## **Protecting Children And Supporting Families Promising Programs And Organizational Realities:**

*Protecting Children and Supporting Families* Gary Cameron, Jim Vanderwoerd, Leslea Peirson, 1997-01-01      **Protecting Children and Supporting Families** Gary Cameron, Jim Vanderwoerd, Leslea Peirson, 1997-01-01 This book highlights encouraging news about programs that produce better outcomes for disadvantaged children and families It includes a comprehensive and up to date synthesis of the research evidence available on the effectiveness of these promising programs Particular attention is given to programs with a demonstrated potential to prevent child abuse and neglect and family breakdown      **Protecting Children and Supporting Families** Gary Cameron, Jim Vanderwoerd, Leslea Peirson, 1997-01-01

This book highlights encouraging news about programs that produce better outcomes for disadvantaged children and families It includes a comprehensive and up to date synthesis of the research evidence available on the effectiveness of these promising programs Particular attention is given to programs with a demonstrated potential to prevent child abuse and neglect and family breakdown      **Child Welfare: Issues in child welfare** Nick Frost, 2005 This collection focuses on child

welfare in its specific sense welfare and social interventions with children and young people undertaken by State bodies or NGO s The term child welfare is deployed differently in diverse international settings In the United Kingdom child welfare tends to refer to individualised programmes for children who have experienced problems in their lives In India to take a contrasting example it can also refer to major housing and nutrition programmes This collection takes an inclusive approach to international perspectives The collection is completed by a new general introduction by the editor individual volume introductions and a full index Titles also available in this series include Medical Sociology November 2004 4 Volumes 495 and the forthcoming collection Health Care Systems 2005 3 Volumes c 395      **Handbook of Child Maltreatment** Jill E.

Korbin, Richard D. Krugman, 2013-11-26 This Handbook examines core questions still remaining in the field of child maltreatment It addresses major challenges in child maltreatment work starting with the question of what child abuse and neglect is exactly It then goes on to examine why maltreatment occurs and what its consequences are Next it turns to prevention treatment and intervention as well as legal perspectives The book studies the issue from the perspective of the broader international and cross cultural human experience Its aim is to review what is known but even more importantly to examine what remains to be known to make progress in helping abused children their families and their communities

**Shattered Bonds** Dorothy Roberts, 2009-02-23 The story of foster care in the United States is the story of the failure of the social safety net to aid poor largely black parents in their attempt to make a home for their children Shattered Bonds tells this story as no other book has before from the perspective of a prominent black female legal theoretician The current state of the child welfare system in America is a well known tragedy Thousands of children every year are removed from their parents homes often for little reason other than the endemic poverty that afflicts women and children more than any other group in the United States Dorothy Roberts an acclaimed legal scholar and social critic reveals the racial politics of child

welfare in America through extensive legal research and original interviews with Chicago families in the foster care system. She describes the racial imbalance in foster care, the concentration of state intervention in certain neighborhoods, the alarming percentages of children in substitute care, the difficulty that poor and black families have in meeting state standards for regaining custody of children placed in foster care, and the relationship between state supervision of families and continuing racial inequality.

**The Child Welfare Challenge** James K. Whittaker, 2017-07-12 Within a historical and contemporary context, this book examines major policy, practice, and research issues as they jointly shape child welfare practice and its future. In addition to describing the major problems facing the field, the book highlights service innovations that have been developed in recent years. The resulting picture is encouraging, especially if certain major program reforms are implemented and agencies are able to concentrate resources in a focused manner. The volume emphasizes families and children whose primary recourse to services has been through publicly funded child welfare agencies. The book considers historical areas of service: foster care and adoptions in home, family-centered services, child protective services, and residential services where social work has an important role. Authors address the many fields of practice in which child and family services are provided or that involve substantial numbers of social work programs, such as services to adolescent parents, child mental health, education, and juvenile justice agencies. This new edition will continue to serve as a fundamental introduction for new practitioners as well as a summary of recent developments for experienced practitioners.

**Child Welfare for the Twenty-first Century** Gerald P. Mallon, Peg McCartt Hess, 2014-02-18 The Adoption and Safe Families Act (ASFA), which became law in 1997, elicited a major shift in federal policy and thinking toward child welfare, emphasizing children's safety, permanency, and well-being over preserving their biological ties at all costs. The first edition of this volume was the earliest major social work textbook to map the field of child welfare after ASFA's passage, detailing the practices, policies, programs, and research affected by the legislation's new attitude toward care. This second edition highlights the continuously changing child welfare climate in the U.S., including content on the Fostering Connections Act of 2008. Gerald P. Mallon and Peg McCartt Hess have updated the text throughout, drawing from real-world case examples using data obtained from the national Child and Family Services Reviews and emerging empirically based practices. They have also added chapters addressing child welfare workforce issues, supervision and research, and evaluation. Divided into four sections: child and adolescent well-being; child and adolescent safety, permanency for children and adolescents; and systemic issues within services, policies, and programs, this newly edited volume provides a current understanding of family support and child protective services, risk assessment, substance and sexual abuse issues, domestic violence issues, guardianship, reunification, kinship, and foster family care, adoption, and transitional living programs. Recognized scholars, practitioners, and policy makers also discuss meaningful engagement with families, particularly Latino families, health care for children and youth, including mental health care, effective practices with LGBT youth and their families, placement stability, foster parent recruitment, and

