Shared Stories From Daughters Of Alzheimers Writing A Path To Peace:

Shared Stories from Daughters of Alzheimer's Persis Granger, 2004 Shared Stories from Daughters of Alzheimer's is a support group in print for those escorting a loved one on the Alzheimer's journey. Nine women map the passage of a parent through Alzheimer's disease, describing the evolution of their own emotional responses to the disease and the changes it effects in the patient and in her relationship with family members. The book invites the reader to take a first step in healing from Alzheimer's ripple effect by beginning to journal about the experience. Use the stories here as tools to understand your own painful situation. Employ them to help you empower yourself, sort through your emotions, and begin to heal. Seize upon that which makes sense to you and disregard that which seems irrelevant. Then pick up your favorite pen and notebook and talk about what is going on in your journey with Alzheimer's disease. We wish you well. Persis Granger, Editor. Shared Stories from Daughters of Alzheimer's. An enthralling, ambitious, and much needed effort, most definitely the sort of work on Alzheimer's that needs to get public notice. Karla Morales, People's Medical Society.

Walking Together Elizabeth Pannier, Ph.D., Elizabeth Pannier Ph.D., 2014-05-18 The book WALKING TOGETHER: A Mother and Daughter's Journey Through Aging and Alzheimer's is a memoir of the last eight years of life that the author and mother shared together. The author wrote the book not only to tell the story but to also reach out and share what they both learned along the way. Her mother lived with her family for eleven years and began developing dementia that slowly grew into Alzheimer's over this time. Eventually, her mother needed nursing home care. The author spent over twenty-five years as a teacher of communication skills and psychological consultant to Hospices in the Chicago area and offered her services as an end-of-life counselor and grief counselor. She was a psychotherapist for the same period of time. She had developed many skills that helped her be with her mother in a positive way, but there were many things to learn that she did not know about in walking through the many years together in the stages often called the big forgetting. Her book details the

stages that she her husband and her mother took together as they walked through the months weeks and days of eight years of forgetting The author and her mother had a close and friendship based relationship and had shared over many years conversations about books friends politics and family There was no loss as great as the ones that came about when her mother could no longer see to read could not remember the grandchildren s names and could no longer share a cup of tea with her daughter and simply talk the good talk of women everywhere Because of these losses the author Elizabeth Pannier began to keep a journal documenting conversations experiences laughter poetry sadness and finally the shared silences Because of the way in which their last years together evolved this memoir is written in the form of letters addressed to her mother Each chapter begins Dear Mother and then continues as it revolves around a particular theme The book is drawn on these journal entries and shared experiences and reads well Some of the themes are Forgetting Losing Oneself Nursing Homes Learning to Listen Reflections Falling Shadows and Letting Go The book is short and yet helpful and supportive to the reader Responses to this book have been positive and supportive It is helpful for people beginning to walk their own journey with a loved one at this stage of life It is profoundly helpful for those people who are grieving the loss of a loved one from this dementia path and it is a great help for those who are aging and desire to share a talk about the possibility of Dementia and Alzheimer s and what they would like their children to know about their wishes This is not a how to book It is a poignant truthful accounting of one mother and one family who loved her and cared for her throughout her final days and learned that each day is special In the end both her mother and the author moved through the final years in a positive way and that is one of the facts of living that they learned over and over again It continues to be the author s desire that this story of Walking Together will be of help to others who find themselves in the beginning middle or ending stages of walking with a beloved through this final journey assisting them with the process of acceptance and letting go of any fear Each moment is life and an opportunity for love and it is one way to walk together through the great forgetting

discovering that in spite of our pain there are always gifts to be found even on the hardest of days Alzheimer's disease affects almost fifty million people worldwide. It touches people across every walk of life. So how do millions of people figure out how to love as they let go? *The Longest Goodbye* is a collection of stories and moments not just about the clinical side of memory loss but the emotional heart journey. It is a story that shows how joy and grief are often intertwined and wrapped up together in the glorious mess of life. *The Longest Goodbye* encourages readers to remember the ones they love while they are still here and to intentionally celebrate and live through the pain and hard days. It's filled with tears, hope, and bitter-sweet moments all held together by the beautiful love of a mother and daughter holding onto a life filled with memories while learning to let go and say goodbye. Losing a parent is one of life's most difficult moments and in some cases a difficult season. Shelly's heartwarming, poignant personal account of her decade-long journey of saying goodbye to her mom who suffered from memory loss will be a source of comfort and hope to anyone going through a similar experience. Carey Nieuwhof, Bestselling Author, Speaker, and Host of the Carey Nieuwhof Leadership Podcast. In *The Longest Goodbye*, Shelly gives us hope and help to navigate when a loved one faces memory loss. Shelly shares her decade-long journey watching her mother decline with Alzheimer's disease. Through heartfelt stories and reflections, she gives her readers a glimpse into the pain of seeing a loved one slowly fade away while at the same time looking for hope-filled moments along the way. Shelly expresses how joy and pain can co-exist and where to look when everything feels lost. And most of all, her experience shows how the bonds of family and unconditional love carried her through. This book isn't about the clinical part of the disease; it's about the heart and how to hold on through all the seasons of memory loss. Kevin Scott, Author, Leadership Expert, and Co-founder of ADDO. It's much easier to write fiction than to share a hard human story of love and loss for others to read. Shelly has brilliantly authored pages that share the hard and the good of loving someone fiercely while losing them slowly to Alzheimer's. Shelly is both honest and honoring with her words as she draws the reader into the journey of the one thing she feared most: her mother's diagnosis and slow decline due to Alzheimer's. Shelly's words paint a stunning picture of a brave and tender response to human suffering. Be moved in the reading of this beautiful remembrance. Cathie Ostapchuk, Author of *Brave Women Bold Moves*, Co-Founder and Lead Catalyst for Gather Women, Host of The Strong Way Podcast. *Tangles and Plaques* Susan Cushman, 2017-01-31. An equally funny and heartbreaking memoir of the author's journey with her mother through the devastation of Alzheimer's Disease.
