaders throughout the former Confederacy Using a collective biography approach Baggett profiles 742 white southerners who supported Congressional Reconstruction and the Republican Party He then compares and contrasts the scalawags with 666 redeemer Democrats who opposed and eventually replaced them Significantly he analyzes this rich data by region the Upper South the Southeast and the Southwest as well as for the South as a whole Baggett follows the life of each scalawag before during and after the war revealing real personalities and not mere statistics Examining such features as birthplace vocation estate slaveholding status education political antecedents and experience stand on secession war record and postwar political activities he finds striking uniformity among scalawags This is the first Southwide study of the scalawags its scope and astounding wealth in quantity and quality of sources make it the definitive work on the subject

Southern Scoundrels Jeff Forret,Bruce E. Baker,2021-04-21 The history of capitalist development in the United States is long uneven and overwhelmingly focused on the North Macroeconomic studies of the South have primarily emphasized the role of the cotton economy in global trading networks Until now few in depth scholarly works have attempted to explain how capitalism in the South took root and functioned in all of its diverse and duplicitous forms *Southern Scoundrels* explores the lesser known aspects of the emergence of capitalism in the region the shady and unscrupulous peddlers preachers slave traders war profiteers thieves and marginal men who seized available opportunities to get ahead and in doing so left their mark on the southern economy Eschewing conventional economic theory this volume features narrative storytelling as engaging and seductive as the cast of shifty characters under examination Contributors cover the chronological sweep of the

nineteenth century South from the antebellum era through the tumultuous and chaotic Civil War years and into Reconstruction and beyond The geographic scope is equally broad with essays encompassing the Chesapeake South Carolina the Lower Mississippi Valley Texas Missouri and Appalachia These essays offer a series of social histories on the nineteenth century southern economy and the changes wrought by capitalist transformation Tracing that story through the kinds of oily individuals who made it happen Southern Scoundrels provides fascinating insights into the region s hucksters and its history Contents Introduction Jeff Forret and Bruce E Baker Preachers and Peddlers Credit and Belief in the Flush Times John Lindbeck A Gentleman and a Scoundrel Alexander McDonald Financial Reputation and Slavery s Capitalism Alexandra J Finley How Deeply They Weed into the Pockets Slave Traders Bank Speculators and the Anatomy of a Chesapeake Wildcat 1840 1843 Jeff Forret Bernard Kendig Orchestrating Fraud in the Market and the Courtroom Maria R Montalvo William A Britton v Benjamin F Butler Occupied New Orleans Confiscation and the Disruption of the Cotton Trade in Wartime Natchez Jeff Strickland Devils at the Doorstep Confederate Judges Masters of Sequestration Rodney J Steward Irresistibly Impelled toward Illegal Appropriation The Civil War Schemes of William G Cheeney Jimmy L Bryan Jr Das Kapital on Tchoupitoulas Street The Marketing of Stolen Goods and the Reserve Army of Labor in Reconstruction Era New Orleans Bruce E Baker The Violent Lives of William Faucett Elaine S Frantz Eureka Law and Order for Sale in Gilded Age Appalachia T R C Hutton

On The Threshold of Freedom Clarence L. Mohr, 2001-05-01 In this enlightening study Clarence L Mohr follows the demise of chattel slavery in one state of the Confederate South Like the slavery regime itself Mohr s story is biracial in character embracing the perspectives of both blacks and whites as they struggled to comprehend the approach of black freedom within a framework of attitudes and assumptions shaped by decades of mutual exposure to Georgia s peculiar institution By exploring in detail the changing patterns of black white interaction that preceded legal emancipation in 1865 On the Threshold of Freedom defines central tendencies within Georgia slavery and suggests important links between antebellum life and the events of early Reconstruction

The Best Station of Them All Maurice Melton, 2012-08-30 This is the story of the Confederate navy s Savannah Squadron its relationship with the people of Savannah Georgia and its role in the city s economy The author charts the history of the unit the sailors both white and black the officers their families and their activities aboard ship and in port The Savannah Squadron worked patrolled and fought in the rivers and sounds along the Georgia coast Though they saw little activity at sea the unit did engage in naval assault boarding capture and ironclad combat The sailors finished the war as an infantry unit in Robert E Lee s Army of Northern Virginia fighting at Sayler s Creek on the road to Appomattox The author concentrates on navy life and the squadron s place in wartime Savannah The book reveals who the Confederate sailors were and what their material social and working lives were like

Shifting Loyalties Judkin Browning, 2011-03-01 In the spring of 1862 Union forces marched into neighboring Carteret and Craven Counties in southeastern North Carolina marking the beginning of an occupation that would continue for the rest of the war Focusing on

a wartime community with divided allegiances Judkin Browning offers new insights into the effects of war on southerners and the nature of civil military relations under long term occupation especially coastal residents negotiations with their occupiers and each other as they forged new social cultural and political identities Unlike citizens in the core areas of the Confederacy many white residents in eastern North Carolina had a strong streak of prewar Unionism and appeared to welcome the Union soldiers when they first arrived By 1865 however many of these residents would alter their allegiance developing a strong sense of southern nationalism African Americans in the region on the other hand utilized the presence of Union soldiers to empower themselves as they gained their freedom in the face of white hostility Browning s study ultimately tells the story of Americans trying to define their roles with varying degrees of success and failure in a reconfigured country *The Urban South and the Coming of the Civil War* Frank Towers,2004 Book Review *A Sphinx on the American Land* Peter Kolchin,2003-04-01 One reason that the South attracts so much interest is that its history inevitably involves big questions continuity versus change slavery and freedom the meaning of race the formation of national identity the struggle between local and centralized authority Because these issues are central to human experience southern history properly conceived is of more than regional interest In *A Sphinx on the American Land* Peter Kolchin explores three comparative frameworks for the study of the nineteenth century South in an effort to nudge the subject away from provincialism and toward the kind of global concerns that are already transforming it into one of the most innovative fields of historical research The volume opens with a comparison between the South and the North or what Kolchin terms the un South This basic context he explains provides an essential backdrop for understanding the South how one conceptualizes southernness has meaning only in terms of what it is not Turning to the cohesion and variations among what he calls the many Souths Kolchin reminds us that there has never been one South or archetypal southerner Internal distinctions whether geographic class religious or racial ultimately raise the question of whether one can properly speak of the South at all Finally Kolchin explores parallels between the South and regions outside the United States or other Souths He considers a number of ways in which the South can be studied in a broad international setting paying particular attention to the similarities and differences between the emancipation of southern slaves and Russian serfs In an eloquent afterword he ponders the nature and importance of comparative history Kolchin examines how scholars have approached each of his comparative frameworks and how they might do so in the future making *A Sphinx on the American Land* at once a work of history and of historiography Illustrating the ways in which southern history is also American history and world history this elegant profound volume proves Kolchin to be one of the stellar southern historians of his generation

Reviewing **Secret Yankees The Union Circle In Confederate Atlanta**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing.