retention and the challenges of working with immigrant children youth and families      The Child Welfare Challenge  
,2017-07-28 This newly revised and updated edition of a widely adopted text continues to address a broad array of issues in supporting children and strengthening families It includes key information about federal legislation as well as policy related outcomes research in child welfare The first edition of The Child Welfare Challenge was hailed by Social Work as an excellent source from which to gain an in depth understanding of the practice and policy dimensions of child maltreatment foster care and adoption and by the Journal of Sociology and Social Welfare as essential reading for anyone interested in knowing more about child welfare practice in social work Within a historical and contemporary context this book examines major policy practice and research issues as they jointly shape current child welfare practice and possible future directions In addition to describing the major challenges facing the child welfare field the book highlights some of the service innovations that have been developed as these could be used to help address some of these challenges In child welfare the focus is on families and children whose primary recourse to services has been through publicly funded agencies The contributors consider historical areas of service foster care and adoptions in home family centered services child protective services and residential services in which social work has a legitimate long standing and important mission This is a comprehensive book but one that appreciates the fact that many areas such as daycare and early intervention invite exploration It is unique in that each chapter describes how policy initiatives and research can or should influence program design and implementation

**Organizational Change in the Human Services** Rebecca Ann Proehl,2001-08-15 Organizations today whether public or private exist in environments where the pace of change is dizzying Human service organizations face both external and internal challenges The public demands better services at more reasonable costs Clientele is more diverse more stratified and more vocal than ever The organizations themselves must keep up with rapid changes in technological innovation and labor management relationships Organizational Change in the Human Services looks at the context of organizational change describes how individuals and systems change and pinpoints keys to successful change Author Rebecca Proehl then presents a proven model of organizational change built on lessons learned from both the public and private sectors but tailored for human service organizations Proehl also discusses in depth labor union management issues the political strategies leaders must use to implement change and how to build collaborative relationships in human services Full of examples of successful change projects within human services the book emphasizes understanding the skills and tools needed for successfully leading and implementing change As a special feature case studies organizational assessments and inventories and exercises that can help the reader to adapt the change model to their own organization are included Practicing managers in the human services will find this book a necessary guide to leading and implementing change in their organization It will also make a useful text for advanced courses in human services administration and management      **Promoting Family Wellness and Preventing Child Maltreatment** Isaac Prilleltensky,Geoffrey Brian Nelson,Leslea Peirson,2001-01-01 Deals with the

promotion of emotional well being in families and the prevention of child maltreatment Values policies and resources are examined as both facilitators of and barriers to effective action      Theoretical Perspectives for Direct Social Work Practice Nick Coady,2007-10-22 Print CourseSmart      Theoretical Perspectives for Direct Social Work Practice Nick Coady, PhD,Peter Lehmann, PhD, LCSW,2016-05-15 This expanded third edition of a popular textbook provides a completely revised and updated overview of the theories models and therapies that inform direct social work practice The text is grounded in generalist social work principles and values and promotes a problem solving model of social work practice as a framework for the eclectic use of theory as well as for integrating the artistic reflective elements of practice It provides in depth coverage of select psychodynamic cognitive behavioral humanistic critical and postmodern theories The third edition features a new section on Critical Theories where a new chapter on Empowerment Theory is included with a completely revised chapter on Feminist Theory A new chapter on Strengths based Social Work has been added to the section on meta theories for social work practice Other new chapters include Emotion focused Therapy and Collaborative Therapy These revisions are based on suggestions from an extensive survey of professors New to the Third Edition A new section on Critical Theories New chapters on Strengths based Social Work Emotion focused Therapy Empowerment Theory and Collaborative Therapy Updated research on the debate about the importance of theory technique versus common e g relationship factors and on the critique of the empirically supported treatment movement Key Features Grounds direct practice firmly in the principles and values of generalist social work Promotes a problem solving model of social work as a flexible structure for integrating the eclectic use of theory with the artistic reflective elementsof practice Organizes direct practice theories into like groupings and provides an overview of the main characteristics of each grouping Provides in depth coverage of topics in a clear logical and consistent format Includes editors and contributors from the U S and Canada      *Clinical Practice with Families* Michael Rothery,George Enns,2014-01-21 Encourage creative change in troubled families Clinical Practice with Families Supporting Creativity and Competence presents the most important and useful contemporary ideas in family therapy from many diverse traditions By organizing eclectic concepts within one basic powerful framework it makes these ideas more accessible and effective in practice Instead of exploring these ideas in the abstract Clinical Practice with Families illustrates them with in depth case examples that include detailed studies of the client family s history and traditions extensive analyses of the family system and actual dialogue from sessions along with the therapist s comments on shifting alliances and other unspoken occurrences No other technique could better demonstrate the practical integration of therapeutic skills and concepts to meet the clients needs Clinical Practice with Families offers insight and ideas for practicing family therapists in such essential areas as negotiating flexible appropriate boundaries between family members and between yourself and your clients constructing ecomaps of a client s support systems and stressors identifying four kinds of supports helping the client reinterpret family traditions enabling clients to break the pattern of old narratives encouraging clients to set realistic

