Shakespearean Tragedy As Chivalric Romance Rethinking Macbeth Hamlet Othello And King Lear:

Shakespearean Tragedy as Chivalric Romance Michael Louis Hays, 2003 Shakespeare's tragedies reinterpreted through the figures and motifs of medieval romance Rethinking Shakespeare Source Study Dennis Austin Britton, Melissa Walter, 2018-03-28 This book asks new questions about how and why Shakespeare engages with source material and about what should be counted as sources in Shakespeare studies The essays demonstrate that source study remains an indispensable mode of inquiry for understanding Shakespeare his authorship and audiences and early modern gender racial and class relations as well as for considering how new technologies have and will continue to redefine our understanding of the materials Shakespeare used to compose his plays Although source study has been used in the past to construct a conservative view of Shakespeare and his genius the volume argues that a rethought Shakespearean source study provides opportunities to examine models and practices of cultural exchange and memory and to value specific cultures and difference Informed by contemporary approaches to literature and culture the essays revise conceptions of sources and intertextuality to include terms like haunting sustainability microscopic sources contamination fragmentary circulation and cultural conservation They maintain an awareness of the heterogeneity of cultures along lines of class religious affiliation and race seeking to enhance the opportunity to register diverse ideas and frameworks imported from foreign material and distant sources The volume not only examines print culture but also material culture theatrical paradigms generic assumptions and oral narratives It considers how digital technologies alter how we find sources and see connections among texts This book asserts that how critics assess and acknowledge Shakespeare's sources remains interpretively and politically significant source study and its legacy continues to shape the image of Shakespeare and his authorship The collection will be valuable to those interested in the relationships between Shakespeare's work and other texts those seeking to understand how the legacy of source study has shaped Shakespeare as a cultural phenomenon and those studying source study early modern authorship implications of digital tools in early modern studies and early modern literary culture *Shakespeare and the Politics of Nostalgia* Yuichi Tsukada, 2019-07-25 In 1603 Queen Elizabeth I died and King James I inherited the English throne During James's reign England continued to hark back to Elizabeth comparing him with his predecessor not always in a way that was either flattering or pleasing to James Critics have traditionally assumed that Shakespeare avoided involving himself in this discourse In this study of Shakespeare's Jacobean plays however Yuichi Tsukada demonstrates that far from not involving himself in the phenomenon of nostalgia for Elizabeth Shakespeare interacted closely with retrospective writings on Elizabeth and illuminated the complex politics behind the nostalgia Based upon close readings of *Macbeth* *Antony and Cleopatra* *Coriolanus* *Cymbeline* and *Henry VIII* together with a range of plays by Shakespeare's contemporaries including Thomas Heywood Thomas Dekker George Chapman John Marston Thomas Middleton and Ben Jonson the book traces the ongoing cultural negotiation of the memory of Elizabeth Yuichi Tsukada offers fresh insights into enigmatic aspects of

Shakespeare's Jacobean drama For instance what was the original significance of the two contentious prophecies none of woman born and the march of Birnam Wood in Macbeth Or that of the seemingly out of place triumphal procession of Volturna near the tragic end of Coriolanus Although her memory recurred in all forms of discourse throughout the first decade of James's reign the impact of this cultural undercurrent on Shakespeare's Jacobean drama has been ignored or underestimated Shakespeare and the Politics of Nostalgia reveals the unnoticed richness of Shakespeare's Jacobean drama by focusing on the growing cultural and political nostalgia for England's dead queen **Shakespeare's Classical**

Roman mythology Drawing its principal examples from *The Two Gentlemen of Verona* *The Taming of the Shrew* *Romeo and Juliet* *Lucrece* and *Twelfth Night* it reinvestigates a selection of moments in Shakespeare's works that have been widely identified in previous criticism as Ovidian scrutinising their literary alchemy with an eye to uncovering how ostensibly classical references may be haunted by the under acknowledged spectral presences of medieval intertexts and traditions Its central concern is the mutual hauntings of Ovid Geoffrey Chaucer and John Gower in the early modern literary imagination it demonstrates that Ovidian allusions to mythological figures such as Ariadne Philomela or Narcissus in Shakespeare's dramatic and poetic works were sometimes simultaneously mediated by the hermeneutic and affective legacies of earlier vernacular texts including *The Legend of Good Women* *Troilus and Criseyde* and *the Confessio Amantis* LINDSAY ANN REID is a Lecturer in English at the National University of Ireland Galway [Living by the Sword](#) Kristen Brooke Neuschel, 2020-11-15 Sharpen your knowledge of swords with Kristen B Neuschel as she takes you through a captivating 1000 years of French and English history *Living by the Sword* reveals that warrior culture with the sword as its ultimate symbol was deeply rooted in ritual long before the introduction of gunpowder weapons transformed the battlefield Neuschel argues that objects have agency and that decoding their meaning involves seeing them in motion bought sold exchanged refurbished written about displayed and used in ceremony Drawing on evidence about swords from wills inventories records of armories and treasuries in the possession of nobles and royalty she explores the meanings people attached to them from the contexts in which they appeared These environments included other prestige goods such as tapestries jewels and tableware all used to construct and display status *Living by the Sword* draws on an exciting diversity of sources from archaeology military and social history literature and material culture studies to inspire students and educated lay readers including collectors and reenactors to stretch the boundaries of what they know as the war and culture genre [Islam and Early Modern English Literature](#) Benedict S. Cobb, 2007 This book examines Shakespeare's response in his late plays to the challenge of making romance stories believable through theatrical representation and the kind of experience the late plays in performance seek to create for their spectators Taking *The Winter's Tale* as a case study the book's central chapters demonstrate how Shakespeare tests and transforms the techniques to create the sweeping restorative transformations of individuals and communities that are central to both earlier dramatic romances and Shakespeare's own romance experiments The book's three other chapters address the methodologies for study of spectator's experience through a dramatic text the history of dramatic romance to 1610 and Shakespeare's further experiments with the staging of romance after *The Winter's Tale* **Bulletin bibliographique de la Société internationale arthurienne** International Arthurian Society, 2005

