Handicapping Secrets of the Horse Racing Fanatic Gordon Easton,2005-05 The first weekend at the track after reading your book *Handicapping Secrets of the Horse Racing Fanatic* I won 2 600 00 Thanks for all the great info R Kelley Los Angeles CA Initially I was looking for the plays on the pick six but actually evaluated them last I would almost swear that I was privileged to look at an experienced horse player s soul I believe this material needs more than reading it should be studied and practiced The author is certainly knowledgeable about the secrets of winning For any serious horse player who is self taught or those who aspire to collect money from the race tracks armed with just these techniques a loser could become a winner I would heartily endorse this author Thank you again Jerry Smiley NV

Great book with tremendous insight to thoroughbred handicapping and wagering janishrj

Gordon Easton s Pick Six Formulas and other betting strategies are quite literally worth a fortune to any serious fan of horse racing Add in the rest of the handicapping expertise he has picked up along the way and you have a resource that no one who plays the ponies can afford to be without Recommended without reservation Jay M Arlington VA I failed to mention how informative the book you sent me is Even with over 40 yrs of experience I learned things about racing that I more than likely did not know or just plain forgot about It s a good book Don

Oerlemans Westville NJ Very well written and and super informative book A K F Great handicapping book for any horseracing fan bettyjean4771 Solid info and systems ciolek75 Very informative Easy to master Thanks A T Good and interesting info for any handicapper Thanks C T Good tips and angles I haven t thought of before Pick 6 strategies are great J K very interesting book the stats alone are incredible A J J Good insight to handicapping horses G D What makes Handicapping Secrets of The Horse Racing Fanatic your absolute best bet to put more money in your pocket when wagering at the track It s not just master handicapper Gordon Easton s four decades worth of powerful and proven betting systems spot plays and long shot picking secrets all brought together in one book for the first time anywhere What s sets this book apart from all the rest is that retired mathematics professor Gordon Easton is a mathematical genius specializing in Numbers Probability Theory who gives his readers a complete set of plug and play betting formulas that will let you cover more horses and results for every dollar you bet shaving the odds in your favor For example Most people never win a Pick Six because they don t have the hundreds of dollars needed to put a lot of horses on a single ticket They will bet many 2 tickets instead They could end up with several tickets with 3 or 4 winners but none with 5 or 6 for the big win But by using Gordon s formulas you are guaranteed to line up at least five winners on one ticket if you get a winner in each race You ll also have a decent chance at getting a Pick Six without spending a fortune For example Pick Six Formula 1 covers 4 horses in 1 race 3 horses in 3 races and 2 singles your most likely winners To put all of these horses on one ticket would cost you 216 Using Gordon s formula you can do this for only 24 with the guarantee of 5 or 6 winners on one ticket if you have a winner in each race There is no other place on the planet you can find this kind of incredibly valuable knowledge
