Smith, 2022-10-20 Jeanne Mammen's watercolour images of the gender bending new woman and her candid portrayals of Berlin's thriving nightlife appeared in some of the most influential magazines of the Weimar Republic and are still considered characteristic of much of the glitter of that era. This book charts how once the Nazis came into power Mammen instead created degenerate paintings and collages translated prohibited French literature and sculpted in clay and plaster all while hidden away in her tiny studio apartment in the heart of Berlin's fashionable west end. What was it like as a woman artist to produce modern art in Nazi Germany? Can artworks that were never exhibited in public still make valid claims to protest? Camilla Smith examines a wide range of Mammen's dissenting artworks ranging from those created in solitude during inner emigration to her collaboration with artist cabarets after the Second World War. Smith's engaging analysis compares Mammen's popular Weimar work to her artistic activities under the radar after 1933 in order to fundamentally rethink the moral complexities of inner emigration and its visual culture. The examination of Mammen's life and work demonstrates the crucial role women artists played as both markers and agents of German modernity but the double marginalisation they have nonetheless encountered as inner migrants in recent history. It will be of interest to students of German studies, art history, literature history, gender studies and cultural studies. *A Companion to Federico García Lorca* Federico Bonaddio, 2007 Lorca icon and polymath in all his manifestations *Surrealism and the Spanish Civil War* Robin Adèle Greeley, 2006-01-01 La obra es una nueva aproximación al tema de la respuesta de los artistas ante la guerra articulando la relación entre el esfuerzo artístico y la política durante periodos de crisis social.
