**Sharing Intimacy** Valerian J. Derlega, Alan L. Chaikin, 1975      *Derlega Valerian J. ... Sharing Intimacy* Valerian J. Derlega, Alan L. Chaikin, 1975      **Reading Like a Girl** Sara K. Day, 2013-06-03 By examining the novels of critically and commercially successful authors such as Sarah Dessen *Someone Like You* Stephenie Meyer the Twilight series and Laurie Halse Anderson *Speak* *Reading Like a Girl* Narrative Intimacy in Contemporary American Young Adult Literature explores the use of narrative intimacy as a means of reflecting and reinforcing larger often contradictory cultural expectations regarding adolescent women interpersonal relationships and intimacy *Reading Like a Girl* explains the construction of narrator reader relationships in recent American novels written about adolescent women and marketed to adolescent women Sara K Day explains though that such levels of imagined friendship lead to contradictory cultural expectations for the young women so deeply obsessed with reading these novels Day coins the term narrative intimacy to refer to the implicit relationship between narrator and reader that depends on an imaginary disclosure and trust between the story's narrator and the reader Through critical examination the inherent contradictions between this enclosed imagined relationship and the real expectations for adolescent women's relations prove to be problematic In many novels for young women adolescent female narrators construct conceptions of the adolescent woman reader constructions that allow the narrator to understand the reader as a confidant a safe and appropriate location for disclosure At the same time such novels offer frequent warnings against the sort of unfettered confession the narrators perform Friendships are marked as potential sites of betrayal and rejection Romantic relationships are presented as inherently threatening to physical and emotional health And so the narrator turns to the reader for an ally who cannot judge The reader in turn may come to depend upon narrative intimacy in order to vicariously explore her own understanding of human expression and bonds      *Communication, Intimacy, and Close Relationships* Valerian J. Derlega, 2013-10-02 *Communication Intimacy and Close Relationships* offers an account of the nature of intimate relationships and their effects on people's self concepts The development and maintenance of intimate relationships are examined along with people's motives and goals in pursuing intimacy the nature of social exchanges in intimate relationships and the consequences for individuals who find themselves socially isolated The critical role of communication in intimate relationships is given emphasis Comprised of seven chapters this book begins with a discussion on the role of self disclosure in intimate relationships as well as the risks that individuals incur when they self disclose The next chapter presents a cognitive interaction model of the nature of intimacy and intimate relationships within the context of cognitive social learning theory and a systems theory approach to communication The effect of people's motives on relationships is then considered together with the role of two fundamental human motives power and intimacy on love and friendship The remaining chapters focus on the importance of the identification process that is how people fix their own and others identities in social interaction in

developing relationships patterns of nonverbal exchange in close relationships how and why loneliness occurs and the nature of social exchange processes in intimate relationships The book concludes with an epilogue that provides a perspective on why people may find it difficult or easy to form intimate relationships This monograph should be a valuable resource for psychologists and sociologists **Catalog of Copyright Entries. **Love** Robert C. Solomon, 2010-12-08 Love our hearts yearn for it we fall into it or out of it we'll do almost anything to attain and keep it Those who have experienced the power of love whirl from its embrace It is delicious anguish gut wrenching pain and intoxicating allure Nations go to war over it crimes are committed to satisfy its demands lives are often ruined because of it and extraordinary feats of courage and sacrifice are performed in its name But beyond the clichés and greeting card platitudes do we really understand what love is and how it alters the way we think feel and behave Should love be viewed as little more than a lusty romp or is there more to it What is the relationship between love and romance caring concern compassion thoughtfulness sex and the many other components that our society jumbles together in this potent potpourri whose power can give strength to the weakest among us or turn powerhouses of strength into emotional mush It is precisely because love is such an important part of our lives that we owe it to ourselves to reach beyond overwhelming passion and the roadblocks of illusion to achieve real understanding of this extraordinary human phenomenon It won't always be easy in fact it's sometimes quite painful But the rewards are many for those who will risk exploring their own cherished attitudes about a subject that has held us in its grip for centuries and shows no signs of letting go Some of the topics covered are What I Feel in My Heart On the Alleged Origins of Romantic Love What Do I Want When I Want You Why Do I Love You The Importance of Being Honest Love Sex and Intimacy Beyond Sex and Gender What's So Good About Love

