SHAKESPEARE'S HAND IN THE PLAY OF SIR THOMAS MORE

EDITED BY W.W. GREG

offer doubt in the best of hearts to you
Gods grace you preserve, so you be true or faithful
to any further service to please or gratify
any man, whose purpose is not to be
wage you must needs be strangers, so that you be
to find a nation of free, hardhearted Burgers
that budabing out in furious violence
would not spare you, an abode on earth
wofull to your beloved country, against which you should
stand by to the day, and by the way of light god
would not now make you, nor light the elements
nor not all appropriate to your comfort
but by the way of light, so that you be
to be the best, so that you be strangers and
and that you must not be in the way,

Text Gabriel Egan, 2010-10-21 We know Shakespeare's writings only from imperfectly made early editions from which editors
struggle to remove errors The New Bibliography of the early twentieth century refined with technological enhancements in
the 1950s and 1960s taught generations of editors how to make sense of the early editions of Shakespeare and use them to
make modern editions This book is the first complete history of the ideas that gave this movement its intellectual authority
and of the challenges to that authority that emerged in the 1980s and 1990s Working chronologically Egan traces the
struggle to wring from the early editions evidence of precisely what Shakespeare wrote The story of another struggle
between competing interpretations of the evidence from early editions is told in detail and the consequences for editorial
practice are comprehensively surveyed allowing readers to discover just what is at stake when scholars argue about how to

Albion Scott Oldenburg, 2014-01-01 Using both canonical and underappreciated texts Alien Albion argues that early modern
England was far less unified and xenophobic than literary critics have previously suggested Juxtaposing literary texts from
the period with legal religious and economic documents Scott Oldenburg uncovers how immigrants to England forged ties
with their English hosts and how those relationships were reflected in literature that imagined inclusive multicultural
communities Through discussions of civic pageantry the plays of dramatists including William Shakespeare Thomas Dekker
and Thomas Middleton the poetry of Anne Dowriche and the prose of Thomas Deloney Alien Albion challenges assumptions
about the origins of English national identity and the importance of religious class and local identities in the early modern era