William Shakespeare's Othello Harold Bloom, Sterling Professor of Humanities Harold Bloom, 2010 A collection of critical essays on the Shakespeare play *Othello* arranged in chronological order of publication **Women and Revenge in Shakespeare** Marguerite A. Tassi, 2011 Can there be a virtue in vengeance Can revenge do ethical work Can revenge be the obligation of women This wide ranging literary study looks at Shakespeare's women and finds bold answers to questions such as these A surprising number of Shakespeare's female characters respond to moral outrages by expressing a strong desire for vengeance This book's analysis of these characters and their circumstances offers incisive critical perceptions of feminine anger ethics and agency and challenges our assumptions about the role of gender in revenge In this provocative book Marguerite A Tassi counters longstanding critical opinions on revenge that it is the sole province of men in Western literature and culture that it is a barbaric morally depraved irrational instinct and that it is antithetical to justice Countless examples have been mined from Shakespeare's dramas to reveal women's profound concerns with revenge and justice honor and shame crime and punishment In placing the critical focus on avenging women this book significantly redresses a gender imbalance in scholarly treatments of revenge particularly in early modern literature **Sleep and its spaces in Middle English literature** Megan G. Leitch, 2021-07-06 Middle English literature is intimately concerned with sleep and the spaces in which it takes place In the medieval English imagination sleep is an embodied and culturally determined act It is both performed and interpreted by characters and contemporaries subject to a particular habitus and understood through particular hermeneutic lenses While illuminating the intersecting medical and moral discourses by which it is shaped sleep also sheds light on subjects in favour of which it has hitherto been overlooked what sleep can enable dreams and dream poetry or what it can stand in for or supersede desire and sex This book argues that sleep mediates thematic concerns and questions in ways that have ethical affective and oneiric implications At the same time it offers important contributions to understanding different Middle English genres romance dream vision drama and fabliau **A Pleasing Sinne** Adam Smyth, 2004 Studies of the representation and understanding of drink and conviviality in diverse social contexts **John**

Bunyan and the Language of Conviction Beth Lynch, 2004 Bunyan's works re-evaluated and considered in their Restoration and non-conformist context This book undertakes a major reassessment of the works of John Bunyan 1628-88 the nonconformist author of *The Pilgrim's Progress* who was imprisoned for preaching his beliefs Through a reading of each of his narratives and many of his pastoral writings both in textual detail and in relation to the various traditions such as Reformed spirituality and the nonconformist tradition within which he lived preached and wrote the author offers a systematic re-evaluation of Bunyan's development as an author She presents new perspectives on his most popular works *Grace Abounding* and *The Pilgrim's Progress* whilst arguing that the significance of the lesser known *Life and Death of Mr Badman* and *The Holy War* has been severely underestimated and she shows how overall the works offer a candid document of nonconformist experience in the Restoration period

John Donne and Conformity in Crisis in the Late Jacobean Pulpit Jeanne Shami, 2003 The sermons of John Donne are seen to embody the tensions and pressure on public religious discourse 1621-25 This book considers the professional contribution of John Donne to an emerging homiletic public sphere in the last years of the Jacobean English Church 1621-25 arguing that his sermons embody the conflicts tensions and pressures on public religious discourse in this period while they are in no way typical of any particular preaching agenda or style they articulate these crises in their most complex forms and expose fault lines in the late Jacobean Church The study is framed by Donne's two most pointed contributions to the public sphere his sermon defending James I's *Directions to Preachers* and his first sermon preached before Charles I in 1625 These two sermons emerge from the crises of controversy censorship and identity that converged in the late Jacobean period and mark Donne's clearest professional interventions in the public debate about the nature and direction of the Church of England In them Donne interrogates the boundaries of the public sphere and of his conformity to the institutions authorities and traditions governing public debate in that sphere modelling for his audience an actively engaged conformist identity Professor JEANNE SHAMI teaches in the Department of English at the University of Regina

Allegory, Space and the Material World in the Writings of Edmund Spenser Christopher Burlinson, 2006 An examination of the way in which the material world is depicted in *The Faerie Queene* This book provides a radical reassessment of Spenserian allegory in particular of *The Faerie Queene* in the light of contemporary historical and theoretical interests in space and material culture It explores the ambiguous and fluctuating attention to materiality objects and substance in the poetics of *The Faerie Queene* and discusses the way that Spenser's creation of allegorical meaning makes use of this materiality and transforms it It suggests further that a critical engagement with materiality which has been so important to the recent study of early modern drama must come in the case of allegorical narrative through a study of narrative and physical space and in this context it goes on to provide a reading of the spatial dimensions of the poem quests and battles forests castles and hovels and the spatial characteristics of Spenser's other writings The book reaffirms the need to place Spenser in his historical contexts philosophical and scientific military and architectural in early modern England

Ireland and Europe but also provides a critical reassessment of this literary historicism Dr CHRISTOPHER BURLINSON is a Research Fellow in English at Emmanuel College Cambridge