**Communication Yearbooks Vols 6-33 Set** Various, 2021-12-02 The Communication Yearbook annuals originally published between 1977 and 2009 publish diverse state of the discipline literature reviews that advance knowledge and understanding of communication systems processes and impacts across the discipline Topics dealt with include Communication as Process Research Methodology in Communication Communication Effects Taxonomy of Communication

and European Communication Theory Information Systems Division Mass Communication Research Mapping the Domain of Intercultural Communication Public Relations Feminist Scholarship Communication Law and Policy Visual Communication Communication and Cross Sex Friendships Across the Life Cycle Television Programming and Sex Stereotyping InterCultural Communication Training Leadership and Relationships Media Performance Assessment Cognitive Approaches to Communication     Social Skills Training and Psychiatric Nursing Owen Hargie, Patrick J. McCartan, 2025-09-17 When it was originally published in 1986 this book was one of the few to be written on social skills and mental health specifically for nurses Yet it is nurses who are uniquely placed to improve the skills of those with mental illness since it is they who often have most contact with patients or clients This book examines the place of social skills training in the practice of psychiatric nursing It provides relevant background to the evidence for limited social skills in psychiatric patients and the expanding role of the nurse and considers more practical elements such as selection and assessment of patients for a programme goal setting role play feedback and group versus individual approaches The book also analyses relevant skills themselves such as nonverbal communication and being assertive The book is aimed at both trained and student psychiatric nurses     *Tradition and the Poetics of Self in Nineteenth-Century Women's Poetry*, 2021-11-01 Tradition and how far writers fit into or diverge from the demands of tradition is one of the most debated issues in literary discussion Gender however is not often part of discussions which depend on such questions at the decisiveness of the Modernist break with the Victorian period or whether Postmodernism makes tradition meaningless By contrast the very existence of a specifically female tradition is still an urgent subject of debate and it is clear that many nineteenth century women writers were troubled in their search for literary foremothers This autobiographical impetus can be located in the work of each of the poets discussed in *Tradition and the Poetics of Self* Nineteenth Century Women's Poetry Elizabeth Barrett Browning Caroline Bowles Southey Emily Dickinson and Christina Rossetti An exploration of the self either in the abstract or in a more closely personal sense appears in a concern with the craft of poetry and the role of the poet in a teasing out of language as a marker of a personal encounter with the world in an adventurous play with genre and a rewriting of myth and in a bold confrontation with received notions of a woman's place Adventurousness marks the work of each of these poets and is a central focus of these essays     **Women and Romance** Susan Ostrov Weisser, 2001-07 Weisser English Adelphi U writes that her anthology is for anyone who is interested in understanding the conflicted but powerful female urge to experience the pleasure and endure the pain of romantic love In particular she explores the collision of pervasive media images of romance with feminist values of independence and self assertion Several dozen historic and contemporary works of criticism personal essays and letters by feminist and anti feminist thinkers consider changing images of romantic love and whether romance fundamentally weakens or empowers women Contributors include Jean Jacques Rousseau Charlotte Bronte Karen Horney Simone de Beauvoir Rita Mae Brown bell hooks Vivian Gornick and Carolyn Heilbrun c Book News Inc     *Handbook of Gender Research in*

*Psychology* Joan C. Chrisler, Donald R. McCreary, 2010-03-12 Donald R McCreary and Joan C Chrisler The Development of Gender Studies in Psychology Studies of sex differences are as old as the field of psychology and they have been conducted in every sub field of the discipline There are probably many reasons for the popularity of these studies but three reasons seem to be most prominent First social psychological studies of person perception show that sex is especially salient in social groups It is the first thing people notice about others and it is one of the things we remember best Fiske Haslam Stangor Lynch Duan Glass 1992 For example people may not remember who uttered a witty remark but they are likely to remember whether the quip came from a woman or a man Second many people hold firm beliefs that aspects of physiology suit men and women for particular social roles Men's greater upper body strength makes them better candidates for manual labor and their greater height gives the impression that they would make good leaders i.e. people we look up to Women's reproductive capacity and the caretaking tasks e.g. breastfeeding baby minding that accompany it make them seem suitable for other roles that require gentleness and nurturance Third the logic that underlies hypothesis testing in the sciences is focused on difference Researchers design their studies with the hope that they can reject the null hypothesis that experimental groups do not differ