achievable goals Clinical Practice with Families offers a powerful set of techniques and ideas in a clear understandable framework Illustrated with helpful charts and figures it offers senior students and practicing family therapists an opportunity to take a structured approach to contemporary theory and understand its implications for practice Effective Participatory Practice Marie Connolly, Margaret MacKenzie, 1998-12-31 In 1989 New Zealand formalized the social work trend toward involving the family in child protection decision making processes Central to this legislation is the Family Group Conference based on indigenous Maori decision making practices Connolly social work U of Canterbury New Zealand and McKenzie community and family studies U of Otago New Zealand discuss the social construction of family decision making the country's experience with this empowering model international adaptations and the necessity of a sound theoretical basis which they provide in their Effective Participatory Practice model exemplified in two case studies Annotation copyrighted by Book News Inc Portland OR

**Encyclopedia of Canadian Social Work** Francis J. Turner, 2009-07-23 All of us as Canadians are touched throughout our lives by some aspect of social welfare either as recipients donors or taxpayers But despite the importance of the social network in our country there has been no single source of information about this critical component of our society Even professionals in the field of social work or social services have not had a comprehensive volume addressing the myriad features of this critical societal structure The Encyclopedia of Canadian Social Work fills this need Over five hundred topics important to Canadian social work are covered written by a highly diverse group of social workers covering all aspects of the field and all areas of the country Practitioners policy makers academics social advocates researchers students and administrators present a rich overview of the complexity and diversity of social work and social welfare as it exists in Canada The principal finding from this project underscores the long held perception that there is a Canadian model of social work that is unique and stands as a useful model to other countries The Encyclopedia of Canadian Social Work will be an important source of information both to Canadians and to interested groups around the world The Encyclopedia of Canadian Social Work is available in e book version by subscription or from university and college libraries through the following vendors Canadian Electronic Library Ebrary MyiLibrary and Netlibrary

**Understanding Child and Family Welfare** Marie Connolly, Kate Morris, 2011-12-19 How do workers around the world balance risk and support to ensure that their practice meets the ever changing needs of children and their families Renowned authors Marie Connolly and Kate Morris join forces to explore the frameworks and ideas which have shaped contemporary child and family welfare practice From definitions of abuse to assessment models they examine the knowledge base which lies at the heart of safe and effective statutory practice with children and families Drawing on examples from a range of English speaking jurisdictions the book explores How to engage families including participatory approaches and the role of the Family Group Conference How to create positive out of home environments for children discussing foster kinship and residential care and adoption settings How to improve professional decision making through supervision and other organizational frameworks At a time

when child welfare systems across the globe are undergoing review Understanding Child and Family Welfare provides a timely exploration of the reform agendas which will shape future practice With sharp analytic insights into the difficulties and dilemmas which characterize this field it is fundamental reading for all students studying child and family support or child protection as well as for practitioners working within children and family settings **Creating Compassionate Foster**

**Care** Janet Mann,Molly Kretchmar-Hendricks,2017-06-21 Principles of effective foster care are rooted in personal narratives drawn from over 20 years of experience of social care work With innovative care models and compelling case studies the authors reflect on current principles and practice while identifying and recommending the need for change in certain areas

Social Work Practice with Families and Children Anthony Maluccio,Barbara Pine,Elizabeth M. Tracy,2002-09-11 This book emphasizes family centered social network and school based interventions in the preparation of social workers for direct and indirect practice with clients from vulnerable populations especially the poor people of color and recent immigrant groups With an eye to recent changes in social work practice and service delivery including the impact of welfare reform and managed care on vulnerable families and children Social Work Practice with Families and Children helps social work students and practitioners understand the increasingly complex needs of their clients Three valuable appendixes include information about tools and instruments to support practice child welfare resource centers and electronic resources pertaining to the field The Partnership Model in Human Services Rosalyn Benjamin Darling,2005-12-11 This book

provides students and practitioners with a theoretical and methodological foundation for implementing client and family centered partnership approaches in human services Unlike other texts in the field the author integrates the principles and practices of sociology with applied work in the helping professions and shows how key sociological concepts can be used to explain the nature of clients perspectives and expand client opportunities
